CAPITAL POST WELL TREATED AT CONVENTION

Four Places on State Commandery of American Legion Are Filled by Members of Post Here

WHITE AND BYRON GO TO KANSAS CITY

Colonel White Member of National Board; Pound On State Committee

Salem legionnaires are well satisfied with what the state convention brought them this week—four places on the state commandery, Colonel George A. White is the new member of the national executive committee; Dr. B. F. Pound is a member of the state executive committee; and two delegates will go from here to the national convention at Kansas City—Colonel White and Captain Allan Byron.

The Salem delegates returned last night from the convention at Eugene, after a busy two days on legion affairs. Americanization of the elements now alien in the nation, was one of the keynotes of the legion program, to which special attention will be devoted in the future.

An interesting incident came up on Saturday morning's meeting. Returns were received from the Carpenter-Dempsey fight by rounds, and when the second round showed Carpenter with an apparent lead or at least with a good fighting chance, the convention couldn't have heard itself for the applause. When the fatal fourth came, and the Frenchman went out, the convention looked almost as if it had lost a great battle of its own.

A full report of the convention is to be given Tuesday night at the regular meeting of Capital post No. 9 at the armory. Following the Legion meeting, the Ladies' Auxiliary will serve refreshments to the post.

MRS. O'HARE ESCAPES FROM CAPTORS; ARRESTS PROBABLE

POCATELLO, Idaho, July 2.—Mrs. Kate Richards O'Hare, widely known Socialist writer and lecturer, kidnapped at Twin Falls by 11 men and taken across the desert into Nevada in an automobile, arrived in Pocatello tonight from Ogden, Utah, where she changed cars from Montello, Nev. Mrs. O'Hare, attired in a light green summer dress, with no hat and no personal possessions, stated that she escaped her captors when about one quarter of a mile from Montello. The escape was effected when the first of the three automobiles in the party had a puncture and the gasoline supply in the second was exhausted. During the excitement over the accidents Mrs. O'Hare slipped out of the rear car and made her way across the desert to Montello, where she secured the assistance of the marshal, who she said arrested nine of the captors while they were repairing the puncture and searching for gasoline.

Daughter at Pocatello. Upon arriving in Pocatello Mrs. O'Hare found that her daughter had arrived from Twin Falls in a car upon filling her mother's

JOHN KAYSER FARM RAIDED LAST NIGHT BY SPECIAL AGENTS

A raid that netted 250 gallons of cherry mash and a quantity of high proof "moonshine" was made on the John Kayser farm last night by Special Agent Sandifer assisted by Special Officers Moore and Drew. One still top and three "cooking" boilers were also taken by the raiders who dropped suddenly upon the little farm which is located two miles northeast of Pratum.

Reports that the Kayser place has been the stopping place of many auto parties and that scenes of revelry were frequent occurrences there have caused peace officers to be on the lookout for the inspiration of these roadside festivities.

In addition to local distribution, the officers assert that Kayser has been disposing of his product to Orrin Jackson, said to be known in Multnomah county as a still operator and bootlegger.

"I warned John that this business was going to land him in lots of trouble," one of Kayser's brothers said to Officer Sandifer, "but he would keep on with the stuff."

HILL CLIMB BIG EVENT THAT IS SLATED IN SALEM MONDAY

Motorcyclists and those who are interested in seeing what a machine can do on a real hill are looking forward to the Salem hill-climb Monday with much interest. The races will start at 11 o'clock on the big hill three miles south of town. All contestants make a standing start at the bottom of the hill. There is a short, comparatively level run of perhaps 75 feet, then it begins to tip up. It is said to have a pitch of 75 degrees near the top of the hill. Nobody really expects to climb clear to the top—though a safe chute has been prepared for the daring rider who does force himself over the ridge and needs a place to go. The hill has been staked off in 10-foot intervals so that it will be easy to measure the total climb of every contestant.

PLANTS WORK OVERTIME TO HANDLE FRUIT

Weather Conditions Cause Cherries and Berries to Come Same Time—Eastern Shipments Announced

LOGANBERRY RECEIPTS INCREASE NEXT WEEK

Large Strawberry Tonnage Barrelled by Cooperative Association

Berries and cherries have all come in together this year on account of weather conditions and are causing the canneries and other organizations handling fruit to work overtime. The Oregon Growers association is handling thousands of tons of these fruits within a period of a few weeks and is cooperating in every way to save and move the large tonnage of fruit in Oregon.

