## ARMED COLORED MEN SURROUND TULSA JAIL

National Guardsmen Are Ordered Out by Governor To Quell Trouble

TULSA, Okla., June 1.—Two white persons and one negro are known to be dead and many other persons injured, some seriously, as the result of race rioting here last night. Three units of national guardsmen were ordered out by Governor Robertson and early this morning officials believed the situation well under control although armed whites and negroes were still in the streets.

Minor clashes continued at frequent intervals. It was believed that many of the casualties had not yet been listed.

**Alleged Assault Cause**  
The trouble is believed to have started when a negro was arrested late Tuesday for an alleged attack on a white girl. About 7 o'clock automobiles filled with armed negroes appeared on the principal streets, headed for the county court house where the negro was confined.

Shortly after the jail had been surrounded by approximately 200 negroes, several armed white men appeared.

The first firing occurred when a negro was stopped by an officer and his gun taken away. He attempted to resist, according to the officer, and was shot dead.

A call for Governor Robertson was put in and Adjutant General Barrett ordered national guard troops at Muskogee, Oklahoma City and Wagoner, Okla., held in readiness and had placed three Tulsa units in the streets. This morning the units formed a cordon about the main business section and negro districts.

## FIRST ORDER FOR TIN CANS PLACED BY PRODUCERS CANNING-PACKING CO.

The first order of tin cans for the coming canning and packing season to be placed with the American Can company of Portland has been placed by the Salem Producers' Canning & Packing company, the newly organized concern which has taken over the F. A. Kurtz plant.

The promoters of this company who are establishing similar concerns in many parts of western Oregon, on Saturday completed the stock sales for the Dallas plant. The financing of the Silverton plant also has been completed, and for the latter, which is known as the Silverton Pro-

## RACING PROGRAM IS ANNOUNCED BY SECRETARY OF STATE FAIR BOARD

Purses aggregating \$17,000 will be awarded to the winners in the several speed events to be held in connection with the 1921 state fair, according to announcement made yesterday by A. H. Lea, secretary of the state fair board.

The races will be held on five afternoons of the fair, and will be featured by the 2:08 pace and 2:12 trot, for which purses of \$2000 have been provided by the management. All events will be governed by the rules of the North Pacific Racing association.

## WILLAMETTE STUDENTS PRESENT GIFT TO MATHEWS AS HE GOES TO SEATTLE

Coach Mathews must have been surprised, for one eye-witness says he replied only about three words, and another vernacular chronicler professes to have counted 10 full words. But when the Willamette student body, through Paul Flegel as spokesman, presented him with the finest traveling bag that money could buy, he wasn't in a talking mood.

Plot Laid Some Time Ago.  
The presentation was made at chapel service Tuesday. It has been plotted for some time past, but the students were waiting until the return from the Whitman trip. When he brought the team home, not exactly winners from the Whitman series, but still well above the all-enders of the series in this first year in the conference schedule, the students couldn't wait any longer.

Coach Mathews—his real name is said to be R. L., though hardly anyone in Salem ever knew it, he being always known only as "Coach"—came to Willamette six years ago. He has been on the job steadily, taking the few students that were offered and building them up into cracker-jack teams that make even the best of the big opponents fight to hold them. His assiduity and

The body of Angus Livingston Kinsey, 13 years old, was found by searchers in the north fork of the Santiam river at a point about one mile west of Stayton yesterday. Investigation indicated that the boy was drowned while attempting to ford the stream which for the past two months has been swollen as a result of the spring freshets.

Young Kinsey and his brother, the latter of whom was 12 years old, left the home of his parents early in March for Meham to buy groceries. When they failed to return home at night their parents became alarmed and Sheriff Lower of Salem was notified. Subsequent investigation by the officer indicated that the boys had visited the Meham store, purchased the supplies and were seen by acquaintances while en route from there to their home.

Although a systematic search was made for the boys neither of them was located until the body was found yesterday. Officers expressed the opinion last night that the younger brother was also drowned, and the river is being dragged for his body.

Immediately upon finding the body Coroner Rigdon was notified and visited the scene of the drowning. He declared last night that an inquest was not necessary.

Besides his parents, Mr. and Mrs. Leo Kinsey, the boy is survived by a sister. The family lives near Meham where the funeral will be held tomorrow.

## FEDERAL OFFICER SHOT BY MISTAKE

McLachlin Gets Bullet in His Back from Posse Hunting Robbers

LA GRANDE, Ore., May 31.—L. H. McLachlin, deputy United States marshal, was shot in the back early today by members of a party from the sheriff's office here who were searching for some reported holdup men.

The small posse from La Grande saw a man sitting on the river bank with a gun across his knees. The party ordered him to throw up his hands, but not hearing the commands, McLachlin paid no heed, and a shot was fired. McLachlin, who led the party which captured two of the slayers of Sheriff Taylor of Emmet county, was brought to La Grande where he received medical attention. It was said he would survive. McLachlin said he was waiting for an automobile to pass which he believed carried whiskey.

## SALEM DRAWS TRAVELERS OF MANY STATES

Superintendent Albert Reports 544 Automobiles at Camping Ground During Month of May.

