Socialists and Clericals Lead Toward Bringing Negotiations on Reparations to Conclusion.

BERLIN, May 9.—(By The Associated Press)—Late tonight the party leaders admitted that there would be available Tuesday in the reichstag a safe majority in favor of ac cepting the allied ultimatum

The minority Socialists and Clericals in party conference today voted in favor of accepting the ultimatum of the allies. The German People's party by a vote of 59 to 5, rejected the proposition. The Democrats were in session at midnight.

As the Independent Socialists have favored yielding to the allies, it is believed there will be a sufficient majority in the reichstag for acceptance of the ultimatum.

Paul Loebe of the majority Socialists and president of the Reichstag will be commissioned by President Ebert with the task of forming a new cabinet.

Financier Advises Acceptance The advice which Robert Friedlaender, industrialist and financier, gives his countrymen in an examination of the allied ultimatum and protocol, is this: That fate of Germany and her
