

jority members of the house ways and means committee expect to get down to the brass taacks of the tax revision next week.

Chairman Fordney said today that the rewriting of the levy provisions in the 1918 law probably would begin Monday and that unless an unexpected snag was encountered the new bills will be eady in ten days. Leaders generally say house consideration will require only a few days.

Must Slice Items

The work before the Republican committeemen is to determ ine the extent of the cuts possible and just where they are to date remains to be determined.

crease the corporation income cent and also to repeal the \$2.000 Chairman Fordney said today that it might be necessary to the bill to relieve the burden it. the small corporations.

New Service Tax also disclosed a proposal to

write into the hill a provision taxing the income of the so-called personal service corporations,

such as architectural firms not incorporated, the same as the income of other corporations. supreme court has held that the present law is not applicable to such concerns.

Mr. Fordney also said it was not proposed to relieve public serthe 15 per cent income tax provision of the bill.

Cut Big Income's Tax Aside from revision of these levy sections, the minds of many committee members are turned to
