

### RIFLEMEN WILL VIE FOR TITLE

Twenty of Country's Skilled Shots Gather At Camp Perry, Ohio

### OTHER NATIONS ENTERED

British, Canadians And Australians Challenge Yankee Marksmen

CAMP PERRY, O., Aug. 16: Twenty skilled American shots will defend the massive silver Dewar cup against British, Canadian and Australian riflemen during the national rifle and pistol matches—the government marksmanship contests which will be held here, beginning August 27. The match will be shot with 22-caliber rifles, 20 shots per man, at distances of 50 and 100 yards, and the winners are declared international small-bore champions. The trophy in this international contest of straight shooting was instituted by Lord Dewar, the Scottish peer, and the United States first entered a team to compete against the British in 1909, at which time the British won seven times since then, have the marksmen of the United States taken on the British and Colonial teams, and have won the cup five times.

The contest for the Dewar trophy this year promises to be one of the most exciting of recent years, since not only the British but the Canadians and Australians have been preparing for months to put teams into the contest. The United States government marksmen wherin teams from the army, navy, marine corps, national guard and teams of civilian riflemen from every state, compete in tests of skill with the army rifle and army pistol.

### Five-Year-Old Boy Seyed From Stream at Stayton

STAYTON, Or., Aug. 15.—“Niche,” the 5-year-old son of Mr. and Mrs. Forrest Mack, while playing at fishing Tuesday afternoon lost his balance and fell into the stream. The father of the little sportsman with other men, was standing on the stream nearby, and upon hearing a splash rushed to the stream and quickly rescued the boy who showed true sportsmanship, and did not seem to be alarmed in the least.

B. L. Tapscott, who is fishing nearby, saw the boy fall and quickly rushed to the stream and quickly rescued the boy who showed true sportsmanship, and did not seem to be alarmed in the least.

The death of Rose Hueschberger, which occurred in Salem a few days ago, came as a shock to her friends in Stayton. Miss Hueschberger was raised in the Sublimity neighborhood, and was known by all the younger set here.

Frank Shian, an old friend of the Brookton family made them a pleasant visit between stages Tuesday. Mr. Shian was en route from California to the east, and stopped off for the day.

Mr. and Mrs. A. Ring of Lyons were looking after business interests in Stayton Thursday.

Mrs. Sale Hunkley left Friday for the farm home of P. H. Lambert in Linn county, where she will spend a couple of weeks.

Mr. and Mrs. Charles Hottinger and Miss Rose Hottinger, were attending to business matters in Stayton Saturday.

### LIGHTHOUSE FOR WILD AND RAGING HUDSON.

On the shore of Fort Washington park, New York city, where red coated British and green coated Hessians once battled with Washington's troops, but where nursemaids and anglers now court the sun and breeze, the Government has built a new lighthouse. The point is a dangerous one to Hudson River traffic.

Hottingers are prosperous farmers, who live on route 1. Mrs. Helen Fresh and her three daughters drove in from the farm home near Shaw for a day's shopping Friday.

Mrs. F. H. Down who has been visiting at the J. P. Davis home the past ten days left Saturday morning for her home in Toledo, Or.

Mrs. Al Hasler and Miss Minnie Hasler of Sublimity motored over early Saturday morning on a brief shopping tour.

Mr. and Mrs. Walter Abbey of Portland are spending a week's vacation at the E. Shepherd home. Mrs. Abbey is a granddaughter of Mr. Shepherd.

Mr. and Mrs. C. A. Luthy enjoyed a pleasant visit from Mr. Luthy's mother, who came over from Salem the first of the week. She returned home Thursday.

E. Roy and E. T. Tus have returned from a few days camping trip to Whitcomb springs.

E. T. Mathew is improving his property on 1st street, putting on a new roof, and some interior improvements.

J. W. Apple, an employee at the Cottage Farm, and his son John, Jr., were in Stayton Saturday.

J. R. Gardner is improving his stone property by adding a coat of paint.

John H. Porter an old pioneer of the Amaville neighborhood spent Saturday in Stayton greeting old friends.

