

By MOLLY BRUNK

Society

In the absence of both president and vice-president, Mrs. William E. Kirk acted as the chairman at the March meeting of the Salem Woman's club Saturday afternoon in the auditorium of the Commercial club. Nominations for officers were in order, and will be again at the April meeting, which will be one of the most interesting and important meetings of the year, marking as it will the twentieth anniversary of the founding of the club. It is expected that the first president, Mrs. T. T. Geer, who now resides in Portland, will be present, and that nine of the charter members at present in the city will also be in attendance.

A violin solo by Miss Iva Claire Love was a single musical offering of Saturday afternoon, tea following the talk by Arthur Underhill, landscape architect of Portland. At this latter hour Mrs. Richard Cartwright and Mrs. John L. McNary poured, and were assisted in serving by Mrs. T. C. Smith, Jr., Mrs. Harry Hawkins, Mrs. Curtis Cross and Mrs. W. C. Dyer.

A letter from Mrs. Ida B. Callahan, president of the Oregon

Federation of clubs, was read, urging personal sacrifice for every member in the interest of the Near East Relief. The club voted to endorse this and give individual support.

Another letter from Madam E. Guerin, known as "The Poppy Lady," of France, was read. This called attention to the National Convention of the American Legion in Cleveland last fall, in which the following resolution was passed: "Be it resolved, by the American Legion in convention assembled that the movement to have the poppy adopted as the memorial flower of the American Legion be endorsed."

Madam Guerin is in France superintending the making of millions of the red silk poppies by the widows and daughters of French soldiers, close to the battlefields, and it is her wish that every American wear one of the poppies on May 30th.

A committee from the Woman's club, composed of Mrs. R. J. Hendricks, Mrs. William Stager, Mrs. Charles S. Weller and Mrs. F. B. Southwick was named to confer with similar committees from various other organizations concerning the matter.

Interesting to a large coterie of Salem friends is the announcement of the marriage of Miss Mina Hubbs to F. V. Threadgold, of Silverton, which took place at the home of the bride's mother, Mrs. Laura Hubbs, in Silverton, Saturday morning. Only immediate relatives were present.

Miss Hubbs, who has been an instructor in the Salem schools for several years, recently resigned her position, her engagement being announced at that time.

After a wedding tour, Mr. and Mrs. Threadgold will return to Silverton to take up their residence, where the former is identified with the Silver Fall Timber company.

The various circles of the Ladies' Aid society of the First Methodist church will meet tomorrow afternoon at 2:30 o'clock at the following places: Mrs. A. Lee, 1515 State street; Lucy Anna Lee; Mrs. H. H. Vandervort, 435 North Winter street, East Central; Mrs. Heisler, 470 North 18th street; Naomi; Mrs. J. G. Reigelman, 940 Mill street, Yew Park; Mrs. R. C. Halley, 240 S. 21st street, South East; Mrs. Mrs. Ronald C. Glover, 635 North Commercial street, West Central; Mrs. Graham, 461 South High street, South Central.

The first engagement to be a clear complexion

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients, a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit, 15c and 30c.

Word has been received from Miss Carter Kunev, with a Tangiers, Africa, date line. Miss Kunev sailed for Europe last June, stopping first in Paris, and later going to Spain, where she has been taking special work at a leading Spanish university.

She is at present on her way home, and expects to reach Salem sometime in July.

The members of the local chapter of the P. E. O. Sisterhood will assemble Thursday afternoon in regular session at the apartments of Mrs. H. E. Bolinger, at The Court.

Mrs. E. E. Fisher will go to Portland this morning for a several days' stay.

Dean Francis M. Richards will entertain with a tea Thursday afternoon in Lausanne Hall, between the hours of two and five o'clock, her guests to be the wives of the faculty and feminine faculty members.

Mrs. Mark Hathaway entertained as her guest over the week end at the Gamma Phi Beta house in Corvallis, Miss Alma Lux, a sorority member from the University of Kansas, who is in Salem this winter. Both went over for the opening of the new wing of the Home Economics building, and to be present at the initiation of new members into their sorority.

Mr. and Mrs. Warren Saturday night and will spend a fortnight in Salem, visiting at the homes of Mrs. Upps' nieces, Mrs. E. T. Barnes, Mrs. Frank Power, and her nephew, J. H. Baker.

The Pythian Sisters have indefinitely postponed their St. Patrick's entertainment which was to have been held in their hall in the McCormack building this afternoon.

