Angel Land Sold—Alice Penna and Belle C. Merry have purchased about 60 acres of land near Mt. Angel at a cost of \$5,500, from Mr. and Mrs. Bert Scott and Nellie R. Cable. Henry Lyons Dead—Henry Lyons, of Albany, 71 years old, died at his home there early yesterday. The funeral will be held from St. Mary's church Wednesday at 10 o'clock. Meeting Tonight—The Highland Parent-Teacher association will hold a meeting at 8 o'clock. An interesting program will be given by the children. The meeting will be held in the Highland school. Taxi Didnot Stop—J. W. Lucas reported to the police department that while driving east on the Center street bridge Sunday, his automobile was struck

by a taxi driven by Lea Davis. The rear left fender was torn off the Lucas car. Mr. Lucas said that the taxi driver did not stop his car to ascertain the extent of the damage done. Legal Blanks—Get them at The Statesman office. Catalog on application. (Ad) Card of Thanks—To the friends who remembered our beloved dead with beautiful flowers and words of esteem; to all those who sought to comfort us in the loss of a companion, and dear father, and to those who gave tender cheer to the invalid through weary months, we make this acknowledgment of their manifold kindness. Mrs. Henry C. Fletcher, Ethel M. Fletcher, Mr. and Mrs. L. H. Fletcher and Norman. (adv.) The Dalles Asks Power—The city of The Dalles has applied to the state engineering department for authority to appropriate six second feet of water from Hood River for the purpose of supplementing the present municipal water supply. An extension of eight miles would be necessary to the present water main. Twenty Bids Coming—At a meeting of the state highway commission in Portland Friday of this week bids will be opened on 10 highway construction jobs. The commission some time ago made public a list of the projects and it is believed successful bids will be submitted on all of them.

BRITISH ARMY RESERVES CALLED UPON BY KING. The army and navy reserves of Great Britain have been ordered to get into readiness for immediate action by King George in case of serious outbreaks, which are likely to occur unless the terms of the coal miners are met. Railroads will be tied up as well as all transportation facilities unless an agreement is reached.

fishing pole, the work of Mr. Hobson, who is in the business of making fishing poles and who is said to have built up a substantial trade all over the United States. The pole is of split bamboo, wrapped in colors with silk thread, and into the handle end is cleverly worked the name of the governor and the seal of the state. The pole is attracting much attention at the governor's office. When the poles are sold on the market it is said they bring \$52 each.

BLIND CORNER ACTIVE. YORK, S. C., April 18.—York county lays claim to the most active blind corner in the United States. The corner, Paul G. McCorkle, former member of congress from the Fifth South Carolina district, walks about the streets of this city, unaided, save for a long cane. He is able to distinguish hundreds of people by their voices. His office is on the second story of the building on the main square. In the winter he descends several times each day from his office with a coal scuttle in his hand. Walking down the stairway he finds his way to the coal pile, fills the scuttle and returns. Coroner McCorkle lost his eyesight many years ago when a horse, which he was driving to a luge, ran away.

The following conversation between two small colored boys was overheard at the Washington navy yard: "What foh dey want dem big guns? I thought we wouldn't hab no moh war." "Well, we has to hab dem fo sass 'em back."

SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out. Any breaking out of the skin on face, neck, arms or body is overcome quickest by applying Mentho-Sulphur. The pimples disappear to dry right up and go away, declares a noted skin specialist. Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Mentho-Sulphur and use it like cold cream.—(adv.)

We offer our knowledge to those in need of our services. You can feel confident that we will treat you fairly. RIGDON & SON Leading Morticians. Webb & Clough Co. Funeral Directors.

HELPED HER LITTLE GIRL. Children need all their strength for growing. A lingering cold weakens them so that the system is made open to attack by more serious sickness. Mrs. Amanda Flint, Route 4, New Philadelphia, O., writes: "Foley's Honey and Tar cured my little girl of the worst tickling cough. I had tried many things and found nothing to help until I got Foley's Honey and Tar. It cured her immediately and relieved from distressing, racking, tearing coughs.—Sold everywhere.—(adv.) MARTIN LUTHER'S WORK IS CELEBRATED (Continued from page 1.) Philadelphia would never have celebrated the signing of the Declaration of Independence and the constitution of the United States would never have been written. Modern Era Begins. Dean Fritz writes: "The 18th day of April, in the year 1521, marks the end of the Middle Ages and the beginning of the modern era in the history of the world. On that day the emancipation of man from a long period of spiritual, intellectual, and political serfdom took place, and there was given to the world that liberty of conscience that freed man of thought, and that modern civilization which we now enjoy and which, we trust, shall remain in our inheritance until the end of days. "On the 18th day of April, 1521, Luther was on trial before the diet at Worms. The man and his work were put to a crucial test. Shall the Bible be an open book for all, or must man submit to that authority of the church as it has been exercised by popes and councils; shall the right of private judgment be granted or denied; shall the yoke laid upon the intellect by the medieval system remain and become more burdensome, or shall the intellect be freed and enter upon an era of new development; shall nations and peoples be tyrannized by religious and civil rulers; or shall the right of civil and religious liberty be granted? "These were the great issues