## MOST ARE TOURISTS ON LONG JOURNEYS

Hundred Cars Spend Sunday at Park; Picnickers Become Numerous

At least 544 cars of tourists and picnickers visited the Salem auto camp grounds during the month of May, according to the report of Superintendent T. G. Albert. This is in unusual contrast to the number of cars that took advantage of the grounds from May 17 until May 31, the first two weeks after the opening of the grounds last year.

Four hundred and twenty-six of the total number last month registered as tourists while 118 car loads were not registered. One hundred cars spent Sundays at the grounds and 18 were there on Memorial day.

California licenses appeared most among the 426 cars that registered, 145 registering from that state. This is due, not to the fact that so many California people are already traveling, but that eastern people who have spent the winter in that state are starting on an early return to their homes. The other states ranked in the following order: Oregon 141, Washington, 100, Montana 13, Arizona 5, Idaho 4, Colorado 3, Florida 3, Indiana 2, Arkansas 2, Wyoming 1, Texas 1, Illinois 1, Iowa 1, Ohio 1, Minnesota 1, British Columbia 1, and South Dakota 1.

Those registering yesterday were Mr. and Mrs. N. A. Ells, Denver, Colo., returning from winter at Baker, Ore., by way of southern California route; Mr. and Mrs. J. Haggerty and family, Calisval, Mont.; Rev. and Mrs. C. B. Seeley, Oakville, Wash., to Los Angeles; Mr. and Mrs. A. Jackson, Butte, Mont., returning home via southern California; Mr. and Mrs. Charles B. Young and Miss Mary Dickson, Redding, Cal., to southern Idaho; Mr. and Mrs. Allen W. Stetemuth, Chicago, returning home via northwest; J. H. Davis, Vancouver, Wash., to southern Oregon and California; Mr. and Mrs. O. H. Bertram and family, Sacramento, Cal., to Georgetown valley, Wash.; Mr. and Mrs. W. Ball, Los Angeles, to Puget Sound; Mr. and Mrs. W. R. Kennison and family, Walla Walla, housekeepers; Mr. and Mrs. R. A. Kennison and family, Walla Walla; Mr. and Mrs. A. Jackson, Butte, Mont.; Mr. and Mrs. D. F. Reid, Spokane, returning from trip to California.

## PAPER MILL HAS DANGEROUS FIRE

At Least Two Tons of Product Destroyed, Machinery is Menaced

Fire originating in the basement of the Oregon Pulp & Paper company, last night about 9 o'clock, destroyed a large quantity of paper in storage in the basement. The exact extent of the damage could not be ascertained last night, as an inventory of the loss could not be made until today. It is estimated that at least two tons of paper, some of which is of a high class, was destroyed by the water and fire, and may mean a loss of upwards of \$500.

Just how the fire started is not definitely known, though it is the general opinion that workmen who were in the basement at the time, had been smoking and carelessly threw a match or possibly a cigarette stub into a pile of loose paper.

Prompt action of the fire department averted a serious fire. Tremendous quantities of paper were stored near where the fire was located and some of the machinery was in immediate danger. Workmen were employed until late last night cleaning up the debris and inspecting the machinery to avert any further mishap.

## C. B. DURDALL IS BOUND OVER

Thomas Johnson, 75 years old, was arrested yesterday morning by Chief of Police Moffitt, on a charge of having made advances to a little 8-year old girl. He was arraigned before Judge G. E. Urub at 11 o'clock and given a hearing later when he was bound over to the grand jury.

Only Companies That Specifically Applied Relieved, Others May Come Into Line Later.

## 31 LABOR UNIONS WILL FEEL RESULT

Pay Reductions Vary From 5 to 18 Per Cent and Cover Wide Range

CHICAGO, May 31.—(By The Associated Press)—An estimated \$400,000,000 will be slashed from the nation's annual railway wage bill when an order cutting wages an average of 12 per cent to be handed down tomorrow by the United States railroad labor board becomes effective June 1. The order affects members of 31 labor organizations, employed on 104 railroads.

While the decrease is specifically applied only to the roads whose cases have been heard by the board, the decision says it may later be applied to any other road asking a hearing under provisions of the transportation act.

**Reduction Computed.**  
Percentages of reductions computed by members of the board gave the average of 12 per cent, and the same source estimated the annual reduction in wages at approximately \$400,000,000.

The decision brought reductions varying from 5 to 13 cents an hour or from 5 to 18 per cent, and in the case of section laborers wiped out the increase granted them by the \$600,000,000 wage award of July 20, 1920. For section men the reduction was approximately 18 per cent or from \$3.70 to \$3.02 per day.

**Cuts Are General**  
Switchmen and shop crafts were given a 9 per cent reduction while train service men were cut approximately 7 per cent. Car repairers were cut about 10 per cent.

Common labor pay, over which the railroads made their hardest fight, is to be reduced 6 to 9 1/2 cents an hour, cutting freight truckers average monthly wages to \$97.10 and track laborers to \$77.11. This new schedule still gives section men an average daily wage of \$3.38 for an eight-hour day, although considerable testimony offered by the roads showed common labor wages as low as \$1.50 for 10 hours.

Shop crafts employes and train and engine service men, except those in passenger service, are reduced 8 cents an
