

FRUIT SURPLUS NOT AFFECTED

Cold Weather and Frosts Cause Less Damage Than Thought

OKLAHOMA IS HARD HIT

Little Harm Reported To Crop Prospects in This State

WASHINGTON, April 4.—Ape-
rally afforded less from the
the Easter cold and frost which
through the central part of
the country than was first indic-
ed, it was said today at the de-
partment of agriculture. Reports
from state agents, it was said,
show that the fruit surplus was
not materially affected.

Southern sections of Penn-
sylvania, Ohio, Indiana and Illinois
and Delaware, Maryland, Virgin-
ia, Tennessee, Kentucky, Arkan-
sas, Missouri, Oklahoma, Kansas
and the Panhandle section of Tex-
as, however, reported considera-
ble damage. In Missouri the fruit
crop was said to have been "hard
hit" while Kansas reported all
fruit destroyed except some late
blooming apples. Arkansas said
from 55 to 60 per cent of the
peach crop was expected and from

85 to 90 per cent of the straw-
berry crop.

Peaches, pears and apricots
were reported as probably a total
loss in southern Illinois, while
one-half of this crop was reported
destroyed in the central belt.
Arizona and New Mexico said the
fruit crop prospects were good.

The "hard frozes" in Oklahoma
were said to have "greatly in-
jured" all fruits, alfalfa, gardens
and early corn.

Texas declared considerable
damage was done to peaches and
apricots in the Panhandle section.
Nebraska reported "few" peaches,
pears and plums as a result of the
cold and a partial crop of apples
and cherries. Iowa said the dam-
age was light.

PORTLAND, Or., April 4.—
While continued cold weather,
with frosts, was reported tonight
from some of the Oregon fruit
districts, it was declared there had
as yet been no serious damage to
the crop prospects. Hood River
apple growers were uneasy but
unharmed so far. In southern
Oregon, both Medford and Rose-
burg districts reported only small
damage to trees in bloom.

SEATTLE, April 4.—Fruit trees
of this section of the state suf-
fered no damage from last night's
frost, according to local experts
who said the frost in this im-
mediate vicinity was hardly severe
enough to cause damage and that
the fruit was not far enough de-
veloped to be in serious danger
at this time.

BOISE, Idaho, April 4.—Apri-
cots, early cherries and peaches
in the Boise valley were damaged
by the early frost this morning,
but there has been no damage to
apples or pears, according to
fruit men. Several inches of snow
fell but the weather has greatly
moderated tonight.

WASHINGTON, April 4.—Annou-

agreement for the erection here
of a great war memorial for which
the latter organization was to

HEAVY FROSTS ARE PREDICTED

Continued Low Temperatures Promised Oregon and Washington

SAN FRANCISCO, April 4.—
Heavy to killing frosts through-
out the Pacific coast states will
come tomorrow morning, the
United States weather bureau
here predicted tonight.

Oregon and Washington were
promised continued low tempera-
ture. A stiff northwestern wind
will continue throughout the
coast, probably necessitating the
continuation of storm warn-
ings posted Sunday, the bureau said.

TOPEKA, Kansas, April 4.—
Apples apparently were not badly
damaged by the Easter freeze,
but it is believed peaches, cher-
ries and plums, as well as pears,
were almost entirely destroyed,
says the Kansas weekly crop re-
port.

SAN BERNARDINO, Cal., April 4.—
Deciduous fruit growers fear
that serious frost damage may
follow the clearing of last night's
storm which left from four inches
to a foot of snow in the San Ber-
nardino mountains. Tempera-
ture dropped to 24 this morning
in the Oak Glen region and did
serious damage to the young ap-
ple crop.

PROTECTION IS OUTLINED

California Anti-Japanese Exclusion League Presents Policy

PRINCIPLES ARE FAVORED

Representative Will Appear Before State Department and Congress

SAN FRANCISCO, April 4.—
The Japanese Exclusion league of
California has outlined a declara-
tion of policy for protection of
American interests in connection
with the subject of Japanese im-
migration, on which it will urge
action by the federal administra-
tion. It was announced here to-
day.

The principles outlined by the
league have been formally endor-
sed by the affiliated organiza-
tions, the Los Angeles County
Anti-Asiatic association and the
Japanese Exclusion league of
Washington.

The representative of the Cali-
fornia league, V. S. McClatchey,
left tonight for Washington, D. C.,
to present the matter to the state
department and to congress.

The four points of the league's
declaration of policy are:

First: Absolute exclusion of
all Japanese immigration. Per-
mission for temporary residence
only for tourists, students, artists,
commercial men, teachers, etc.

Second: Such exclusion to be
endorsed by United States officials
under United States laws and
regulations, as is done with im-
migration, admitted or excluded,
from all other countries, and not,
as at present, under an arrange-
ment whereby control and regu-
lation is surrendered by us to
Japan.

Third: Compliance on the
part of all departments of the fed-
eral government with the constitu-
tion and the abandonment of the
threat of attempt to take ad-
vantage of certain phrasings of
that document as to treaties,
which, it is claimed, gives the
treaty making power authority to
violate plain provisions of the
constitution in the following mat-
ters:

(a) To nullify state rights and
state laws for control of lands
and other matters plainly within
the state's jurisdiction.

(b) To grant American citizen-
ship to races of yellow color
which are made ineligible for
such citizenship.

Fourth: For the Japanese leg-
ally entitled to residence in Cali-
fornia, fair treatment, protection
in property rights legally acquired
and the privileges of engaging in
any business desired except such
as may be now or hereafter de-
barred by law to all aliens or to
aliens ineligible to citizenship,
provided particularly that they
may not hereafter buy or lease
agricultural lands.

"Wasser matter?" asked the C. P. O. disgustedly. "Nobody told me the navy was at war, too."—Unidentified.
