

ARLETA TEAM BEATEN HERE

Fluke Homerun by Lund Is Responsible for Three of Senators' Scores

IRVINE IS GIVEN TRIAL

Willamette University Pitcher Called Upon to Relieve in Eighth

Although the Salem Senators made fewer hits and more errors than the visiting Arleta team from Portland Sunday, the Senators were able to win the game because Thompson, the Arleta pitcher, weakened in the fifth inning, allowing Salem four hits, one of which was a home run by Lund, scoring two tallies besides his own. To other runs had been made previously in the inning.

Lund's home was of freak nature. Slamming up against the right field fence, the ball crawled up the wall and dropped on the other side before Ballin could gobble onto it.

Lund pitched good ball most of the time, having held the visitors to six safeties when he asked to

be relieved in the eighth and Irvine of Willamette university went in. Arleta netted two more hits off Irvine, but they were not costly. Thompson, the Arleta hurler, was effective with the exception of the sixth when he was pitilessly lambasted by the Senators batters. However, he held Salem to seven hits.

Empires Setton on bases and Cutler on balls and strikes were clear of eye and made proper decisions throughout the game, and about the only thing that marred the game was the unjustified jawing at Umpire Cutler at times by some of the Salem fans.

The game by innings:
First Inning
 Arleta—Elliott made a two-baser off the first ball thrown by Lund. Lund evened up a moment later by stabbing a liner from Rathjen's bat and snapping Elliott out at second, making the only double play of the game. Huesing was out Miller to Keene. No runs, one hit, no errors.

Second Inning
 Arleta—Barr walked and Thompson sacrificed him to second, the former going out Rathjen to Huesing. Ballin and Harris

fanned. No runs, no hits, no errors.
Third Inning
 Arleta—Scott was safe on Miller's error. Murdock was safe on fielder's choice and Scott was safe at second. A moment later Edwards whipped Murdock out when he wandered too far away from first. Elliott tapped one into the diamond and Lund threw Scott out at third. Elliott taking first on fielder's choice. Elliott attempted to steal second and was thrown out by Edwards. No runs, no hits, no errors.

Fourth Inning
 Arleta—Rathjen out McKenna to Keene. Huesing tied to Miller. Barr hit a two baser. Thompson out McKenna to Keene. No runs, one hit, no errors.

Fifth Inning
 Arleta—Ballin out McKenna to Keene. Harris struck out. Scott out Edwards to Keene. No runs, no hits, no errors.

Sixth Inning
 Arleta—Murdock singled. Elliott singled, advancing Murdock to second. Rathjen whiffed. Huesing

struck out. No runs, two hits, no errors.
Seventh Inning
 Arleta—Thompson out Proctor to Keene. Ballin singled. Ballin out McKenna to Miller when Harris took first on fielder's choice. Harris went to second when Edwards let one go by. Scott fled to Hayes. No runs, one hit, no errors.

Eighth Inning
 Arleta—Murdock safe on Proctor's error. Elliott safe on fielder's choice when Lund erred in trying to get Murdock at second, who was safe. Rathjen fled to McKenna. Huesing hit a double, scoring Murdock and advancing Elliott to third. Irvine went into the box for Salem to relieve Lund. Barr singled, scoring Elliott and Huesing. Barr was thrown out at second by Irvine. Thompson fanned. Three runs, two hits, two errors.

Ninth Inning
 Arleta—Ballin was fanned by Irvine. Harris singled. Fagen, batting for Scott, fanned. Murdock fled to Irvine. No runs, one hit, no errors.

WATER BOARD HAS PROBLEM

Orchard Company of Malheur County Brings Contentions to Salem

SETTLERS ALSO APPEAR

Silvies River Project of Harney Also Under Official Advisement

Whether the Orchard Water company, successor to the Willow River Land & Irrigation company, has completed its water rights on Willow creek in compliance with its original agreements, is the question that was submitted to the state water board for final determination at a meeting held here yesterday.

These water rights, according to representatives of the Orchard company, were adjudicated several years ago and the corporation was given until January 1, 1918, to comply with its contract and supply water to the lands involved in the project. It was alleged by the Orchard company that the provisions of the original contract had been complied with, and that the final certificates should be issued.

Denzal Urges
 Attorneys representing some of the settlers urged that certain rights upon which proof was submitted should be denied by the board of its water on the grounds that in granting the request of the company many persons now located on the lands would be deprived of benefits to which they are entitled. This was denied by attorneys for the Orchard company.

All of the rights included in the project were adjudicated under the old Willow River Land & Irrigation project, which contemplated the reclamation of approximately 20,000 acres of land in Malheur county. To this end the company constructed a reservoir, and alleges that it provided water for approximately 4600 acres of land.

The settlers on the other hand, contended that the company used much of its water on its corporate lands with the result that there was insufficient water to protect their interests.

Silvies River Up.
 H. M. Cake appeared on behalf of the residue interests of the old company.

Adjudication of water rights on the Silvies river in Harney county came before the state water board for consideration. This matter was referred back to the water board by the circuit court of Harney county, and certain persons who appeared requested that the entire case be reopened for further consideration.

Board Is Considering.
 Both propositions were taken under advisement by the water board, which is composed of George Cochran of La Grande and Percy A. Cupper, state engineer.

