Demonstration NeNar National Club Brings Police Interference

BELFAST, May 26 .- Unionists have done better in the elections than they anticipated, the Sinn Peiners worse than their prophets redicted and the Nationalists no more than they look for. Unionists expected to win 34 of 52 seasts. They will probably get

learer 40 seats. Daniel McCann, chief lieutenant n Belfast of Joseph Devlin, Naionalist leader, had hoped for 14 eats, but did not really believe Feiners could be returned, anad he proved a good prophet.

Belfast Shows Gains Counting of the ballots will not probably until the in is the only Nationalists or Sinn Feiner who will have a seat for Belfast and even he was beaten in his own stronghold for first place by his Unionists opponent, T. H. Burns.

Louis Walsh, Sinn Feiner, who was permitted to leave the detention camp to take part in the election and who headed the poll in the county council election is now nearer the bottom of the poll, although there are many Sinn Feiners in North Antrim and the Glens of Antrim. The Unionist, Barhour, headed the list with some 17,000 as compared with Walsh's less than 5000.

Belfast Excited Belfast was as excited tonight

as at any time since the opening of the campaign. The streets were crowded and processions marched to and fro accompanied police and armored cars. Two of these cars later were stationed outside the National club to stop demonstration organized by Mr. Devlin's followers, which it was feared might start rioting. In other parts of the city the celebrations were not interferred with. although steps were taken to keep the opposing factions apart.

#### Two Bay City Men Die When Their Boat Burns

PORTLAND, May 26 .- Captain E. Derock and his helper, G. Loughead, both of Bay City, were drowned Tuesday when the 15-ten gasoline boat Dorothy May, which they operated between Bay City and Bay Ocean, burned on Tillamook bak, according to advices received from Bay City

tragedy was discovred early today when the bodies of the two men and later the charred wreckage of the boat were found loating in the bay.

The two men had left with the cat for Bay Ocean and were beleved to have been about half a mile from Bay City when the acident occurred. They were not nissed until Wednesday when earch was begun.

rounds, the most work he has Generations From Lexington to Argonne Characterized as Valorous

> NEW YORK, May 26 .- President Harding in a Memorial day message to the American legion made public tonight, expressed hope that the future would bring less need for further national sac-

The message follows: "Americans have never been

nuch given to the establishmen of holidays and fete days. Peraps our national life has been so short, and entirely within so matter of fact and practical a period of the world's history that we have been little moved by the sentiments that such occasions inspire. Yet, I think no nation has of consecration that represented morial day. To its observers we have brought the full measure of sincere reverence and gratitude that a great people is ever to entrtain for those who have made the great sacrifice in its behalf. Call Always Answered.

"Memorial day marks our reegnition of those who, from our national beginnings, hav deserved the most that the nation could give of gratitude and apprecia-tion. It remarks us that in every generation, from Lexington to the Argonne, our valorous sons have well deserved the highest tribute that a nation, fortified, defended. preserved, could give to them Whenever the demand has come and whenever it may have called the sons of our proud land, it has always been answered. National Honor Protected.

"Though we have never been a militant or war-loving people. there has been no time when Americans did not rise to the full measure of the requirement which national honor and national safety imposed on them. When national safety was the cause, the response was always insistent and decisive. When civilization summoned and our sons were called to the other seas and soils, we saw the same promptness, the same zeal, the same devotion Peace Year, is Hope.

On this Memorial day of 1921 we stand, I trust, very close to purpose that, in the coming years our nation's aim and policy shall

be directed to make crtain that there shall be the least need for further sacrifices, greatest guarantees of the stability, the permanence and inspiring character of those institutions of liberty to which our nation has been dedi-
