

Gigantic Unloading Sale

Most Daring Underselling Event Ever Attempted

We are determined to let this surplus stock go! Like a bombshell from the clear summer sky come these startling bargains. Former prices have been uprooted. New lowest prices have taken the place. Nothing can stop us now. This stock must go at once. Groceries, Dry Goods, Shoes, Ladies' apparel, men's clothing, boys' and girls' furnishings—Everything. Nothing is reserved. We will make this sale go down into mercantile history as the greatest demonstration of the buying powers of the dollar. Remember, the stock goes regardless of tremendous sacrifices in profits and costs. The far-reaching magnitude of this will be realized when we throw open our doors on Friday morning at 9:30

Here Is the Reason:

Last March Mrs. Solof went East, and through her natural ability of goods buying was enabled to buy tremendous stocks of spring and summer goods at as low as one-third below the present wholesale market prices. These two seasons failed to come. The stock remains on our hands. We must unload at once. We fully realize profits and costs must be entirely forgotten. The sensation of the century will be caused when we open our doors to this, the most reckless price cutting sale ever known in the history of the entire Northwest. From twelve counties lines miles long of vehicles of every conceivable description will be overtaxed bearing entire families who will eagerly come in answer to an opportunity to save truly offered only once in one's lifetime.
