

## ATTORNEY MAY REDUCE COSTS

WASHINGTON, March 10.—Job hunters seeking places in the department of justice will have to wait according to a policy outlined today by Attorney General Daugherty, who said he proposed to make changes in the personnel of his organization slowly. He estimated that the department would replace Democratic incumbents in many places of importance eventually.

The trend of effort of his administration, he indicated, would be directly toward a reduction in expenditures. He added that he hoped for a lowered cost in the administration of the department.

In a statement to newspapermen he expressed the belief that there would be a decrease in crime as conditions following the war gave way to normal.

"This department must render a service of justice to all," he said. "There will be no 'spite' suits filed so long as I am in charge and there will be no attempt to embarrass any interest. I hope for less litigation."

With respect to political plums Mr. Daugherty declared his intention to continue in their places all prosecuting officials whose appointments were of a nature that would carry through two or three years.

## Oil Fire Averted in Standard Oil Plant

NEW YORK, March 10.—Effective fire fighting today thwarted a repetition of the disastrous oil fire that swept the Standard Oil company in Brooklyn in September, 1919.

Flames that for a time threatened to lay waste scores of 25,000 gallon tanks broke out at 10 o'clock but before 3 p. m. firemen had restricted the conflagration to five tanks and had stopped its spread.

The unofficial estimate of the damage was \$150,000. Six firefighters were seriously burned. The fire started, it was understood from the ignition of overheated liquid flowing from the stills.

## DEFENSE ENDED IN HOUGH CASE

SPOKANE, Wash., March 10.—The fate of Jay E. Hough, junior member of the defunct bond house of Milholland and Hough, which is alleged to have embezzled James P. Callahan, wealthy mining man of Wallace, Idaho, of about \$400,000, is expected to be decided in the hands of a jury tomorrow. Defense testimony was completed today as was rebuttal by prosecution.

The specific charge against Hough is the alleged forgery of Liberty bonds. Montana, improvement bonds to the sum of \$50,000, which were sold to Mr. Callahan.

Argument tomorrow by a court ruling will be limited to two hours. Handwriting experts were

called by the defense today. Hough maintains that he forged the bonds only after his life had been threatened by his late partner, John B. Milholland.

A second motion for an instructed verdict from the bench to the jury to find Hough not guilty was overruled by Superior Judge Hencke, sitting on the case.

Mr. Callahan, declared loser because the bond firms alleged perjury has been present at the trial since it started. He was the first witness called by the prosecution and related his dealings with Milholland and Hough.

## Former Nebraska Man Dies in Salem

Funeral services for Albert E. Wilson, who died Wednesday night at a local hospital, will be held today at 2 o'clock from the Rigdon chapel, Rev. Blaine E. Kirkpatrick in charge. Interment will be in City View cemetery. Besides his wife, Mrs. Eva Wilson, deceased leaves his parents, Mr. and Mrs. J. H. Wilson and two brothers, Fred C. Wilson of Kimberly, Idaho, and Henry H. Wilson of Salem. He came to Salem last summer from Chambers, Neb.

Mr. Wilson was a member of the Modern Woodmen of America and Modern Brotherhood of America lodges.

He was 49 years old.

## HIGHWAYS MAY BE ADVERTISED

PORTLAND, Or., March 10.—Photographing Oregon's scenic highways from airplanes and the use of the prints for advertising purposes to attract tourists was suggested to the state highway commission today. The idea appealed to its members as meritorious, but whether any of the commission's funds may be diverted lawfully toward this was doubted.

It was the opinion of the members that ways may be found of cooperating with other state departments in capitalizing the idea for the state's benefit. The matter was held under advisement.

The commission today discussed matters brought to its attention by delegations from various counties, and the probabilities are that it will be Saturday before the table is cleared. Some important decisions will be reached before adjournment comes.

Only a few counties in Oregon, which, because of small population and absence of taxable wealth are unable to pay their share toward the improvement of state highways, will state the requirements of the state highway commission that all counties must bear the burden equally with the state.