Buildings Construction Is Authorized by Board

At a meeting of the building committee of the state fair board yesterday the construction of a new poultry exhibit building and

QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts if Your Back Hurts or Bladder Troubles You

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the blood pure, thereby avoiding serious kidney complications.—(adv.)

formally announced at a local sorority house, was made known Sunday morning, at a charmingly appointed breakfast at the Beta Chi house, Prof. and Mrs. E. C. Richards presiding as hosts. The principals were Miss Sibyl Smith, a senior of Vancouver, Wash., and Paul Wise, also a senior, formerly of Sunnyside, Wash.

The engagement is resultant from a college romance. Both fiancée and fiancé are very popular at Willamette. Miss Smith, who is a most attractive girl, is president of the University Y. W. C. A.; a prominent member of the Chiondoan society and last semester served as president of her sorority. Mr. Wise is a Sigma Tau man.

The engagement was told in a very pretty manner. Following the first course, small Dorothy Nash, a veritable daffodil in her yellow frock, entered carrying a big armful of daffodils, which she distributed to the guests, each flower having attached a replica of the Sigma Tau pin, on which the two names were written.

Large clusters of jonquills and daffodils centered the two tables around which covers were laid for the 25 Beta Chi house and city members.

Mrs. Alice H. Dodd returned home last night from a short stay in Albany.

Mrs. E. Weiser of Seattle, arrived in Salem Sunday, after an all winter's absence, and will remain here at least two months.

A most interesting visitor in Salem is Mrs. H. V. Matthews, of Warsaw, N. Y., who arrived last week and will remain on an extended visit, being the house guest of Miss Mattie Beatty. Mrs. Matthews came to Salem from Seattle, where she spent the winter. She is a former resident here, and has a great many friends to extend her a cordial welcome.

Miss Grace Fawn returned on Sunday night from Seattle, where she spent several weeks as the house guest of Miss Lucy Holt, at the home of her parents, Dr. and Mrs. George W. Holt, former Salem folk. Numerous interesting social affairs made Miss Fawn's stay pleasant. Miss Holt, possessing many friends among the college set, being a University of Washington student.

Saturday Mrs. O. A. LaCourse was a delightful hostess, entertaining for the pleasure of a group of young Portland folk, the men being members of the Lincoln high basketball team. Her contribution was a luncheon. Five covers were laid, around a table attractively centered with varicolored fruit.

Places were arranged for Miss Helen North, Miss Lisette Cannon, Orrin Carr and William Poulson.

Miss Gertrude Walling, recently returned from an extended sojourn from New York city, left yesterday for Portland, where she has accepted a position.

Word has been received from Miss Carter Kunev, with a Tangiers, Africa, date line. Miss Kunev sailed for Europe last June, stopping first in Paris, and later going to Spain, where she has been taking special work at a leading Spanish university.

LUMBER MILLS ARE SHUT OUT

Coleman of Loyal Legion Tells Why Northwest Manufacturers Lose

ARBITRARY DECREE HIT

Resumption of Building and Restoration of Parity Is Held Necessary

The northwest lumber manufacturers are shut out from a share in the revival of business in the east mainly by prohibitive freight rates, and that there can be no normal resumption of northwest lumber business until these rates adjust, is the statement of Norman F. Coleman, president of the Loyal Legion of Loggers and Lumbermen.

Mr. Coleman cites two factors necessary to a return to normal production—the resumption of building activity and restoration of parity between northwest fir and southern pine in the principal domestic markets for lumber.

Two Factors Named

"An adjustment of the present freight rate is indispensable," says Mr. Coleman. "Revival of the lumber industry in the northwest depends mainly upon two factors."

"First, resumption of building and construction in the east and middle west, the principal market for northwest lumber, and second, a freight rate which will enable lumber manufacturers in the northwest to compete with southern manufacturers in those markets."

"Of late there has been a marked revival in the building industry through the east, following an extensive deflation in prices both of labor and material used in this industry."

Counter Proposal Considered

"In response to demands for a lower rate, one proposal has already been made, following a hearing before the interstate commerce commission, but this has been declared inadequate by Pacific coast shippers. A counter proposal is now being considered. Meanwhile a plan is on foot to establish a lumber terminal at some Atlantic port, which would serve as a distributing point for lumber shipped east by water. The manufacturers in the northwest are determined not to see their operations closed and half of our working population thrown into idleness through an arbitrary decree on freight rates."
