

**BITS FOR BREAKFAST**

Good old summer time. Soldier loan week next week. Flinders poppies will be worn in Salem Memorial day. The American War Mothers have them for sale, at Woolpert's drug store.

Get your seed quickly, if you are going to plant broccoli.

A Portland man says there are more buildings being constructed in that city than ever in its history. Salem is not far behind, or will not be, when the full program gets going. Oregon is growing fast.

The paved roads program in Marion county is going forward in fine style. Getting up out of the mud and the dust fast.

There should be no delay in getting the Pacific highway

streets through Salem paved. This city must not stand in the way of having every foot of this highway through Marion county paved before the fall rains set in before the state fair, if possible.

The Salem school directors are not to be envied. They have their troubles and problems.

**\$28,000 Check Received From Portland Estate**

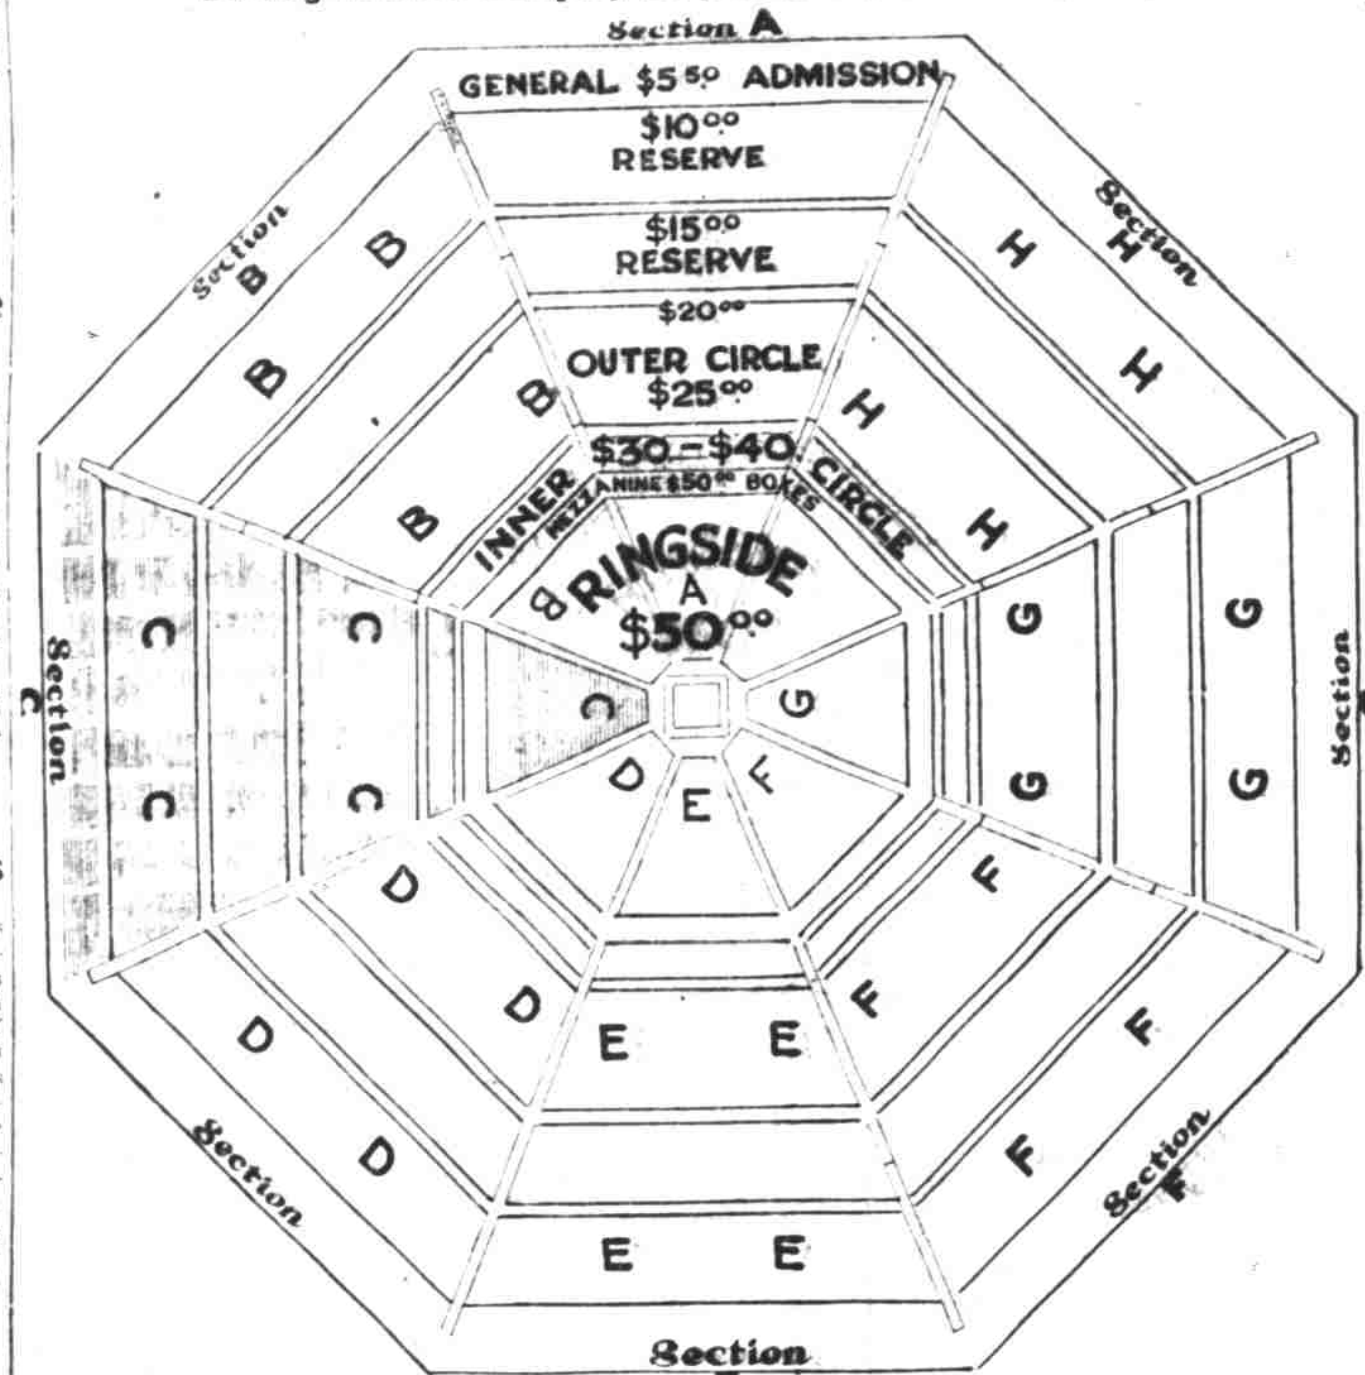

The state treasurer's office yesterday received a check for \$28,000 from the estate of the late John Clark of Portland, the payment being for inheritance taxes from the heirs. The valuation of the estate was fixed at \$897,000. The inheritance tax issue was carried into the supreme court to determine the question whether the \$10,000 exemption provided by law applied to the estate as a whole or to each individual heir. The court held against the heirs, to the effect that the exemption applied to the estate as a whole.

**Attorney is Appointed To Handle Collections**

C. C. Page, of Polk county has been appointed by the state industrial accident commission as attorney to handle litigation in connection with the collecting of assessments under the workmen's compensation act. Mr. Page has been with the statement department of the commission for some time. He is an attorney of considerable experience. J. A. Benjamin of the attorney general's office will be relieved of this work but will continue to handle adjustments of the commission that are appealed to the courts.

Bearcats Have A Limited Squad, But Coach Avers He Has Sufficient

**WHITMAN IS OPPONENT**

Possibility of Moving Athletic Field is Discussed by Committee

When the Willamette Bearcat nine comes home Saturday night, each member with at least one victim in his teeth and dragging a varied assortment of others by the hind legs, the university is likely to be just about ready to build them one of the newest gymnasiums that ever was. The team left Tuesday afternoon for Walla Walla, to meet Whitman in a three-days battle. If they win all these, and then trounce Multnomah on their way home Saturday they will have earned that gym.