**CHINESE IS HANGED.**  
RAWLINS, Wyo., March 10.—Vee Geow, a Chinese tong man 22 years old, will be hanged at the state penitentiary here between 2 and 3 o'clock tomorrow morning. Geow shot and killed Thos. Holland and John Federsien on September 19, 1920.

During the past few days pleas for clemency have been sent to Governor Carey. A committee of physicians reported he was sane.

## GOMPERS WARNS UNION ENEMIES

CAMBRIDGE, Mass., Mar. 10.—Samuel Gompers tonight in an address voiced organized labor's opposition to wage reductions and the open shop movement. He warned "enemies of rational labor unionism" against driving too hard a bargain of wage revision; said that labor regarded aspiration as a guarantee under the constitution and interpreted that in terms we wait more.

He asserted that the open shop was simply a subterfuge to close shops against labor unionists and added that the men of labor having fought to protect the country and themselves against a political autocracy would not submit to an industrial autocracy.

"It is of considerable interest," he said, in discussing the open shop movement, "to find employers, or many of them, organized in associations and spending large sums for protecting employees in their freedom. History demonstrates no such care of master for his slaves. I submit for your thought whether the national association of manufacturers, the National Erectors' association, the Chambers of commerce which have launched the campaign, conducting it with advertising against the closed shop, are seeking to protect employees in their right not to join a union."

"The effort now being made by some to make strikes unlawful will fail. To make the cessation of work a crime will react on the authors of such a proposition and do more to shake the faith of the people in the freedom of our institutions than aught else."

## PACKING HOUSE WORKERS VOTE ON STRIKE

Strike ballots will be mailed immediately from Chicago and the final result is expected to be known by next Wednesday. The executive board is given full authority in the resolution adopted by the conference to call and conduct a strike if a referendum vote authorizes it.

All locals are warned to refrain from calling a strike or taking other action pending issuance of a general order.

WASHINGTON, March 10.—The position of the packing house employees as regards the wage reductions announced by the packers was embodied in a memorandum left at the White House today by Frank Morrison, secretary of the American Federation of Labor. President Harding was receiving members of the diplomatic corps and Mr. Morrison left the memorandum with Mr. Harding's secretary, George B. Christian, who said he would call it to the president's attention.

The president earlier had received a telegraphic appeal from the Meat Cutters and Butchers' unions, who asked that he prevent the wage reductions and changed working conditions becoming effective Monday as proposed by their employers. The telegram, as a matter of routine, was referred to the department of labor.

After the ceremony a salute was fired by the guns in the fortress

## Changes in Football Rules to be Considered

NEW YORK, March 10.—Suggested changes in football rules to be considered at the annual meeting of the intercollegiate football rules committee here tomorrow include:

That an extra period be played in case the game ends in a tie.

That a forward pass, grounded behind the line of scrimmage, shall become a free ball.

That a game shall be based on a certain number of plays instead of a certain number of minutes.

That after a safety has been scored play shall be resumed on the 40-yard line instead of the 20-yard line.

That the kick for goal after a touchdown shall be eliminated.

That numbering of players shall be compulsory.

**Flip of Coin Gives Husband Right to Sue**  
NEW ORLEANS, La., March 10.—The flip of a coin in the civil district court today decided that E. A. Allegre, son of a prominent Louisiana cotton man, should be allowed to file his petition for divorce before that of his wife.

Lawyers representing Mr. Allegre and Mrs. Allegre staged a race for the office of the clerk of the court that resulted in an even break. Clerk O'Neal was puzzled; so was Judge King. Both attorneys claimed to be first. Witnesses declared it a draw.

Selecting a 5-cent piece, the judge flipped it, covered it with his hands and asked the attorneys to choose heads or tails. The husband's attorney won.

and church bells were rung. State carriages conveyed the bride and groom and their relatives and guests through decorated streets to the palace where a reception was held.

## HOOP TOURNEY STARTS WITH FEELING HIGH

team. Hobson of the Franklin team did what was probably the best shooting on the floor, and he succeeded in securing the majority of the counters for the Portland team. His honors must be shared with King and Achen of the Woodburn five.