### TRAFFIC VIOLATORS ARE NABBED BY SALEM POLICE

Several traffic violations were responsible for arrests made Sunday by the traffic officers of the city.

J. M. Brendth of Portland, was arrested for cutting corners while driving an automobile at the intersection of Court and 1st streets. He forfeited a bond of \$2.50 or failing to appear yesterday before Judge Earl Race to answer to the charge.

J. F. Thompson, 2225 Mason street received a fine of \$5 yesterday for passing a street car while it was loading and unloading passengers at State and Commercial streets Sunday. Both these arrests were made by Officer Birtheil, while Officer Hayden placed under arrest, A. A. Englehart, 246 Lafayette street, for operating his car with improper license plates, and H. L. Harry of McCoy, for exceeding the speed limit while riding a motorcycle between Lincoln and Hoyt streets on South Commercial.

Englehart appeared yesterday before Judge Race and took the usual 24 hours in which to enter a plea. Harry failed to appear to answer to his charge.

Husband, at store with wife—How would this cloth do for your new dress?

Wife—It wouldn't do at all. Nobody's wearing that.

Husband, pointing to another lot—Then how about this kind? It's certainly very handsome.

Wife—Oh, that won't do either; everybody's wearing that.

### RIFLE TEAM IS NAMED BY OLCOTT

H. W. McBride of Portland Captain of Shooters to Compete in Ohio

Members of the civilian rifle team to represent the state of Oregon at the national matches to be held at Camp Perry, Ohio, beginning August 27, have been designated by the governor as follows:

H. W. McBride, Portland, captain; Edwin D. Whitney of Portland, team coach. Team members—R. J. Archer, W. W. Phillips, James D. Fall, A. Flavius West and A. D. Schmidt, all of Portland; Harry Bowers, of Corvallis; O. Royce of Seaside; William Jones of Seaside; and from Monmouth, M. O. White, Osmer Hastie, Carl Jensen and William Mats.

Captain McBride is superintendent of the Bridal Veil Lumber company, with offices in Portland. He served with distinction during the World war and was decorated by the French with the highest medal given for field bravery, that of the "Medaille Militaire."

Captain McBride also was decorated by the French with the Croix de Guerre, with the palm of special distinction. He was also decorated by the British with a military medal.

For the average citizen who "knows something about shooting," it may be said that at the national match, the Oregon civilian team will compete in shooting at all ranges from 200 to 1000 yards. In shooting at 200 yards, the rifleman stands shooting at a target 4 by 6 feet, with an eight-inch bullseye. There is the slow shot, and again the fast target, 10 shots must be made in one minute.

At the 500 yard shoot, the target is 6 by 6 feet, and the bullseye 20 inches in diameter. At this range the rifleman lies prone, with his head toward the target. Shooting at 1,000 yards, or more than half mile, the target is 6 by 10 feet, and the bullseye 36 inches in diameter.

### MILLER OFFICIALS HOLD CONFERENCE

Officials of the Miller Mercantile company were in the city yesterday for a general conference on business conditions and a discussion with managers of stores of plans for this fall and winter.

Among those present were G. O. Miller of Portland, president of the Miller Mercantile company; F. O. Miller, vice-president; U. S. G. Miller, of the Newberg store and general manager of the company; Frank Miller, manager of the Yamhill store; Cal Weaver, manager of the McMinnville store; John Shippey, manager of the Dayton store; Henry Smith, manager at Sheridan; E. W. Collier, general secretary, of Portland, and B. E. Sisson, manager of the Salem store.

G. O. Miller, president of the company, is very optimistic in regard to business conditions in the Willamette valley and says that all the stores are preparing for a fine business this fall and winter.

### CLYDE HILL ASKS DIVORCE AND CUSTODY OF CHILDREN

INDEPENDENCE, Or., Aug. 15.—(Special to The Statesman)—Clyde Hill has instituted suit against his wife, Pearl Hill, for divorce, the legal papers being served on Mrs. Hill Saturday by Sheriff Orr. Mr. Hill is a nephew of Verd Hill, ex-representative from this county, who several months ago was divorced from his wife after two sensational trials, one at Albany, and the other at Oregon City. The Hills are among the early pioneer families of this section and own considerable land in this particular vicinity. Clyde Hill asks the custody of his two children.

