

NEW PASS DISCOVERED ACROSS CANADIAN ROCKIES.

A new pass has been discovered across the Canadian Rockies by four men, Walter Murphy, Davis McEae, Charles McDonald and Howard Colley. After filing claims on oil lands at Fort Norman, they turned in a westerly direction and after several days of hardships discovered a new pass across the Rockies and five thousand miles through practically unknown country. They state that the McKenzie River has been staked for twenty miles on each side of the first oil well, and the people are still pouring in. The photo shows how the party travelled.

ARGUMENTS ON IN SOX TRIAL

Attorney Prindville Excoriates Ball Players Accused of Treason

CICOTTE IS ASSAILED

Zelcer's Attempted Alibi Bitterly Attacked By Attorney for State

CHICAGO, July 29.—Final arguments in the baseball trial were begun today with the state directing a two hour attack on the defendants in which the former White Sox players were pictured as "traitors who for \$100,000 of dirty money sold their souls, betrayed their comrades and the public and conspired to make the one truly American pleasure and sport, baseball, a confidence game."

What's a Summer Home Without The Statesman?

Much as The Statesman means to your Salem home, it means more to your summer cottage. It will tell you of the goings-on in your home town. Your friends at home are too busy to write you the news, but your home paper will give it to you. With its finely balanced assortment of news, serials, short stories, and home features it will be a welcome, daily visitor. Let the Oregon Statesman follow you to your summer home. HARDING ON NEW CRUISE

Most of Next Ten Days Will Be Spent Resting in White Mountains

ADDRESSES SCHEDULED

Tercenary of Pilgrims, Landing Has Executive's Attention

WASHINGTON, July 29.—President Harding left Washington late today on the presidential yacht Mayflower for an absence of more than a week, most of which will be spent resting in the White Mountains of New Hampshire. The first stop will be made Monday at Plymouth, Mass., where the president is to deliver an address at the tercentenary of the landing of the pilgrims. He expects to arrive Tuesday at New York, where he will be the guest of Secretary of War Weeks. Mrs. Harding accompanied the president. Also in the Mayflower party were Speaker and Mrs. Gillette, Senator and Mrs. Frelinghuysen of New Jersey, Senator Hays of Maine, Senator and Mrs. Phipps of Colorado, Secretary Weeks, Representative and Mrs. Walsh of Massachusetts, Brigadier General Sawyer, the president's physician and George B. Christian, Jr., his secretary. Making a trip by way of the Cape Cod canal the Mayflower is expected to arrive at Plymouth about 9 o'clock Monday morning. The president will review a parade before delivering his address late in the afternoon and during the evening will aboard a yacht. He will go aboard the Mayflower late again Monday night and reach Portland, Me., on Tuesday. From that point he will go by automobile to Lancaster. A convoy of battleships and destroyers will pick up the Mayflower at Hampton Roads and accompany her to Plymouth.

FEDERAL SWAY NOT DESIRED

Lumbermen of Northwest Warned of Public Clamor for Regulation

PRIVILEGES IN DANGER

Kirby Frets Over Tendency of Government to "Meddle in Affairs"

TACOMA, Wash., July 29.—Northwest lumber men were warned of the increasing clamor for government price fixing, regulation and control of private business which it was said is passing through the nation and urged to support Secretary of Commerce Herbert Hoover in his plans for a voluntary regulation of industry as an offset against the clamor which threatens, it was claimed, the enjoyment of the privileges of private ownership. In addresses made here today in the quarterly meeting of the West Coast Lumbermen's association, reports were made from various sections of the country on lumbering conditions and while hope was expressed by various representatives of the industry of better markets, the speakers were guarded in expression of belief in early or rapid recovery. 200 Operators Present. Preceding the session, at which about 200 lumbermen were present, including the trustees of the National Lumber Manufacturers association and members of the West Coast Forest Products Bureau, giving the assembly almost the nature of a national convention, the trustees of the West Coast Lumbermen's association met for a discussion of revision of grading rules. The trustees agreed upon revised rules for Douglas fir, western cedar and hemlock, spruce and Port Orford cedar, which will be mailed out to member manufacturers in the next two or three weeks. Grading rules applying to Port Orford cedar are established for the first time by the action of the trustees. Tendency Criticized. Criticism of the tendency for what is termed "the troublesome meddling in everybody's business" existing in governmental circles, was freely indulged in by John Henry Kirby, of Houston, Tex., president of the national association in his address before the afternoon meeting. He said "the blessings of constitutional liberties" are in danger and urged the importance of organized republicans in Washington, D. C., to meet the issue. Carl M. Stevens, chief of the timber section income tax unit, department of the treasury, Washington, D. C., explained in a detailed talk the efforts being made to get old tax obligations cleared up and to dispel the uncertainty of lumbermen. The policy of Secretary Hoover directed at combatting the philosophy of those who are seeking government control and eventually national ownership of the forest, Kirby explained in the address given by Dr. Wilson Oplton of Washington, D. C., secretary-manager of the national association. State Unit Praised. The state department of labor and industry is functioning with a saving in administration costs and with the assistance of manufacturers in following up industrial insurance claims insurance costs will be cut, said Major E. S. Gill, superintendent of the industrial division in a lengthy address. Reports on general business conditions as affecting the lumber trade were given by Harry Kendall, Houston, Tex.; G. E. Mattison, Malvern, Ark.; E. H. Polleys, Mossoula, Mont.; F. G. Wisner, Laurel, Miss.; A. L. Osborn, Oshkosh, Wis.; Mark Reed, Shelton, Wash.; Major Everett G. Griggs, Tacoma, S. B. Johns, of Snoqualmie Falls, Wash., and E. A. Poyner, of Everett, Wash.

