

Clean Up AND Paint Up

CAMPAIGN STARTS MONDAY, APRIL 11

MOTOR TRUCKS PROVIDED BY CITY TO HAUL AWAY REFUSE FREE OF CHARGE THIS WEEK

Under the direction of the special clean-up week committee, the city has been divided into zones so that the work may be expedited, beginning tomorrow and continuing through the week. Dr. B. F. Pound, chairman of the committee, and commander of Capital post No. 9, American Legion, which is in charge of the drive, made known the plans in detail yesterday. Dr. Pound's instructions follow:

"The city has been divided into three zones and trucks to haul away the refuse and rubbish will be furnished free one day in each zone.

"Refuse must be placed in receptacles to expedite its handling by the street department, and on all alleys running east and west the refuse must be placed at the west end of the alley, and in all alleys running north and south the refuse must be placed at the north end of the alley.

"On Thursday, April 14, the trucks will cart away the refuse

from the south zone, which will be from Mill to the south, east and west city limits.

"Friday, April 15, the trucks will work on the middle zone, which will be from Mill street to Union street and to the east and west city limits.

"Saturday, April 16, the trucks will cart away refuse from the north zone, which will be from Union street to the north, east and west city limits.

"All citizens are urged to have the rubbish collected and placed in boxes or cans and placed at the points designated as the trucks will not make more than one trip to each alley.

"It is to be strictly understood that no hauling will be done after the days designated by the city free of charge, and it is the wish of the committee to ask the cooperation of the citizens to do all they can to expedite the matter of hauling the refuse for the hauling period has been limited to three days only."

WHAT MORE COULD YOU ENJOY

keep abreast of the times? than to see our beautiful city

CLEAN UP AND PAINT UP

is a slogan that ought to be imprinted on every progressive citizen's mind—it's the very essence of happiness and contentment and getting all the pleasure out of life possible. This store aims to keep up with the procession, that's why you'll find the big crowds trading here.

MAYOR'S CLEAN-UP PROCLAMATION

Know all men, women and children by these presents, that Whereas, the national clean-up and paint-up campaign has resulted in many advantages to community life throughout the United States and Whereas, it has safe-guarded health, promoted thrift, furthered fire-prevention and stimulated civic pride, and Whereas, virtually all of the civic bodies and organized societies in the city have declared themselves behind a clean-up campaign for the city of Salem.

Now, therefore, be it known that plans have been perfected for a thorough clean-up campaign in Salem, Oregon, to begin Monday, April 11, 1921—the date to mark the opening of a real drive of persistent and constructive effort in cleaning up, and that I respectfully urge every citizen, men, women and children, to do his part in the furtherance of this worthy movement, and that I further urge the pastors of all churches, the teachers of all schools and the presiding officers of all lodges and other organized bodies to bring this matter to the attention of their respective organizations in order that we may have unanimous and concerted action, in this effort to make Salem clean, wholesome, thrifty, safe and beautiful.

(Signed) GEORGE E. HALVORSEN, Mayor.

mitted quietly and before the public was expecting the action. Johnson had no extended statement to make yesterday after arriving at the state prison. He said he would not ask for and did not expect any favors not allowed other prisoners. He will be given employment about the prison. It is the easiest thing in the world to detect the man who drinks his own home brew. He looks it.

FRANCE READY FOR TOURISTS

City Making Preparation for Gay Crowds of Approaching Summer

PARIS, April 9.—American tourists who visit Europe in the coming season will find it generally much changed over last year, greatly recovered from the effects of the war and prepared to give almost normal accommodations in hotels, transportation and luxury in food.

The prices will be, with the advantage of exchange with American money, about the same as in America. The chief increase over the pre-war costs of touring Europe will be that of ocean transit, with some increase in rail transportation. Persons able to travel de luxe will find their expenses about on a par with the cost of living at the better class hotels in America.

The chief points of interests to tourists are expected to be the battlefields, and for this persons will find the roads in France especially, in better condition even than before the war. The railway trains are running on time and are rapidly approaching normal.

The fee for passport visas for Americans in most countries is \$10 and the number of visas for touring remains about the same as during the war, but the French government has just loosened somewhat the severity of its restrictions, and it is no longer required a card of identity for a tourist remaining in the country less than two months. The requirement for a presentation of police as to leaving France has been removed.

The passport requirements of the various countries to which tourists are allowed by recent travel to be more liberal than last year—chiefly more so than customs in matters of other countries, including the United States. It is desirable to provide sufficient passport photographs for countries requiring them for the applications.

