

BUSHEY ASKED TO CALL VOTE

Leaders of Various Organizations Demand Ballot On Health Nurse

In putting forth every effort to secure for Marion county a public health nurse, active health workers in the county are publicly requesting Judge Bushey to call for a vote of the people for information as to whether or not they favor continuing the work of the health nurse.

This follows a hearing given by the county court Thursday, when a large delegation met and urged that an appropriation for the nurse's salary for the rest of the year be made.

The appropriation was denied, on the grounds that no provision for the maintenance of the nurse was made in the financial budget for the year. That money from other sources might be appropriated was the contention of those interested in the work. Should the people be given an opportunity at the special election to express

themselves as to whether or not they wish the work continued, it is not considered the extra cost of such an expression would cause unfavorable comment.

In a statement regarding the proposal, B. F. Pound, commander of the American Legion, Salem post No. 9; Mrs. Walter Winslow, secretary of the Salem Methodist Home Missionary society; W. B. Morse, of the State Board of Health; Mrs. E. E. Fisher, of the Child Welfare Bureau; Mrs. Mary L. Fulkerson, county superintendent of Schools, and Mrs. W. E. Anderson are those who have signed the request, which is as follows:

"In view of the statement of Judge W. M. Bushey that the county court will not appropriate money for the support of a public health nurse for Marion county without such an appropriation being first approved by a vote of the people, and further,

"That constitutional restrictions prevent the submission of an initiative law authorizing the employment of a health nurse by the county court previous to the regular biennial election in November, 1922, and further,

"That Judge Bushey has the authority to call for a vote of information on the proposal at the June election, therefore,

"We, the undersigned, hereby publicly request Judge Bushey and the county court to call for such a vote of information on the county health nurse proposal at

the June election and thereby allow the taxpayers of the county the privilege of deciding whether or not they wish to continue the work of the health nurse without interruption."

EDITORIALS OF THE PEOPLE

COURT IS DEFENDED.

To the Editor:—As a voter, head of a family and a taxpayer, I wish to express my commendation of the county court of Marion county, Oregon, for routing the bootlegger and his ilk from Marion county. May the good work continue so that the clan of this worst enemy of society may eventually become extinct.

Judge Bushey and the county commissioners should pay no attention to that element which is attempting illicit manufacture, sale and use of alcoholic beverages by befogging the issue with much baseless talk about whether or not we shall continue to have a county health nurse.

I will vote for the county nurse proposal when opportunity arises and dare say that fully 99 percent of the advocates of law enforcement will do the same. It is useless to say that 10 percent of the bootleggers and their defenders would not support a county health nurse, law enforcement or any other movement tending to protect the home, the community, and produce an environment that will protect the health and morals of the young.

All of this talk about stopping innocent persons on the highways without warrant and searching houses without warrant, etc., is spurious, without any basis of fact or reason, and is used for the purpose of screening the persons who are seeking to profit off of the weaknesses and vices of many members of society.

The wise will heed not and the foolish are not numerous enough to make any difference, so I say to the county court of Marion county and the law enforcement league, or whatever it may be called, to keep up their courage and go after the bootlegger and his kind until they are exterminated.

BEARCATS LOSE TO CORVALLIS

Oregon Aggies Make Hits When Needed and Shut Out Willamette

A strong battery combined with timely hits in the second and eighth innings, with a home run in the sixth, gave the Oregon Aggies a victory by a score of 4 to 0 when they crossed bats with the Bearcats on Sweetland field yesterday. The Bearcat nine twice placed men on third base.

The pitching of Hughes, Argie Twirler, was largely responsible for the visitors' victory. "Tuffy" Irvin, Bearcat pitcher, showed up well on the mound.

The O. A. C. men won their first tally in the second inning. Hubbard had struck out and Sommers had knocked a neat two-bagger out to right field. Duffy sacrificed and put Sommers on third. A two-bagger by Hartman brought him home. They made their second score in the sixth inning when Duffy knocked the sphere over the fence, scoring a home run and bringing in Noonan. In the eighth inning McKenna, aided by two sacrifice plays, brought in the last tally.