Men Enough, Says Mat. It's a hard series, however, and they start with only 10 men in the squad. Coach Mathews, on being interviewed, said: "We don't need any more men."

There will be no accidents. Every one will play the whole series, with only the one change for the pitcher's box. The boys are in good condition, and they are going to do their best—and we're coming home with all that we can possibly win."

Those in the squad are: Pitchers, Irvine and Ellis; catcher, Townner; first, McKittrick; second, Page; third, Shaffer; short, Davis; right field, Dimick; center, Ganzans; left, Powers. Coach Mathews accompanies the team.

**Like the Old Days.**

It looks like one of the line-ups of 40 years ago, when everybody was an "iron man" and played in every game, even though he had broken a neck or a leg or some other minor appendage—he simply had to play it out, for that was his business. That was the training for the immortal "Pop" Anson, Wright, Kelly, Flint, Brouters and all those stars that made baseball. There were no temperamental players in those happy days. If a man had an off day, his playmates took him out behind the barn that night and worked him over with a ball bat or a wagon load of bricks—they cured nerves by such simple faith and laying on of hands. Coach Mathews is training his team along the same Spartan lines, and the result is in the hands of the fates that watch over brave men.

**Season to Close.**

This will close the athletic season for Willamette. There will be not so much as a thumb-twisting match left this year. Exams are coming on, and the horrors of hard summer work. There isn't time to waste on running rings around a lime-painted track, or chasing an infernal horsehide through miles of tangled grass. The Willamette record for this, the first year of the conference schedule, has been remarkably gratifying; not at all uniformly a winning record, but a great showing for the newest team in the conference.

**Field May be Moved.** Sweetland field may be moved, like the man who dug a well out of his farm, by moving it a few feet at a time so that he always had a hole to put the new diggin's into. A careful survey made this week indicates that it might be

possible to do a little grading and move the field several hundred feet farther to the east, taking in all the low ground that is now unused, but usable east of the present oval. It might be possible to build a kite track, with the small end to the eastward. This would make somewhat sharper, or rather more complete turns, but longer straight-aways, and might prove a good solution for the utilization of all the ground. With the growth of the university, and the need of more buildings, this utilization might be very desirable. A full quarter-mile track will be maintained, it is understood, whatever else is done.

**Grounds Are Scanned.**

It has been proposed to rebuild the gymnasium with this track revision in mind. The building would go farther back than the old one, toward the east end of the campus. The gymnasium committee of the board of trustees, composed of Dr. B. L. Steeves and Dr. C. G. Doney, A. A. Lee, Paul Wallace and Thomas H. Kay, met Tuesday afternoon and went over the ground. They have no report to make at present, but it is understood that they have in contemplation such plan for extending Sweetland field as indicated.

No final action will be taken on the new gym until the meeting of the full board of trustees, about the middle of June.

A certain bishop is absent-minded. One day he was on a railway journey and when the conductor came to punch his ticket he couldn't find his.

\$1.50 A MONTH FOR Hood's Sarsaparilla

The best spring medicine treatment that will purify, vitalize and enrich your blood. Small doses after each meal. Pleasant to take, economical and efficient. A month's supply in every bottle.

**More Than This.**

It creates an appetite, aids digestion and assimilation, and makes food taste good. A wonderful remedy for impurities of the blood, rheumatism, lumbago, catarrh, scrofula, eczema, to give nerve, mental and digestive strength and to build up after protracted illness, influenza, grip, and fevers. A bottle to the wish is sufficient. Get a bottle of Hood's Sarsaparilla and begin to take it today. Hood's Pills, small doses, a mild laxative; larger, an active cathartic.

"Never mind, sir," said the conductor, who knew the bishop well. "You will perhaps have found it by the time you get to the end of your journey."

But the bishop went on fumbling in pocket after pocket. "I must find that ticket," he muttered anxiously. "I want to know where I'm going."

**Out of the Kitchen**

It's easy to keep your kitchen neat and clean when you have a good oil cookstove. You also have lots of time for enjoyment out of the kitchen.

A good oil cookstove with Pearl Oil is clean and economical. A steady dependable heat is concentrated on the cooking, leaving the kitchen cool and comfortable.

Pearl Oil is refined and re-refined by a special process. It is clean burning—uniform. For sale by dealers everywhere.