Lord Mayor of Cork Gets Notice of Deportation

WASHINGTON, April 11.—Unless courts intervene, Donald O'Callaghan, lord mayor of Cork, who came last January as a stowaway and without a passport, must depart on or before June 5. Orders that immigration inspectors take O'Callaghan into custody, should he be found in the United States after that date, were issued today by Secretary of Labor Davis. It also was disclosed that on last Wednesday the state department denied his petition, contending that he was entitled to asylum in the United States as a political refugee.

Mayor O'Callaghan was here today but neither he nor his attorney, Frank P. Walsh, had any comment to make. M. F. Doyle, counsel for the lord mayor announced at Philadelphia however, that notice had been served on the labor department that a writ of habeas corpus would be sought if

effort was made to deport the lord mayor.

"O'Callaghan will remain in this country until he considers it safe to return to Ireland," M. Doyle said.

Cuba Gets Hello Call From United States

WASHINGTON, April 11.—Direct telephone communication between the United States and Cuba was inaugurated today by President Harding and President Menéndez of Cuba, exchanging renewed assurances of friendship.

Completion of the circuit was marked by a ceremony with the pan-American building where Mr. Harding, several members of his cabinet and other high officials gathered while a similar group participated at the Havana end of the wire.

As an added feature, Washington and Havana, as well as many other cities heard a report from a wireless telephone operator at Catalina Island in the Pacific ocean. Catalina is 5700 miles away from Cuba and the feat was said to have established a new distance record for transmission of the human voice by radio, wire and cable.

Regulations Drafted Covering Use of Beer

WASHINGTON, April 11.—William F. West, formerly deputy commissioner in charge of accounts was designated today by Secretary Mellon, as acting commissioner of internal revenue pending the appointment by President Harding of a successor to William M. Williams, Mr. Williams resigned March, but had been acting as commissioner until today.

Secretary Mellon announced that regulations are to be drafted covering the use of beer for medicinal purposes in accordance with the ruling by former Attorney General Palmer. Mr. Palmer ruled that prohibition enforcement officials could not set a limit on the amount of beer or other intoxicants that a duly registered and licensed physician might prescribe for a patient for medicinal purposes.

Exemption Law Will Be Effective Next Month

The law passed at the 1921 session of the legislature exempting from taxation \$1000 of property owned by any honorably discharged Union soldier, soldier of the Mexican war, war of the rebellion or Indian wars in Oregon, or any widow of any such soldier remaining unmarried will become effective May 25, according to a legal opinion given by E. H. Van Winkle, attorney general.

The opinion was asked by a number of county assessors in various parts of the state.

LETVIA WANTS RECOGNITION

RIGA, Letvia, April 11.—In an effort to secure American recognition for Letvia, the Letvian government has sent L. Seva as its commissioner to Washington with the rank of minister.

It is reported American officials in Letvia are investigating a rumor that bolshevik agents in America are reporting to the third internationale.

GOOD BUSINESS WAITS AMERICA

Admiral Mark L. Bristol Offers Advice to Country-men on This Side

CONSTANTINOPLE, April 9.—"Establish yourselves in the foreign markets and then wait until the political situation has become normal," was the advice given by United States High Commissioner, Admiral Mark L. Bristol, to American business men at the recent annual meeting of the American Chamber of Commerce for the Levant.

About 150 men were present representing every American interest centered at Constantinople. Each leading American gave his views of conditions and how to meet them. As Admiral Bristol was absent aboard the cruiser St. Louis, his address was read by the secretary of the Young Men's Christian association, Warren E. Bristol.

The Admiral called attention to the fact that all business has suffered severely in the Levant because of the lack of peace and said that there would be no stable business until many national aspirations had been settled.

Medford Bank President Lands in Penitentiary

W. H. Johnson, Medford bank president, who was sentenced to the state penitentiary for an indeterminate sentence with a maximum of 10 years, arrived at the prison Sunday in custody of Deputy Sheriff McMahon.

Johnson has not yet been formally dressed in, and tomorrow night will be returned to Medford to serve as a witness in other cases arising out of the failure of the Bank of Jacksonville. Presumably Johnson was brought here for two days, then to be returned to Medford as a witness, to fulfill his desire to be sentenced and com-

WOMAN M. P. AS SHE LOOKS DONE IN WAX

Viscountess Astor has achieved a permanent place in the ranks of the famous and is the only woman member of Parliament in the British Isles. A life-like portrait model of her has been set up in wax by Mme. Tussard in her gallery in London.

If Its Hardware We Have It 286 N. Commercial St. Salem, Oregon

YOUR HEALTH AND WEALTH IS HELPED

Fresh vegetables from your own garden, grown by yourself, means more than the money value to you. Included in the planning and planting of a garden is the sunshine, the fresh air and the fascination of watching things grow.

The health of your family is included and nearly all the things that make "life worth while."
