

HARDING TALKS TO GRADUATES

World Peace is Theme of President's Address At American University

PRAISE GIVEN CANADA

Two Countries Said to Set Example That Will Prevent Future Wars

WASHINGTON, June 8.—President Harding, delivering a commencement address today at American university, found the subject of world peace occupying so prominent a place on the program that he was prompted to depart from his manuscript and declare for the preservation of peace by sovereign states, without interference of a world "super-power."

The president's remarks followed an address by N. W. Rowell, K. C., of Toronto, who suggested that the best contribution North America could make to civilization was "for men on this side of the water" to stand together behind

the movement for peaceful settlement of disputes.

Jusserand Speaks.

Another speaker who touched on the question of peace was J. J. Jusserand, the French ambassador and the general discussion developed such a trend that Bishop J. W. Hamilton, presiding chancellor, referred to the gathering as a "peace conference."

Before singing began American, British and French flags were raised over the outdoor speakers' stand.

"I do not think I could for this occasion pass," said the president, "without giving assent to many of the appropriate and appealing things just uttered by Dr. Rowell. I liked his expression that American and Canadian ideals are in common, and when he spoke about the North American contribution to civilization and to the world, it occurred to me that the example of two great peoples living side by side in peace, confidence and in mutual understanding is about the finest contribution that two nations could give to the world."

Canadian Praised.

"I have said that if all the nations were as honest and unselfish as our republic, there never would be another war. I will revise it and say that if all the nations are as unselfish and devoted to their ideals as the United States and Canada there never will be another war."

"I call attention to the fact that the United States and Canada have settled their controversies satisfactorily without resort to a superpower but by the exercise of the sovereignty of free peoples

dealing with one another. If we can commit civilizing humanity to abiding righteousness and everlasting justice and inspire them with our example, we will have made a long stride toward the peace of the world."

Yorktown Recalled.

With that Mr. Harding plunged into his prepared address, in which he enjoined all graduates to dedicate themselves to restoring stability in a world where "almost nothing" remains secure from the attacks of iconoclasts.

In introducing the French ambassador, Bishop Hamilton declared that the American and French armies were plighted at Yorktown a "marriage" band which actually was sealed years later in Flanders.

"The bishop has referred to Yorktown," said Mr. Jusserand, in beginning his speech "and well he may. The three flags above us represent the three nations in Yorktown; one of them in those days on the wrong side, but on the right side now. Those three flags are different in their arrangement of colors, but, heaven be praised, they are blessed with the same colors, the red, and white and blue."

LEGION THANKS OREGON PEOPLE

Gratitude at Result of Tuesday's Election Expressed in Salem

"The American legion here is resting happily and contentedly as a result of the tremendous majority given the soldiers loan measure by the patriotic citizens of the state of Oregon at Tuesday's election," says a statement put out last night by Commander B. E. Poynt and the executive committee of Capital post No. 9. "The veterans find it difficult to express adequately their gratitude and appreciation to the people of this commonwealth, but each ex-service man is sincerely grateful for the continued expression of confidence in him which the voters so unquestionably have given by their endorsement of the plan for soldier betterment and state development which has been sponsored by the American legion."

"It is realized by headquarters of the local post that without the whole-hearted aid and assistance of our townspeople and the people of Marion county in giving much of their time and assistance to the education of the veterans to the merits of this constructive measure, that it would have been impossible at this time, in the face of high taxes, to have carried Marion county in this splendid manner which has just been accomplished."

"The individual members of the American legion feel the people of this great state will not be disappointed in the trust reposed in the veterans and, as it is the purpose and intent of the legion leaders to stimulate interest in, and assist veterans to enjoy the benefits of, and urge every individual ex-service man to take the lead rather than the cash bonus, it is hoped and believed that the state of Oregon, Marion county and the city of Salem will be materially and permanently benefited as well as Oregon's ex-servicemen as a result of this new law."

Several Oregon Counties Vote Local Road Bonds

Reports have been received at the office of the highway commission which indicate county road bond measures have carried in Douglas, Coos, Wasco, Deschutes and Grant counties. Hood River, Curry and Lincoln are not reported. The bill failed in Yamhill county. The amounts involved are:

Coos, \$200,000; Douglas, \$1,000,000; Deschutes, \$50,000; Yamhill, \$50,000; Hood River, \$250,000; Lincoln, \$250,000; Curry, \$150,000; Grant, \$250,000.

GOOD FOR WOMEN, TOO

Foley Cathartic Tablets have long been a favorite physic with men. Women suffer as much as men do from indigestion and constipation, and they also require a scientific remedy to keep the stomach sweet, the liver active and the bowels regular. Mrs. George Powers, 84 Winthrop Ave., Revere, Mass., writes: "I have taken Foley's Cathartic Tablets and I recommend them to every one." They banish biliousness, headache, bloating—Sold everywhere.—Adv.

They never made a cigarette like this in my day—

The Camel idea wasn't born then. It was the exclusive expert Camel blend that revolutionized cigarette smoking.

That Camel blend of choice Turkish and Domestic tobaccos hits just the right spot. It gives Camels such mellow mildness and fragrance!

The first time I smoked Camels I knew they were made for me. I knew they were the smoothest, finest cigarette in the world, at any price.

Nobody can tell me anything different.
