COMMITTEE TO MEET TOURISTS

Joint Portland and Salem Program May Bring Many Visitors

SIGHTSEEING PLANNED

Dorsey Smith Is Coming In Few Days to Survey Proposed Route

"A week in Portland for every tourist," the slogan of Portland for the coming season, may bring to Salem thousands of tourists this summer if plans which are nearly completed by the Salem Commercial club, with the co-operation of the Cherrians and the Marion County Realty association are successfully carried out.

Plans for including Salem in the itinerary of a week of sightseeing in and around Portland have been laid before the business men by Dorsey B. Smith of the King-Smith company, which operates an automobile bus line between Portland and Salem. Mr. Smith's plan in turn was taken up with the Marion County Realty association, from which a special committee was appointed to meet with the tourist publicity and conventions department of the Commercial club and Mr. Smith given a hearing.

According to present agreement reached in the committee, the tourists will be met upon reaching Salem by touring cars and conducted over a sight-seeing trip of the state institutions, taking in the beautiful fruit district surrounding Salem and various places of interest in the county, the trip to cover from two and one half to three hours, at a nominal sum to the tourist. Trips over the Columbia highway and to other places out from Portland are planned by the Portland Commercial club.

Mr. Smith has arranged to come to Salem in a few days and go over the proposed route with the joint committee. He will make suggestions as to lengthening or shortening of the present route, and assist in completing details now being worked out by the realtors' committee and the representatives from the Commercial club.

PUT OUR TOWN ON THE MAP
Do we want Salem on the map as one of the clean towns of the United States, or do we not? It means something for a town to be known as clean, live, progressive. Such towns belong to the select circle. They are the towns where the death rate is low, and loss of wages from sickness is at a minimum. This affects everybody. It is not a question of beauty alone, though that is big enough all by itself to make us get busy, but it is a question of health, of economy, of steady work, of increased output, of more money in the bank, of the safety of property from fire and delinquency, of a reputation which we need not be ashamed of. Let's all get together and put our town on that map.

Many Traffic Mishaps Are Reported to Police

A number of traffic accidents and irregularities have been reported in the city during the past 48 hours. With the exception of one none of these was a serious nature.

The little daughter of Hop Lee sustained a broken arm Saturday night when she was struck down by an automobile driven on State street by D. A. Donovan of Falls City.

In making his report to the police department, Mr. Donovan stated that the child ran out on the street in front of his car. He took the child to her home near by.

A collision occurred Sunday on the Hubbard-Woodburn road between automobiles driven by D. B. Cooley, 740 Market street, and a Mrs. Day of Portland. In reporting the accident, Mr. Cooley said the other automobile attempted to pass him and in so doing struck his car. The running board and fender were somewhat damaged.

George E. Rothwell, who was arrested for speeding on Saturday failed to appear yesterday to answer to the charge and forfeited a bond of \$10.

While riding a bicycle yesterday on Twelfth street, Albert Rutter, 1330 Waller street, was injured by a cultivator being trained by T. L. Davidson of Indian Hill farm, and the bicycle handle-bar post broken. Rutter was uninjured.

M. R. Matthews, 1119 Hall street, reported to the police department yesterday that an automobile said to belong to Fred J. Carter of the Lenox hotel, Portland, was stopped to receive and unload passengers on Monday.

Passage of this law is indicative of the sentiment which exists among our people.