The Bearcats played their best game in the fifth inning when Kirk went to third and Davies to second. With men on second and third, Willamette failed to convert the opportunity to score, when Hughes fanned Ganzans. The nearest which the locals got to the home plate for the rest of the game was third base, Towner placing himself there by a clean three-bagger to right field.

The game yesterday was called by a last minute arrangement after Gonzaga university with whom the game was originally scheduled, canceled its southern trip.

CREAMERY SUES STATE OFFICERS

Constitutionality of Food Law is Challenged By Corvallis Concern

The Corvallis Creamery Company, distributor of Nucoa butter, manufactured in New Jersey and Michigan, has instituted suit in the Marion county circuit court against Attorney General I. H. Van Winkle and L. Hawley, state food and dairy commissioner, alleging that the act of the "last legislature prohibiting the use of the word 'butter' " "cream" on substitute foods is unconstitutional. An injunction against enforcement of the law is asked.

The complaint declares that all the federal food regulations are complied with by the company relative to labeling, shipping, selling and advertising, but that because the word "butter" is used in the firm name of the Nucoa Butter company, the Oregon law prohibits the sale of its product in this state, although the label states all the ingredients used.

A further assertion is made that the new law is an attempt to regulate trade between states in that the Corvallis creamery procures the substitute product from the Nucoa company's San Francisco house. Another allegation of unconstitutionality is made on the grounds that the law is class legislation.

The new Oregon law will be effective May 25.

Golfers Go To Eugene Today for Tournament

Near two dozen members of the Illine country club will go to Eugene today for the first of the three cornered tournaments which will be played between the Eugene, Salem and Corvallis golfers.

The team, composed of F. D. Thielson, Erel Kay, Dr. H. H. Olinger, Arthur Hutehew, J. H. Farrar, E. L. Baker, P. H. Voree, Griffith, O. P. Locke, P. H. Voree, George M. Cox, A. A. Keene and George G. Brown, will play teams of 12 from each of the other two valley towns. The invitation issued to the Salem club included an invitation to all members of the club and their wives to attend. Entertainment for the visitors.

Chemawa Beats Prison Team by 13 to 1 Score

The Chemawa Indians defeated the state prison baseball team yesterday in a one-sided game 13 to 1. The twirling of Bottles for the Indians was too much for the state men and he fanned them in one, two, three fashion, allowing but one hit.

The Indians played stellar ball with but one minor error and showed good training. Chemawa gathered in 11 hits. Chemawa has a team of young players which is the making of a fast nine. They copied four out of six games.

Score by innings:—
1 2 3 4 5 6 7 8 9
Chemawa 13 3 4 0 0 1 1

BACK IS BROKEN BY LONG JUMP

Mrs. Iva H. Hayes, Insane Patient, Leaps Three Stories to Earth

In an insane attempt to escape or to commit suicide, Mrs. Iva H. Hayes, a patient at the state hospital for the insane, leaped from a third story window to the ground yesterday afternoon and received a broken shoulder and a broken back. It is doubtful if she will recover.

An attendant was washing the windows in the third floor dining room and necessarily had opened the guard. Mrs. Hayes was eating lunch in the room. At a moment when the attendant's back was turned she ran to the window and leaped to the ground. Mrs. Hayes is 42 years old. She was committed from Multnomah county last February. Her husband lives at Fort Jones, Calif. Mrs. Hayes had been making encouraging progress toward recovery and the hospital authorities had arranged to send her to California in a few days.

County Saves Money on Wood Cutting Contract

A saving of several hundred dollars to the taxpayers of Marion county has been made by the county court through the letting of a contract for cutting wood to be used by the court house and the county poor farm next winter. The contract was reported completed yesterday and consists of 245 cords of wood cut from the property of the county at Hopmere. Last year the county court had 220 cords cut off the farm and a saving of about \$900 was made in this way. Previous to this letting contracts for both supplying and cutting the wood had been the custom.
