Civic Organization is Lauded for Good Work
A meeting of the North Salem Improvement association was held last night in the Highland school, and special interest was expressed in paving improvements in North Salem.

Owing to financial conditions last year the association decided to postpone further activities in paving improvements until conditions improved. It is now decided to renew active work along the lines of improvement in the northern part of the city and for this purpose the organization will meet every two weeks during the summer.

Councilman Wenderoth reported to the gathering last night that as a result of the work of the association last year 10 blocks of cement sidewalk have been laid and 3 1/2 blocks more have been contracted for, and 10 ready to be contracted soon. Mr. Wenderoth also told of other paving improvements which have been done recently and related other instances where paving will be commenced in the near future.

A committee composed of E. F. Tillichast, Mark E. Elliott and Ward K. Richardson was appointed to cooperate with the Marion County Realty association in their efforts to secure the proposed loop street car system for Salem. It was reported at the meeting that petitions were in circulation for a second hearing of the public service commission on the new telephone rate raise. Several reported as having ordered their telephones taken out and others strongly opposed to the raise are awaiting further development in the action.

Referring to Mrs. Stillman's charge that her former husband is the father of a 30-month-old son born to "Mrs. Florence H. Leds," former musical revue girl, the decision said:

"She does not seek a divorce but pleads recrimination against the defendant as a defense. If the acts and conduct as charged against each other, neither will be entitled to a decree."

UNIFORM TEACHING STANDARD PLAN

Inland Empire Teachers Association Ends Meeting

SPOKANE, Wash., April 1.—Resolutions looking to legislation in the four Pacific northwestern states for uniform teaching standards and tenure of positions, and equalization of school taxation within the states were passed at the closing session this afternoon of the 23rd annual convention of the Inland Empire Teachers' association.

Selection of county and state educational officials on a basis of merit rather than political expediency also was favored, and the county was advocated as the unit of school taxation and administration instead of the present rural district.

D. A. Groat, superintendent of schools of Portland, Ore., was elected president of the association; Miss Lena F. Butts, superintendent of schools at Wardner and Kellogg, Idaho, was elected vice-president, and James A. Burke, principal of the Garfield school here and R. L. She then told me how she had made taffy at the party in the country and had missed her ring when she got home. The lady's little girl, who had heard her mother read Jennie's ad in the
