REALTORS APPROVE TOURIST PROGRAM

Dorsey B. Smith Outlines Plan to Attract Travelers To Oregon

Dorsey B. Smith, manager of the tourist agency travel bureau, was the principal speaker yesterday before the Marion County Realty association at its regular Thursday luncheon at the Marion hotel. That Salem will be visited by hundreds of visitors from the eastern states this summer was, in the opinion of the speaker, a certainty. Therefore, it was pointed out, it was to the advantage of the city that a right impression should be made and in order that this be brought about, he advocated outlining a program for the entertainment of the guests to be paid for when purchasing their fare from Portland, or upon arrival here. Several sightseeing trips are being planned by the committee in charge, with a view to giving the tourist, who so frequently is a prospective settler, the very best that Salem has to offer from a scenic standpoint as well as in giving them the opportunity of inspecting the state institutions.

Charles Knowland, as chairman of the tourist and publicity committee of the commercial club was present and spoke on behalf of that organization, in favor of complying with the proposition as presented by Mr. Smith.

J. H. Mills, as chairman of the committee appointed to draw up a protest against the telephone rate raise, read a resolution submitted by the committee voicing the disapproval of the association in the raise. The resolution was adopted and ordered spread on the minutes and a copy forwarded to the public service commission. It is the consensus of opinion that a second hearing may be given the case by the public service commission. It is understood that in Portland many telephones are being removed because of the advanced rates.

PORTLAND, March 31.—Morgan J. O'Brien of New York, national chairman of the American committee for relief in Ireland which is now conducting a nationwide campaign to raise \$10,210,000, is in receipt of the following telegram from President Harding: "I wish you the fullest measure of success, not only in the great benefit performance at the Metropolitan Opera house on April 3, but in every worthy effort to make a becoming contribution on the part of our people to relieve distress among the women and children in Ireland. The people of America will never be deaf to the call for relief in behalf of suffering humanity, and the knowledge of distress in Ireland makes deep appeal to the more fortunate of our land, where so many of our citizens trace kinship to the Emerald Isle."

The following additional acceptances to invitations to become honorary vice chairmen have been received by Capt. J. F. Lucey, national director:
William Gibbs McAdoo, former secretary of the treasury and director general of railroads, telegraphs.
"I gladly accept the invitation extended to me to become honorary vice chairman of the American committee for relief in Ireland and place my services unreservedly at the disposal of the committee. America has made noble response to the cause of suffering humanity in every land in Europe and she will not fail to succor Ireland whose people are our kin and need our help in their extremity. America cannot resist the cry of the destitute and distressed women and children in Ireland."
Leonard Wood, major general U. S. A. I received your telegram requesting cooperation in aiding those in Ireland suffering for lack of food and the necessities of life. I am just leaving for the Philippines so cannot take any active part but hope to assure you that the movement has my sympathy and trust you will be very successful in relieving existing distress. I wish you the largest possible measure of success in this worthy effort. It is my belief that we Americans must do what we can to aid suffering peoples until normal conditions are once more established.

SENIORS HOPE TO GAIN LEAD

Interclass Contests at High School Will be Renewed At Assembly

Seniors of the high school will make a strong fight today to regain the lead in the interclass decamatory contests which they lost to juniors in the extemporaneous and impromptu contests Wednesday, when the three classes clash in a sight reading contest in assembly this morning.

Percy Hammond is to uphold the honors for the seniors, Francis Ward the juniors and Margaret Louis the sophomores. Hammond and Miss Ward also met in the impromptu contest Wednesday in which Miss Ward captured first place and Hammond second place.

The contest this morning, which is slated for 10:30, will no doubt call forth even more enthusiasm and interest than did the initial contest Wednesday. The fact that the two contestants who ran a very close race for first in those contests will again meet insures a lively meet.

Salem high school enjoys the distinction of being the only school in the state where interclass contests are carried to such a fine point. In the eight decamatory contests between 3 and 35 students receive training in public speaking while interest in school is intensified throughout the entire student body. The success with which the contests have met in the past and the material for school teams which has been developed by these contests has called forth much praise from members of the school and visiting families. The gates of the remaining contests and the personnel of the contesting teams are as follows:
Sight reading, April 1—Percy Hammond representing the seniors; Francis Ward the juniors; Margaret Louis the sophomores.
First debate, juniors vs sophomores, April 6—Juniors, Arthur Montgomery, leader, Donald Warden, Charles Surr, sophomores, Russell Pratt, leader, Henrietta White, Walter Hliff.

HINKLE REFUSES TO FILE RECALL

Charges Insufficient to Constitute Malfeasance Against Hart

OLYMPIA, Wash., March 31.—Secretary of State J. Grant Hinkle today refused to file a petition for the recall of Governor Louis F. Hart, on the ground of malfeasance in office in signing the poll tax measures passed by the legislature, presented by Joseph Manning and Mrs. George McLaughlin, of Seattle.
The refusal was on the ground that the charges made were insufficient to constitute malfeasance, under an opinion by Attorney General L. L. Thompson, to whom the communication was referred by Secretary Hinkle, for investigation.
Attorney General Thompson declared in his statement that the "recall provisions of the constitution do not extend to mere mistakes or errors in judgment."

WATER RIGHTS TO BE SETTLED

Date to Be Obtained From Warner Valley by Assistant Engineer

In anticipation of a settlement of the question of water rights in Warner valley, Lake county, during the coming summer or fall, Charles E. Stricklin, assistant state engineer, has left for that district to make investigation for the adjudication of all the rights to the use of the waters of the chain of lakes known as Warner, Hart, Crump, Flaestaff and others, and Warner or Deep creek, Honey creek and their tributaries. To have charge of field work A. C. F. Perry, an engineer of the department, accompanied Mr. Stricklin.
The question was referred to the state water board for adjudication last December by Judge G. Bingham of Salem, who, in holding court at Lakeview, heard the case of the Lake County Land & Livestock company vs. J. P. Egan et al. Water rights are involved in the case and it was held that a determination of all the rights to the use of water in the several lakes and streams was necessary to determine the rights of the parties to the controversy.
It is believed that the work of obtaining the stream flow data, measurements of ditches, surveying the area of irrigation and other information necessary to the findings of the board will be completed during the summer and after this the users will have an opportunity to file on their respective claims.
During his trip Engler Stricklin will inspect the Warner lake irrigation district project which contemplates the irrigation of about 6000 acres of land from the waters of Ana river.

Where The Public Knows It Sees Good Shows

Savings vs. Speculating

The future power and financial stability of our country is undoubtedly stored in the savings of the people.
Speculating investments and ventures attest the gambling spirit of the individual and sometimes make a big winning.
But stocks and high-interest-bearing securities issued under foreign financiers and promoters do not always pay.
The state and county and city where you live and where you know those in charge of government offer better security.
Artful and unscrupulous promoters make misrepresentations which state and county officials dare not make to their neighbors.
Nest-eggs and savings of hard-working honest people are swallowed up and there is no recourse after the money is gone.
It would be a great deal better to consult with a home investment house that is also responsible to the people of the community.
We will gladly give frank and unbiased service on investment matters to all whether customers of ours or not as to sound and profitable investments.
We would appreciate an opportunity to show you the advantage of placing your savings in a first class real estate mortgage in your home community. It is the safest investment in the world and reacts to the benefit of the locality where you live. Interest and principle is paid you on the day it is due.