In the opening contest in the evening Baker defeated Molalla 25 to 17.

Their game was one of the most keenly contested during the day. At the end of the first half the score stood 11 in favor of Molalla to 10 for Baker. Baker was able to gain the lead by a series of long shots. Stoddard, the Baker forward, distinguished himself by his accurate tossing, while Ridings, the Molalla forward, accredited himself well.

Marshfield defeated Heppner by a score of 44 to 19. Although the game was decided from the beginning it did not attract the keen interest which was exhibited in the others.

## Game Long in Doubt

In the final game Eugene, after a hard fight, humbled the fast Ashland team by a score of 24 to 20. From the beginning whistle to the last the game was in doubt and both teams worked hard for the title. Eugene's careful and exact passing and its five-man defense won the game. There were no stars on either side, both teams working as single machines.

Yesterday's contests show Salem high school, Eugene high school, and McMinnville high as the most promising teams for the state title. Should Jones of the Salem team be taken out, the locals will work under a great handicap, as they have already lost Rex Adolph, one of their most promising men who is unable to participate because of an infected foot.

## Salem and Eugene Bitter

The contest between Salem and Eugene will be one of the most keenly contested games of the tournament for it is generally felt that the school which is successful will stand the best chance for the state title. When it was announced last night that the two rivals were to meet today the armory fairly rang with cheers of the Salem students who are especially anxious to defeat Eugene because of the controversy which has kept the two schools separated since about two months ago. Should either school refuse to play because of the fact that they have severed school relations they automatically forfeit their claim to the championship. That action is not anticipated, however, particularly on Salem's part, for the Salem students are very anxious to meet the visitors, and it is understood the feeling is reciprocated by Eugene.

Despite the fact that games are being played in this tournament which are better than Salem has ever had the opportunity to see, the local people are not supporting the Willamette management, according to a statement made by Coach Mathews last night.

## Seattle 1922 Meeting Place For Printers

FRESNO, Cal., March 9.—Seattle will be the convention city of the Pacific coast allied printing trades conference in 1922. After a lengthy contest between delegations from three cities in the securing of the second convention Seattle won over both San Francisco and Los Angeles at the convention here today.

Among the resolutions passed was one favoring the 44-hour week fight which is now being made by the national allied printing trades council. A second resolution favored the immediate installation of cooperative printing plants in the various coast cities to be run by the unions themselves. Another resolution bitterly condemned the employing printers' organizations for their breaking faith with the men and in refusing to consider the adoption of a 44-hour week for the employees.

## THIRD KILLED IN FEUD.

CHICAGO, March 10.—The political feud which has held the nineteenth ward in terror for weeks claimed its third victim today when the body of an unidentified man who had been beaten to death was found near the home of Alderman John Powers. The alderman was recently re-elected after a bitter campaign marked by violence and bombing. Sixty suspects taken in connection with the assassination of Paul Labriola and Harry Raymond who were killed Monday were in custody today but the officers were frustrated at every turn by the veil of secrecy thrown over the killings.

Labriola and Raymond were lieutenants of Alderman Powers.

## HARDING'S SPEECH LIKED

LONDON, March 10.—In an interview given to the London Times correspondent at Barcelona yesterday, Gabriel Hanotaux, former French minister of foreign affairs and presiding officer of the international conference on communications and transit, in session there, said:

"My impression of President Harding's inaugural address is excellent. In my speech tomorrow I will comment on his statements. 'We cannot sell where we do not buy and we cannot sell successfully where we do not carry.'"

"Thus our work here continues the president's thought. The league in a general way is carried on too high a plane. The superstitious idea of the league is responsible for much misunderstanding and the backbone of the dissent in America. I am not surprised that many friends of the league think article ten might have been dropped."

## PRINCE OF WALES ATTENDS PARLIAMENT AS GUARDSMAN

The opening of the British Parliament in London is always attended with the pomp and ceremony of olden times. The Prince of Wales might almost be said to be wearing a disguise as the photo shows him leaving the Houses of Parliament after the ceremonies. He is wearing the uniform of an officer of the Royal Guards, quite easily distinguished by the hat.
