United States Has Invitation To Participate in Supreme Council

LONDON, May 5.—The text of the allied ultimatum to Germany reads as follows: 'The allied powers, taking note of the fact that despite the successive concessions made by the allies since the signature of the treaty of Versailles, and despite the warnings and sanctions agreed upon at Spa and Paris, as well as of the sanctions announced at London and since applied, the German government is still in default in fulfillment of the obligations incumbent upon it under the terms of the treaty of Versailles as regards: 'First—Disarmament. 'Second—The payment due May 1, 1921, under article 235 of the treaty, which the reparations commission already has called upon it to make at this date. 'Third—The trial of war criminals, as further provided for by the allied notes of February 13 and May 7, 1920, and 'Fourth—Certain other important respects, notably those which arise under article 264 to 267, 269, 273, 281, 322 and 327 of the treaty, decide: 'The allied powers have decided: (A) To proceed from today with all necessary preliminary

measures for the occupation of the Ruhr Valley by allied troops on the Rhine under the conditions laid down. '(B) In accordance with article 235 of the Versailles treaty to invite the allied reparations commission to notify the German government without delay of the time and methods for the discharge by Germany of her debt and to announce its decision on this point to the German government by May 6, at the latest. 'Definite Reply Asked. '(C) To summon the German government to declare categorically within six days after receiving the above decision its determination: '(1) To execute without reservation or condition its obligations as defined by the reparations commission; (2) To accept and realize without reservation or condition in regard to its obligations the guarantees prescribed by the reparations commission; (3) To execute without reservation or condition measures concerning military, naval and aerial disarmament of which Germany was notified by the allied nations in their note of January 29; those measures in the execution of which they have so far failed to comply with are to be completed immediately and the remainder on a date still to be fixed; (4) To proceed without reservation or delay to the trial of war criminals, and also with other parts of the Versailles treaty which have as yet not been fulfilled. '(D) To proceed on May 12 with the occupation of the Ruhr valley and to undertake all other military and naval measures, should the German government fail to comply with the foregoing conditions. This occupation will last as long as Germany continues her failure to fulfill the conditions laid down. 'Harding Has Invitation. 'WASHINGTON, May 5.—President Harding had before him tonight the invitation to the United States from the allied governments to be represented on the supreme council, the reparations commission and the council of ambassadors. He was expected to bring the question before the cabinet tomorrow. The invitation came from London last night was presented at the state department today by Sir Auckland Geddes, British ambassador, and later Secretary Hughes was in conference for half an hour with the president. 'No indication was given of the attitude of the American government towards the invitation, although in some circles the belief was expressed that the United States might feel justified in participating some extent in reparations settlements because of its interest in economic adjustments growing out of the war. 'Italy Approves. 'There were some intimations also that a condition precedent to unreserved participation by the United States in deliberations abroad would be the acceptance by the allies of the principles laid down by Secretary Hughes in respect to mandates. Italy has expressed approval of the American position and France has given assurance that she would lose no time in bringing the status of Yap before the supreme council. 'Lloyd George on Defense. HEALTH NURSE ISSUE DEBATED

Judge Bushey Refuses To Divert County Funds in Response to Plea

POPULAR VOTE IS ASKED

Possibility of Declaring A Special Election Under Consideration

Active health workers rallied to the support of the county nurse problem yesterday afternoon, by appearing before the county court and making an earnest plea for the support of a Marion county nurse during the school year. Delegations representative of women's clubs, medical associations, the baby clinic, Parent-Teacher associations and others were present and urged the court to provide for the maintenance of the county nurse. 'Dr. W. B. Morse acted as chairman of the meeting and called on a number to voice their endorsements of the movement. Mrs. Leona Miller spoke on behalf of the women's organizations of Silverton. Mrs. E. E. Fisher appealed on behalf of the baby clinics. Mrs. W. E. Anderson represented the Salem Woman's club. G. Bellinger, Dr. Morse and others, spoke strongly in favor of retaining the county nurse as an important factor in the life of the school and of the community. 'Many Petitions Received. 'Petitions signed by residents of Salem, Hubbard, Turner, Monitor, Shaw and Donald were presented to the court favoring funds being applied toward paying the salary of the nurse. A petition was received from Turner containing a number of names against the proposal, and a letter from school district No. 99 was also received as not favoring the extra expense at this time. 'Judge W. M. Bushey informed the delegation that there had been no provision made in the budget for the expense and that he would not make an appropriation for the amount necessary for the expense incurred by the nurse, unless it was put to a vote of the people. 'Bushey Prepares Statement. 'Judge Bushey has made the following statement regarding his position on the question: 'When the county nurse came to Marion county last September there was something said about her continuing in the service after December 1. We gave out information at that time that the court would not employ a county nurse unless the matter was submitted by a vote of the people. 'When we made up our budget in December we knew that the matter had not been submitted to the people. We therefore made no provision in the budget for

the salary of the nurse for 1921. 'The matter was called to our attention a month or so ago and we were asked that she be paid out of county funds. This we were compelled by law to refuse, as no provision had been made. 'Election Offers Difficulties. 'Judge Bushey went on to say that it would be necessary to secure initiative petitions with the required number of signatures, said to be 750, in order to have the question put before the people for a vote. As the time is limited before the June election it is feared that this is an impossibility unless the election is declared to be a special election and not a special general election, under which circumstances the petitions would not be required to be in the county clerk's office until 10 days before the election in order to have the issue placed before the electorate. A decision on this technicality of the election laws is expected to be given by the attorney general today. 'Because of the language of the legislative act calling the special election on June 7, it is impossible for any measure to go on the ballot except those referred to the people by the legislature.

BETH-SHAN TO BE UNCOVERED

Excavation of Biblical City Near Transfiguration Mount to Begin

Scientists Expectant Ancient City in Palestine is Location of World-Famous Battles

PHILADELPHIA, May 5.—Relics of seven or more cities which successively stood on the same site and of nine different civilizations are expected to be uncovered by the excavation of the biblical city Beth-shan, in Palestine, which is to be undertaken in June. The work will be done under the direction of Clarence S. Fisher, curator of the Egyptian section of the Museum of the University of Pennsylvania. Official permission to undertake this work has been received from the government of Palestine. 'Beth-shan is now known as Beisan. It is situated in the valley of Jezreel, just west of the Jordan and not far south of the Sea of Galilee. 'More great battles are believed to have taken place within sight of this city than, perhaps, on any other spot known to history. The investigators hope to find there the keys to the whole history of that section of the world written either on marble slabs containing the laws, decrees, treaties and other information or on bronze tablets or written in clay with cuneiform characters. 'Beth-shan was a strategic point of value to any of the great military leaders of ancient times who aspired to try his hand at world domination. It was on the route of all the builders of ancient empires. 'Noted Soldiers Fought Here. 'Beginning 5,000 years ago it suffered the blows of the armies of Sargon, Abraham, Hamurabi, Sennacherib, Nebuchadnezzar, Thothmes, Saul, David, Alexander, Pompey and Napoleon. Joshua
