FURTHER CONFERENCE DEFERRED TO MONDAY

On Basis of Discussion Secretary Davis Hopes to Reach Settlement

WASHINGTON, May 6.—Further conferences between representatives of the seamen's unions and Secretary Davis, who is attempting to reach a settlement of the wage dispute involving American shipping, were deferred today until Monday to give union leaders an opportunity to report to their organizations the terms of the proposed agreement as it has been evolved in the conferences.

Information Meagre.
The terms, it is understood, provide for a continuation of the eight-hour day and three shifts a day, which, it is said, has been a point of contention, together with a proposed reduction of wages, which government officials declare is not drastic.

The union representatives have refused to sign any agreement which provides solely for a reduction in wages, but have made no statement as to whether they would urge the workers to accept a reduction to preserve the eight-hour day.

Board Stands Fast.
On the other hand, Chairman Benson of the shipping board today to operators of shipping vessels in all ports that the board was standing fast in its refusal to discuss a compromise on the wage scale. He added, however, in a statement that the men had been invited to discuss wages and working conditions at any time.

ZBYSZKO WINS FROM LEWIS AND CARRIES OFF WORLD'S TITLE

NEW YORK, May 6.—Stanislaus Zbyszko of Poland won the heavyweight catch-as-catch-can wrestling championship here tonight by defeating Ed (Strangler) Lewis of San Jose, Cal., with a neck lock after 23 minutes of wrestling.

After several minutes of strenuous grappling, Lewis tried for his famous headlock and missed, falling on his back. The Pole quickly pounced upon him and pinned his shoulders to the mat.

Zbyszko weighed 225 pounds and Lewis 235. Both in Fine Form. The official time was 23 minutes and 17 seconds.

Both wrestlers were in excellent condition. They indulged in rough tactics from the start, but in the first 20 minutes neither seemed to have the advantage. Each tried for a toe hold in the first 10 minutes but without success.

While the men were struggling for an advantageous hold, Zbyszko rolled off the mat. Under the rules both wrestlers had to come to the center of the mat again and take a standing position.

In the encounter that followed Zbyszko got a half nelson and broke away from a body scissors. He then secured a combination

LABOR UNIONS TO COPE WITH PROFIT HOGS

Establishment of Cooperative Societies Announced By Leaders of American Federation.

IMMIGRATION BILL MEETS CRITICISM

Railroads Reply to Lauck's Charges of Financial Mismanagement

CINCINNATI, May 6.—Organized labor is planning to meet the high cost of living and profiteering by the establishment of co-operative societies.

Plans were discussed here today by the executive council of the American Federation of Labor and will be incorporated in the council's report to the annual convention of the federation in Denver.

The council, it was learned, will ask the federation to endorse the work of the federation's special committee on co-operative societies and give its full support to the movement, which has already gained headway in the central states.

Immigration Bill Opposed.
James Duncan of Quincy, Mass., vice president of the federation, said that all "other citizens in a sympathy with the trades union movement" would be asked to join in the co-operative plan.

The council, it was learned, disapproves the Johnston-Dillingham bill, just passed by congress. The council takes the position that at least two years prohibition of immigration is necessary to adjust after-war industrial conditions and prepare the country for a new influx of immigration from abroad.

The council has also under consideration a declaration demanding a "square deal" for labor under the anti-trust laws. If this cannot be obtained by legislation, the repeal of all anti-combination and so-called conspiracy laws will be asked.

Railroads in Rebuttal.
Labor's charges of financial mismanagement by railroads were declared irrelevant, visionary and fallacious today when representatives of eastern roads began their closing argument before the railroad labor board in nearly 100 roads.

The exhibit compiled by W. J. Lauck in behalf of the railway unions came under fire from E. H. Sennett, counsel for the Pennsylvania, John G. Waiber, speaking for all eastern roads; C. L. Harbo, in behalf of the New Eng-