Over 100 tons of Royal Annes have been delivered to the Starr Products company. Some black cherries have been coming in but they will really start moving in earnest next week. They are being boxed and shipped out daily to points all over the Pacific northwest.

Holidays Disregarded. At Salem and Brooks 30 tons of loganberries are being handled during the week. It is expected that receipts will be increased next week. The association will receive berries Sunday and Monday regardless of the holiday.

A large tonnage of strawberries has been barreled at the local association's plant and a considerable tonnage of this fruit has been shipped fresh.

Cherries Going East. At The Dalles over 100 tons of blackberries and nearly 200 tons of Royal Annes have been shipped fresh by the Oregon Growers to eastern points. Shipments of large tonnage of Royal Annes to far eastern points was somewhat of an experiment due to their perishability but early reports all indicate the cherries from that district went through in unusually good condition. A portion of the Royal Annes was furnished to the Libby, McNeil & Libby company at The Dalles and the Starr Products company.

Maraschino Trade Accepted. The Dalles, Amity and Sheridan districts are delivering their Royal Annes to the Dallas plant where they will be processed for maraschino purposes. This tonnage has been sold to the Lyons California Glass Fruit company, whose men are now busy at the plant barreling 100 tons of Royal Annes.

At Falls City the local cannery is receiving a heavy tonnage of gooseberries, strawberries, loganberries and cherries. The association is handling a large tonnage of strawberries, loganberries and cherries from Forest Grove and the Yamhill district for the Brownsville Canning company at its Forest Grove plant.

Brownsville Cannery Draws. Several large truck loads of fruit have been going from Salem district to the Brownsville Canning company at Corvallis. These loads consisted largely of gooseberries, strawberries and cherries. At Newberg a large tonnage of black cherries is being handled and also of logans and blackberries. At Sheridan and Scotts Mills the driers of the association have started and it is expected that a large tonnage of loganberries will be dried at these points.

CHALLENGER BREAKS HAND SECOND ROUND

Great Cheering Greeted Overseas Man, Even After He Is Badly Beaten

NEW YORK, July 2.—Gross gate receipts of more than one million, six hundred thousand dollars for the Dempsey-Carpenter fight in Jersey City this afternoon, were announced by Tex Rickard tonight.

Paid admissions were in excess of 80,000, which, combined with various free admissions, raised the total attendance to a trifle more than 90,000. Rickard stated that he planned to hold several championship battles between now and Labor day in the arena.

The promoter evaded a direct query as to whether he would stage a return battle between Jess Willard and Jack Dempsey on Labor day. Dempsey and Jack Kearns, however, both said the champion would be available on September 5.

"Big Jess wants another chance," said Rickard, "and will agree to put himself in the proper physical condition, I am willing to stage such a match."

RINGSIDE, Jersey City, N. J., July 2.—(Associated Press)—Jack Dempsey is still the heavyweight pugilistic champion of the world. A crushing right swing from the fist of the American fighter shattered the titular aspirations of Georges Carpentier in the fourth round of the so-called "battle of the century" here this afternoon.

The pit-fighting blow landed flush upon the jaw of the Frenchman, flooring him for the second time in a trifle more than a minute of fighting in the final decisive round.

Although he had staggered to his feet after the initial knockdown and was motionless when Referee Harry Ertle tolled off the fatal 10 counts.

Although the knockout punch was driven to Carpenter's jaw, the wily Dempsey's victory had been paved by continual bombardment of blows which landed on every section of the Frenchman's body. Each swing, jab and uppercut, scored to the stomach, ribs and contoured to the sewing up process of the speedy Carpenter.

Neck Blow Effective. In addition, a clubbing right which landed flush on the back of Georges' neck in the third round played an important part in his defeat. The Frenchman's right hand, left the back of his neck exposed and Dempsey with a fair target in front of him, drove down a terrific slam to Carpenter's vertebrae.

After the knockout the Frenchman sat in his dressing room that this punch was the cause of his pugilistic downfall. He said that the punch stung his entire physical and mental makeup and he was thereafter unable to carry on an effective attack.