Attorney George Davis appeared on behalf of the Orchard Water company in the former hearing, while Attorneys Nichols and Hallock of Baker represented the settlers.

Humors Come to the Surface
 In the spring as in no other season. They don't run themselves all off that way, however, but mostly remain in the system. Hood's Sarsaparilla removes them, wards off danger, makes good health sure.

ENGINEER BOARD TO GIVE TESTS

State Bureau Grants 1211 Certificates in Period of One Year

The state board of engineering examiners will conduct an examination at 520 Corbett building, Portland, Friday, July 8, 1921, for registration of professional engineers in the state of Oregon. Application blanks may be received from A. B. Carter, secretary of the board, 520 Corbett building, Portland. All applications should be in the hands of the board at least 30 days previous to the date of the examination.

Ten applicants took the examination for registration on March 11, 1921. Of this number the following applicants were granted certificates on May 6:

O. E. Smith, Estacada, Ore. E. P. M. Kytte, Brookings, Ore. C. E. H. T. B. Glaisyer, Salem, Ore. C. E. E.
 On July 1, the state board of engineering examiners will have been in existence for two years, during which time certificates of registration have been granted to 1211 applicants living outside of the state.

Rickreall Residents Pleased at Settlement

RICKREALL, Ore., May 23.—The residents of Rickreall and vicinity are rejoicing over the amicable settling of the highway dispute. While not all concerned could be entirely satisfied, peace has been restored to such an extent that contracts are to be let for the grading on the west side of the Salem-Dallas road and will be resumed in the near future.

This is good news to those who have had to travel the rough roads to and from Salem and Dallas and will also give work to many more workmen who are idle now.

The Ladies Aid of Rickreall was entertained at the home of Mrs. T. S. Burch Wednesday. There was a large attendance. After the business was finished a very pleasant social hour was enjoyed during which refreshments were served by the hostesses.

Quite a number from here attended the May Day program given at the Monmouth Normal campus last Saturday. Many took their lunches and enjoyed a picnic on the grounds while others motored over for the afternoon.

Rev. and Mrs. J. L. Burns are spending a few days visiting at Wells and the other neighborhoods of his appointments. They will return Sunday evening.

Mrs. Shreman of Portland is very ill at the home of her niece, Mrs. A. R. Cadle. Her son and wife arrived from Portland Friday to help care for her.

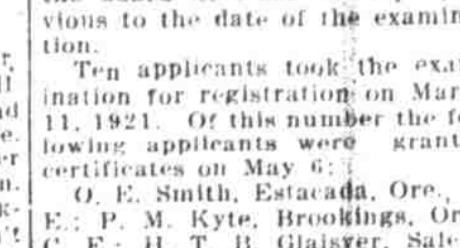

Mrs. Fred Koster and son Raymond of Dallas attended the Ladies Aid and visited friends here Wednesday.

Mrs. A. Hill was a Dallas visitor Monday. Miss Mabel Craven of Dallas visited friends here Monday. Mr. and Mrs. Peter Price have spent a few days at the home of J. O. Price. Mr. Price is to take charge of the Derry depot as soon as he can be relieved at Halston.

Two Trustees Escape From State Penitentiary

George Evans and Lee H. Way, trustees at the farm of the state penitentiary, escaped Sunday and no trace of them has been obtained. They were mired when the convicts were counted in the day night. Evans was sentenced from Union county for five years for horse stealing, and Holliday from Harney county for two years for larceny in a dwelling.

Develop Your Home State by Patronizing Your Railroads

The development of Oregon and its Railroad Transportation service is a matter of importance to you. A vital factor in the development of Western Oregon is the Southern Pacific Company.

Did You Know

Southern Pacific payrolls in Oregon for 1920 amounted to \$11,083,754.93
 Southern Pacific purchases in Oregon for 1920 amounted to 4,519,888.00
 Southern Pacific taxes paid in Oregon for 1920 amounted to 1,110,038.86
 Southern Pacific total distribution in Oregon for 1920 amounted to \$16,713,681.79

Southern Pacific is the largest payer of taxes in Western and Southern Oregon. Southern Pacific taxes average 7% of all taxes paid in every county through which it operates.

To continue these payrolls, purchases, taxes, and provide better facilities and convenient, safe, rapid and frequent service is the aim of that Company.

Why not travel on Southern Pacific trains and do your part to enable that Company to keep pace with the further development of Oregon.

IF BACKACHE OR KIDNEYS BOTHER

Eat less meat, also take glass of Salts before eating breakfast

Uric acid meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to cleanse the clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Drugists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

STUDENT PLAY IN THIS WEEK

Comedy Drama by Oscar Wilde Will Be Presented By Snikpoh Club

A drama which is expected to set new standards in high school dramatics for perfection of technique and humorous interpretation is anticipated in the presentation Wednesday night of the difficult English Oscar Wilde success, "The Importance of Being Earnest," by the Snikpoh Dramatic society of the high school under the direction of Miss Marie Churchhill. Local critics who have reviewed rehearsals predict success for the play.

The attempt to present so difficult a drama by a high school cast is unusual and its success credit upon both its cast and directors. The necessity of changing the date of presentation because of the conflicting date of the senior play has made the management of the play difficult from a financial point of view.

The play is typical of the modern English comedy-drama, is permeated through with a keen
