GIRLS OUSTED BY SOLDIERS

Disabled Italians Invade Ministries and Throw Out Female Clerks

ROME, May 31.—Italian soldiers who were more or less mutilated during the war lately have taken the law into their own hands and have swarmed in thousands into many of the government ministries, taking possession by force of the places of the many young women who gained a footing there during the war, and so far have refused to be displaced.

Newspapers are being flooded with letters, some few of them arguing that the women clerks have earned the right to work if they please, and to support themselves, but most of the writers telling lurid and terrible tales of the frivolity of these daughters of Eve; of the little work they do and the great amount of time they waste on flirtation and on their toilettes; of the alleged subversive effect they have in well-regulated ministries, and of many families whose peace is said to have been undermined by their dangerous proximity to staid and respectable men.

At any rate it appears that soldiers who have served their country have made good their claim to the coveted positions, and, both in Rome and in many provincial towns the edict has gone forth that the girls must go. Italian housekeepers hope that some will return to the many mistresses who sigh in vain for assistance in their households, but doubt whether after the short hours and independence of office life they will take kindly to domestic service or the long hours of shop work.

GETTING ALONG GOOD

Women are as great sufferers from kidney and bladder ailments as men. Foley Kidney Pills help rid the blood stream of impurities that cause rheumatic pains, backache, swollen, aching joints and stiff, painful muscles. Mrs. Carey, Box 91, R. F. D. No 2, Middletown, N. Y., writes: "I had kidney trouble ever since I was a little girl, but I am getting along good since I have taken Foley Kidney Pills." They act immediately and help restore the kidneys to healthful activity. Sold everywhere.—Adv.

Hawaiian Rehabilitation Is Object of Measure

HONOLULU, T. H., May 21.—Rehabilitation of the Hawaiian race by placing government lands at that people's disposal, will go to congress in a new form if a concurrent resolution with concrete proposals attached, introduced by Senator John Wise, weathers legislative investigation and debate.

Rehabilitation proposals went to the last congress, but languished in the senate at Washington after passing the house when strong opposition developed from the landed interests of Hawaii.

The new plan would provide for the creation of a Hawaiian homes commission to father the project; the confining of grants of land to Hawaiians and half-Hawaiians instead of to those down to one-32nd Hawaiian; and the trying of an experiment with pineapple lands of the island of Molokai for five years before the scope of the project is enlarged to take in other acreage.

Just as we expressed our appreciation of Bill Haywood's intention to remain permanently in Russia the news is published that he is coming back. But, then, Bill always was a disappointment. —Exchange.
