# REVOLUTION

During the last few years there has been a complete revolution in the Method of distributing Food Products.

Pure Food Laws, and Net Weight Laws, have done much to protect the buying public. But, greater still, is the System of Merchandising that insures Clean, Sanitary Methods of handling your food until if reaches your home.

SKAGGS UNITED STORES were founded upon the principle, that the most sanitary method of distributing Foodstuff, would merit its reward and gain the confidence of the consumer.

We believe the day of "Slipshod Methods"-False Advertising and offerings of "Special Bait" to get patrons into your store, has become a thing of the past-and that Straightforward Methods-Honest Advertising and a Policy of retailing Nationally Advertised Standard Brands at a small margin of profit, will meet with the approval of the keen and intelligent buyer.

In proof of our foregoing statement, make a list of your needs from this advertisement as a comparison, and note the consistent low prices throughout at a Saving.