FOSTER-KLEISER COMES TO SALEM

Six-Million-Dollar Concern Buys Out Capital Posting Company

The Capital Posting company, a concern which a few years ago consisted mostly of prospects and a few cheap billboards was bought this week by the Foster & Kleiser company, the outdoor publicity magnates of the Pacific Coast. The price paid is not announced, but it is known that representatives of the big firm have been in the market for the concern for some time, and the inference is that the deal was eminently satisfactory. F. L. Waters, who has been concentrating his efforts on the Capital Posting company since his retirement from the Salem theatrical field a number of years ago, will continue as local manager. He will retain his office in Salem and will have charge of approximately all the territory from Oregon City to Cottage Grove. The change of ownership does not mean perhaps that buyers of outdoor advertising in this territory will get better service than they have had heretofore, but it means that certain facilities for the promotion of publicity, which have not been within the scope of the local company, will now become a part of its system. The new owners are a \$6,000,000 corporation, with offices in all the principal cities of the coast, and the fact that they have invested in the Salem field and established themselves here is not without its significance. Laborers in Porto Rico Give up Hawaiian Trip. SAN JUAN, P. R., June 25.—Plans for recruiting laborers here for work in the Hawaiian canals has been postponed as a result of articles in the newspapers in opposition to the undertaking. The original plan was for some 1300 laborers to sail this month. Royal D. Meads, who has been in charge of the work here, said that while there had been some delay the original plans would be carried out. Several hundred laborers already have agreed to go wherever transportation is available.

CHINESE HEROES MAY HAVE MEDALS

Recommendation Made To French Government by Consul at Shanghai

SHANGHAI, July 8.—Mr. Wilden, French consul general at Shanghai, has forwarded to the French government a request that decorations be awarded to Chinese and foreign members of the crew of the steamer Montague of the Canadian Ocean Pacific services. The occasion is heroism they displayed in effecting the rescue of 66 persons from the steamer Hsientien after it had gone on the rocks in a storm a day's voyage from Hongkong. The Hsientien was bound from Saigon to Chefoo with a cargo of rice when it began to take water and sink on April 8. It was kept above the surface by driving it on the rocks a considerable distance from shore. Distress signals brought the Montague, bound out of Hongkong for Vancouver, B. C., to the scene. In the face of a rising storm one boat after another was put off manned by members of the crew of the Montague and after hours of perilous work the rescue was effected. The only loss of life was the drowning of four Chinese who attempted to put out a life boat shortly after the rescue had been made the Hsientien broke in two and went down. Shower of Frogs Makes Gibraltar Folk Wonder. GIBRALTAR, June 1.—During a thunderstorm here recently a shower of frogs fell on the North Front. Thousands of these small hopping creatures were to be seen in the hedges and aroused much curiosity. Seven years ago a similar phenomenon occurred and later a shower of sand covered everything with a pink deposit.

Denial Is Sent to London by Editor

(Continued from page 1.)

Editor Meets Geddes

Sir Auckland Geddes, the British ambassador and a personal friend of the viscount, was understood to have been there. Lord Northcliffe called on Sir Auckland yesterday to pay his respects. Many members of the cabinet and of congress were understood to have been among tonight's guests, although the list of those present was withheld. Reply Sent King. The single new development here tonight in the controversy between Lord Northcliffe and Lord Curzon and also Premier Lloyd George, was a reply by the publisher to the statement read in the house of commons by Premier Lloyd George and authorized by King George. The reply made in the form of a cablegram sent to Lord Stamfordham,

Alleged Dialogue Quoted

"Are you going to shoot all the people in Ireland?" the king is said to have demanded of Lloyd George.

London Not Surprised

LONDON, July 29.—The foreign office expressed surprise today when it learned that Ambassador Gotes in Washington had cancelled the proposed dinner to Lord Northcliffe in view of the language Lord Northcliffe had used toward Curzon, the ambassador's own chief. It was officially denied, however, that Lord Curzon had ordered the Washington embassy or in any way influenced the decision to cancel the function. Some doctors are declaring that athletics for girls make unhealthy mothers. That need not prevent sister running the carpet sweeper for mother, all the same.
