POLK COUNTY TREES DYING
Freeze of Two Years Ago Has Surprising Result In Orchard Belt
ALARM NOT WARRANTED
Many Can Be Nursed Back To Health in Opinion of County Agent
DALLAS, Or., July 28.—(Special to The Statesman) Paul Carpenter, agricultural agent for Polk county, has made the discovery during his trips throughout the county in the past few weeks that a large number of fruit trees of all varieties, and especially prunes, are dying in the orchards in great numbers.
Mr. Carpenter was greatly interested in the reports given out by fruit growers to the effect that the trees were dying and made a thorough examination of a number of orchards and found that the freeze of the winter of 1919 was responsible for the destruction just becoming felt in the orchard belt of Polk county.
1920 Crops Heavy
Last year the trees were apparently in fine shape and bore big crops of prunes. This spring they blossomed and leaved out and the prunes grew to be quite large when the trees suddenly began to wilt, the leaves to turn a deep yellow and the trees finally died, all within a few weeks time. Nearly every orchard visited by Mr. Carpenter bore the same tell-tale marks of the big freeze and it affected the older trees as well as the young ones.
Mr. Carpenter, during his visits to the orchards found trees that had been bearing large crops for from 15 to 20 years badly infested with borers and having loose bark which had turned black on the inside, the result of being frozen. He states that the fruit growers should not become alarmed over the situation but should give their orchards better attention than they have ever had and nurse those trees that were affected by the freeze back to health.

Supreme Court Opinions Will Come Down Saturday
Members of the Oregon Supreme court, at a conference held yesterday, decided to adjourn for the August vacation sometime Saturday. It was said that a number of opinions would be handed down prior to adjournment of the court. The court will reconvene September 1.

Divorce Suit Brought Here
Claude Clayton Sharpe Succeeds in Having Transfer From Clackamas
Alleging that his wife had filed her divorce complaint in the wrong county, Claude Clayton Sharpe has succeeded in having the suit transferred from Clackamas county to Marion, upon order of Circuit Judge J. M. Campbell. Sharpe, as defendant in the suit filed affidavits to the effect that defendant, plaintiff and the main witness involved in the action were residents of Marion county.
In allegations embodied in her complaint, Goldie May Sharpe asserts that herself and husband were married in Salem on April 7, 1917, and that he went to work in the shipyards at St. Johns during the war period. There are two children, a son 3 years old and an infant daughter of about 18 months.
The wife's complaint holds that the husband possesses a "dangerous and ugly temper," and that upon several occasions Sharpe cursed and struck her and that at other times he failed to provide a comfortable home for herself and children.

NOTABLE FUNERAL HELD LAST SUNDAY
Beautiful Tributes of Respect To Mrs. J. S. Vandeleur Of Aurora.
The funeral of Mrs. J. S. Vandeleur, held on Sunday afternoon at Butteville, was attended by many more of the sorrowing friends of the saintly woman than could find room inside the walls of the church that stands by the side of the road leading down to the old town.
In another respect the funeral was a notable one—in respect of the sermon delivered by Rev. O. C. Weller of Woodburn and Aurora. The regular pastor of Mrs. Vandeleur was away, and telegraphic and telephone messages urged to reach him; and at the last hour, almost, Rev. Weller was called to conduct the services; and so his address was extempore.
But it was such a finished sermon touching on the issues of this life and the continuing life of the spirit after leaving the dust of its temporal home, that the words must remain in the memory of all the large crowd of people who heard them. No preacher of old or modern times ever painted a word picture more true, more simple and direct, more understandable, concerning this life, about our living in our present temples of dust and about the continuing life of the spirit when

Contracts With Teachers Are Covered in Opinion
I. H. VanWinkle, attorney general, in an opinion yesterday, held that when a vacancy is declared in the office of a school director, the remaining directors have authority to enter into valid contracts with teachers. Also that the board, after the election of two new members, has no authority to invalidate such contracts.
The attorney general held that the board is a continuing body and in contemplation of law is always the same board although its personnel may change from time to time. Hence, it is bound by previous contracts.
Move on Foot to Recall
Circuit Judge J. A. Eakin Sam A. Kozor, secretary of state, yesterday advised J. L. Finney, secretary of the Columbia River Fishermen's league, that it would be necessary to obtain the signatures of 1464 of the qualified voters of the 20th judicial district before recall proceedings could be instituted against the circuit judge there.
Mr. Finney's letter to the secretary of state was said to be the first public information that a move was on foot to recall Judge James A. Eakin, according to Mr. Kozor.

MEAT CAUSE OF KIDNEY TROUBLE
Take Salts to Flush Kidneys If Back Hurts or Bladder Bothers
If you must have your meat every day, eat it, but flush your kidneys with salts occasionally. says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.
To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.
Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Adv.