I had tried many things and found nothing to help until I got Foley's Honey and Tar. It cured her immediately and relieved from distressing, racking, tearing coughs.—Sold everywhere.—(adv.) MARTIN LUTHER'S WORK IS CELEBRATED (Continued from page 1.) Philadelphia would never have celebrated the signing of the Declaration of Independence and the constitution of the United States would never have been written. Modern Era Begins. Dean Fritz writes: "The 18th day of April, in the year 1521, marks the end of the Middle Ages and the beginning of the modern era in the history of the world. On that day the emancipation of man from a long period of spiritual, intellectual, and political serfdom took place, and there was given to the world that liberty of conscience that freed man of thought, and that modern civilization which we now enjoy and which, we trust, shall remain in our inheritance until the end of days. "On the 18th day of April, 1521, Luther was on trial before the diet at Worms. The man and his work were put to a crucial test. Shall the Bible be an open book for all, or must man submit to that authority of the church as it has been exercised by popes and councils; shall the right of private judgment be granted or denied; shall the yoke laid upon the intellect by the medieval system remain and become more burdensome, or shall the intellect be freed and enter upon an era of new development; shall nations and peoples be tyrannized by religious and civil rulers; or shall the right of civil and religious liberty be granted? "These were the great issues

HELPED HER LITTLE GIRL. Children need all their strength for growing. A lingering cold weakens them so that the system is made open to attack by more serious sickness. Mrs. Amanda Flint, Route 4, New Philadelphia, O., writes: "Foley's Honey and Tar cured my little girl of the worst tickling cough. I had tried many things and found nothing to help until I got Foley's Honey and Tar. It cured her immediately and relieved from distressing, racking, tearing coughs.—Sold everywhere.—(adv.) which Luther's answer to the question, whether or not he would recant what he had spoken and written, should decide. World Charge Begins. "All historians agree that Luther's firm stand at Worms in 1521 brought about a mighty revolution and a tremendous change in the history of the world. "In 1520, the year prior to the diet at Worms, Luther had written three epoch-making works: "To the Christian Nobility of the German Nation," "The Babylonian Captivity of the Church," and "On Christian Liberty." In these writings Luther gave a clear outline of his theology. "In the meantime Eck and Alexander, the papal nuncios, brought the bull of excommunication to Germany. Luther burned it publicly on December 10. Leo X urged Charles V, emperor of Germany, to put Luther under the ban of the empire. Charles was willing to comply, but the German princes insisted that Luther must not be condemned unheard. Accordingly, Luther was summoned to appear before the diet and answer for himself. Emperor Not Trused. "Luther's friends were uneasy; they feared for his very life; they reminded him of the fate of Huss; they had little confidence in the emperor's safe conduct. To say that Luther was undisturbed would almost mean to deny that he was human, but his fear was overcome by trust in Him whose battle he was convinced that he was fighting. "I will go," he said, "though there be as many devils in Worms as there are tiles on the roofs of the houses." "The trial had been set for April 17. At 6 o'clock in the evening Luther was called before the diet. What was the poor monk to be tried for? What had he done? He had written 95 theses against the abuse of indulgences; he had insisted upon faith in Jesus Christ and a life of good works; he had attacked the doctrines of the papacy. He was not to be tried; he was simply to be called upon to say one word, "Revoke" that is, I recant. "On the following day Luther appeared again before the diet and gave his answer. Authorship Acknowledged. "Will thou defend all the books acknowledged to be thine?" Luther had acknowledged the books to be his on the day before or at least recant in part. That was the question which was put to Luther in German and Latin. Luther replied at some length. He said that he was willing to recant, and cast his books into the fire if he could be convinced by the scriptures that he had taught error. His reply displeased Eck. He asked Luther to say whether he would say "Revoke" or not. Luther then replied in these words: "Since your imperial majesty, electoral and princely grace demand a simple answer, I answer, I will give one which shall have neither horns nor teeth. Unless I be overcome and convinced by proofs of the Holy Scriptures, or by manifestly clear grounds and reasons, for I believe neither the Pope nor the councils alone because it is an open and known fact that they have often erred and opposed each other, and I am convinced by those passages adduced and in-

duced by me, and my conscience is bound in God's Word, I can or will recant nothing, since I can or will neither safe nor advisable to do ought against conscience, God help me! Amen! "Luther maintained his firm stand. He said, "Rather will I lose my life and limb than surrender God's true and clear word." Bible Translated. "On his homeward journey friends "took him captive" and, for safety's sake, removed him to the Castle Wartburg. It was there that Luther, in December, 1521, began his translations of the Bible into that German which became the German in literature and speech and which is still spoken and written today. "Luther was put under the ban of the empire and remained under the condemnation of the rest of his life. He nevertheless lived on, and continued his work until his peaceful death in February, 1546. "State and church alike are reaping the blessings of Luther's firm stand at Worms in 1521. Humbly speaking, the Liberty bell, with its inscription, "Proclaim liberty throughout all the land, unto all the inhabitants thereof," would never have rung or the signing of the Declaration of Independence by the Continental congress, July 4, 1776, and our charter of liberty, the constitution of the United States, would never have been written if Luther at Worms in 1521 had spoken that one word, "Revoke." "The religious and civil liberty which we Americans prize very highly is the result of that independence which Luther maintained at Worms as the birthright of man." District Attorney Must Prepare Ballot Titles. The district attorney of any county in which county measures or measures for any municipal districts in the counties except cities and towns, must prepare the ballot titles for the measures and put the attorney's name, according to an order by Attorney General Van Winkle, in reply to an inquiry by the State Attorney General of Michigan, county of Michigan, in the county, but the attorney gen-

eral remarks in his opinion that this is a question that will come up later. There is at present a discussion in progress between the secretary of state's office and District Attorney Evans as to whether the county or the state shall bear the expense of printing for distribution to the voters the port bill coming up in the Port of Portland at the June 7 election. The amendment passed by the 1921 legislature seems to indicate that the county shall bear the expense. Unique Gift Presented To Governor Olcott. Governor Olcott is the recipient of a gift from H. D. Hobson of Lyons, Or., of a gift that he values highly. It is a hand-made