CAMPBELL IS TAKEN SOUTH UNDER CHARGE

Recent Evangelist Said to Have Come to Salem With Woman Not His Wife

Earl Campbell, recently an evangelist for the Seventh Day Adventist church, but who, it is said, has been ousted from the church, was taken from Salem to Grants Pass yesterday by a Josephine county officer to answer to a charge of non-support preferred by his wife. Campbell was arrested the previous night by Deputy Sheriff Morelock as he left the Nomking cafe where it is said he was playing the piano and singing as an entertainer. The southern Oregon officer arrived and took Campbell into custody yesterday morning.

According to information at the police station Campbell came to Salem with a woman who was not his wife and Campbell lived here under the name of George Earl. The woman who accompanied him also has been going under an assumed name. No charges have been preferred against her. She has been teaching school in southern Oregon.

A few days ago Campbell's wife came to Salem from California and with a prominent official of the Adventist church gave the officers information which led to Campbell's arrest. The home of the Campbell's is in Grants Pass. Campbell is about 35 and the woman said to have come with him to Salem about 19.

LOCAL HOSPITALS AFTER AUTO CRASH

Little Bobby Ramp of Brooks and Rudolph E. Samielson of Portland Not Expected to Recover—Car Driven by Two Portland Men, Said to Have Been Driven at High Speed, Hurtles Into Ford Driven by Malcolm Ramp on Pacific Highway

Tremendous speed in a powerful car on a public highway—A light family car going at slow speed—One-year-old Bobby Ramp probably fatally hurt—Rudolph E. Samielson, Portland salesman, fractured skull, internal injuries, expected to die by morning—Malcolm Ramp of Brooks, fractured jaw and body bruises—Mrs. Malcolm Ramp, shoulder probably broken—Mrs. Roy Westley of St. Johns, Portland, concussion of the brain and spinal injuries, unconscious—Lucile Westley, her daughter, 4 years old, back hurt, unconscious—E. G. Osborne, representative of Hood Tire company, Portland, fractured ribs, scalp injuries. Expected to recover—These are the net results of a collision on the Pacific highway, about 7 o'clock last night, just where the lane turns into the highway from Brooks, 10 miles north of Salem.

E. G. Osborne, representative of the Hood Tire company of Portland, and Rudolph E. Samielson, a Portland Salesman, in a Pierce-Arrow six-cylinder roadster, were driving north at a high rate of speed, with Osborne at the wheel. Some eye witnesses say the rate could not have been less than 60 to 70 miles an hour. Just at the Brooks lane, Malcolm Ramp, his wife, their little son, Bobby, and Mrs. Westley and her little daughter, were driving east, across the highway. Eye witnesses say that the Ramp car, a Ford, was traveling at a slow speed, not to exceed 15 miles an hour. They had almost crossed the highway, when the big speedster, apparently with no checking of its speed, came roaring up the road and struck their car squarely in the side.

The roadster, according to various witnesses turned over and over several times. One eye-witness said four times. It brought up against a guy wire holding a telephone pole near the corner of the cross roads.

Cappers See Crash. A party of boys camped in a field only 100 feet away, saw the whole tragedy. They rushed out, climbed the fence out into the road, and began to gather up the victims. The little Ramp baby had been thrown clear; the other victims were in or under the wrecked car. Neighbors flocked in from Brooks, and helped to get all the victims clear. A crowd of 100 people gathered within a few minutes. All the injured ones were rushed to Salem hospitals, within a few minutes after the accident occurred.

All in Hospitals. The Ramp baby is believed to be fatally injured. The parents, though badly hurt, are expected to recover. Both Mrs. Westley and her little daughter were unconscious, and accurate diagnosis of their case could not be given. Both are in serious, if not critical condition. Samielson was expected to die before morning. Osborne, the driver, was less badly hurt, and is expected to recover. All the victims are in Salem hospitals.

A hasty examination of the road, in the dusk and after hundreds of people had tramped back and forth over it, is said to have failed to show any trace of

COAST BASEBALL

FRISCO 4, VERNON 1. SAN FRANCISCO, July 2.—Ellison's home run over the scoreboard in left field in the third inning today was the outstanding feature of San Francisco's 4 to 1 victory over Vernon.
