

# FEALTY SHOWN TO REPUBLIC

## New York Irish Demonstrate Bitterness Toward England

### RAINBOW VETS MARCH

### St. Patrick's Day Celebration Turns Into Protest

NEW YORK, March 17.—Turning their annual St. Patrick's day celebration into a mammoth demonstration...

Onstration of fealty for the "republic of Ireland" and bitterness toward England, thousands of New York's Irish marched up Fifth avenue today in a three hour parade. They were watched by tens of thousands along more than 70 blocks of the avenue. The Rainbow division, veterans of the 69th national guard regiment, known as "the fighting Irish," marching in tow service uniforms and carrying rifles, held the place of honor. Fluttering above them were the Stars and Stripes, the regimental standard and blue six banners with rainbow centers, while for miles organizations and bands came tramping along with the green, white and gold flag of the "Irish republic." This tri-color replaced almost entirely the green banner with golden harp inscribed "Erin Go Bragh," so numerous in past processions. The paraders were reviewed by Mayor Hylan, former Governor Smith and a number of Catholic clergy.

Women Take Part. Some of the most stinging sentiments against England were carried by women's organizations. One poster read: "England, damn your concessions — we want our country," and another described "English civilization in the 20th century" as "the torch, the bullet, the scaffold." "We want no Anglo-Saxon caste in the United States," declared another. Behind it came a statement that "a true American is a true Sinn Feiner." Lieutenant Colonel Alexander E. Anderson, who was grand marshal of the parade characterized it as a "solemn and dignified protest against what is happening in Ireland." A placard carried by marchers which read: "As much religion as like from Rome, but no politics," brought protests to the committee in charge of the parade from Monsignor Livingston, who was described as the official representative of Archbishop Hayes and Father Duffy. The committee disclaimed all responsibility for the poster, stating that it was slipped into the line surreptitiously. "I know that the committee was not responsible," Monsignor Livingston said, "and realize that irresponsible persons slipped it into line. Let the incident drop."

# STRIKE VOTE IS EXPECTED

## Union Officials Look For Unanimous Ballot Favoring Walkout

### DAVIS IS APPEALED TO

### Return of War-time Arbitration Agreement Is Asked For

CHICAGO, March 17.—An almost unanimous vote in favor of a national strike in the packing industry was cast throughout the country, according to union officials who began to count the ballots tonight. Definite returns are not expected before tomorrow. "Chicago, Kansas City and Omaha night shifts and others were still voting today," said Dennis Lane of the Amalgamated Meat Cutters and Butcher Workmen union, "but I have information that the sentiment seems unanimous in favor of a strike in the event that the government fails to have the packers return to the war-time arbitration agreement." Mr. Lane sent a message to Secretary of Labor Davis repeating charges that the packers were trying to precipitate a premature strike and that they had threatened to discharge employees who failed to support the industrial democracy plan recently put in effect by Armour and company. Mr. Lane appealed to Secretary Davis to use his influence to prevent an open break before the conference at Washington Monday. The packers denied both of Mr. Lane's charges. Union leaders declared that the only issue they would present would be a demand for restoration of the war-time arbitration agreement cancelled by the packers February 26.

# Babies Die Fast In Irish Milk Famine

Irish children of devastated district eating scanty out-door meal. It is to help these sufferers that relief committee is now at work.

WITH the wide spread destruction of Ireland's cooperative creameries has come an alarming increase in the death rate of infants—particularly in the cities. Ireland's cooperative creameries have been the backbone of Irish agricultural prosperity. They were started some years ago by Sir Horace Plunkett. As his organizer, he selected George Russell (A. E.) the distinguished writer, poet and mystic. Mr. Russell proved a superlative organizer. He bought a second hand bicycle and rode out through the country preaching cooperation. Creameries sprang up all over Ireland until they numbered about one hundred, each owned by the farmers in its neighborhood. As a result Ireland's exports of dairy products increased by leaps and bounds. During the past year half of these creameries have been destroyed and in large sections of the country the farming population faces ruin. In many places butter has become a luxury out of the reach of the average family. The widespread burning of haystacks and the shooting of cattle have completed the devastation of the dairy industry and caused a milk famine in Irish cities. The American Committee for Relief in Ireland, with headquarters at 1 West 34th St., New York, is raising funds to send relief units abroad to deal with this difficult situation.

Outrigger club, according to a statement made today by Marion McClain, graduate manager of sports. Terms have been agreed upon with the University of Hawaii and faculty, permission has been granted. The element of doubt lies in the question as to whether the Oregon men will be able to catch a steamer from Honolulu immediately after New Year's day to enable them to get back here before January 15. If they can do this the trip will be made, McClain said. He is now in correspondence with steamship companies on the subject. The allies have begun again to wind the "Watch on the Rhine."

## Spring Medicine Hood's Sarsaparilla Purifies the Blood

### Just Received a New Shipment of FASCINATING NECKWEAR

Each year brings us something extra dainty and especially pretty in neckwear conceits, but spring scores a distinct triumph with its lovely offerings. Neckwear, taking a very prominent place this year, is developed in many pleasing combinations. Try on some of them over your dress, coat or sweater—yes, they are wearing lace collars on sweaters now—and see the effect. Collars 39c, 65c and \$1.00. Also a new assortment of Point Laces for Collars 75c, \$1.15 and \$1.25 per yard. Our Prices Always the Lowest.

# GOLD RUNS RIOT AT MUSIC FEST

## Gay Decorations Placed In Armory For Annual College Song Event

Gold will run riot at the armory Saturday night. However, it will be shown in flowers, not in metal. The gold stands for Williamette's cardinal and gold as well as the freshmen's brown and gold. The decorations always occupy a prominent place in the plans for the Freshman Glee-Williamette's annual song contest. Those who attend the glee will look forward to seeing the armory Saturday, especially since the decorative scheme has not yet been announced. But everyone is sure that gold will be the predominating color. And since C. B. Clancy has the contract for decorating, the plans are sure to be original as well as artistic. Another thing which makes the glee attractive is the fact that on that night the seniors make their first appearance in a cap and gown. The girls of the university in their fluffy white dresses, wearing flowers representing their class colors, will give a festive appearance to the auditorium. The general public is invited to the contest. Many of the people of Salem attend the glees each year.

# MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure And Eat Less Meat

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid. Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism. At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities. Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism.—(adv.)

## Oregon Still Has Chance For Trip to Honolulu

EUGENE, Ore., March 17.—There is still a chance that the University of Oregon football team will make a winter holiday trip to Honolulu for games with the University of Hawaii and the Canoe

# The Season's Leading Styles