### POSTAL TELEGRAPH AND PHONE COMPANY TO CONFERENCE

A conference of officials of the Postal Telegraph company and Pacific Telephone & Telegraph company will be held in Salem tomorrow when an effort will be made to have the corporations agree on the common usage of a pole line on the Columbia River highway, in the vicinity of Goble. The hearing will be held before the Oregon public service commission.

### ASSOCIATED OIL COMPANY SUBMIT MONTHLY REPORT

The Associated Oil company of California has remitted to the secretary of state \$20,041.07, covering the tax on its sales of gasoline in Oregon for the month of July. The company sold during the period 955,475 gallons of gasoline and 55,428 gallons of distillate. From the Umatilla County Farm Bureau the secretary of state has received \$804.28 covering the tax on sales of 49,239 gallons of gasoline.

### BUILDING PLAN IS POSTPONED

Old People's Home To Await More Favorable Conditions In Spring

On account of several building conditions and also the feeling that construction will be less expensive next spring, the Old Peoples home, for which plans had been completed, will not be erected until next spring.

Plans and specifications calling for a structure to cost \$47,000 had already been completed and everything in readiness for submitting the plans to contractors for bids when it was decided to postpone building for the present.

The Old Peoples home is the owner of valuable property at Center and Sixteenth streets. The tract extends 262 feet on Center, 132 feet on Sixteenth street, 238 feet in the rear and 246 feet on the west line. There has recently been purchased from C. D. Gabelson an additional lot to join on the west.

Plans for the home called for a building of two stories and basement, all to be 137 feet long and 52 feet wide. The plans were drawn by F. A. Legg, architect.

It was originally intended to start the building July 15 and contracts were to have been let, but on account of the various conditions nothing will be done until spring.

### MALE TEACHERS DRAW BEST PAY

Men Receive \$145 Average Against \$103.83 for Women in Marion County

When it comes to the salary of male and female teachers in Marion county, the male continues to draw the big money, notwithstanding the fact that more and more teaching is done by the gentler sex.

During the past year, the average salary of women teachers in Marion county was \$103.82 a month, while the average for men teachers was \$145 a month.

This higher average, however, may be accounted for in the higher salaries paid superintendents of larger schools in the county outside of Salem, the salary paid George W. Hug, superintendent of the Salem schools was \$3,299 and this was not included in figuring the average for men teachers.

But in the other large schools of the county, the higher salaries of superintendents or principals were included in making the average. Silverton paid its superintendent \$2,200 for the school year, while Woodburn paid \$2,000. Jefferson also paid \$2,000 for the school year to its superintendent and the same was paid by Mill City. Stanton paid \$1,800, Liberty school \$1,800, the Hubbard school \$1,800 and Turner, \$1,250 for the school year.

The minimum salary is \$75 a

### JAPAN IS PERIL, SAYS LEGENDRE

Points Out That America Is Only Nation to Win China's Friendship

### ASIATIS TRADE FEARED

Says Japan Made Huge Gains During War While Rivals Lost Footing

PARIS, Aug. 10.—Dr. A. F. Legendre, a French writer on Chinese and Asiatic subjects gained from 25 years of travel and observation in the Far East, warns the world in his latest work that "Asia is at the white man's doors, 900,000,000 strong." The biggest cloud on the horizon of the future, he says, is the "yellow peril."

Whites "Lost Face."

The white race, Dr. Legendre says, "lost face," as the Oriental puts it, when Japan defeated Russia. During the great war, he writes, Japan multiplied her resources and saved her strength, while Europe lost 20,000,000 men and today suffers depressing, intellectual, moral and economic debility. Great Britain, the author holds, erred in supporting Japan through her "marriage of reason" with the Pacific Empire, an alliance "now proving so embarrassing."

Germany and Japan.

"Imperialistic Germanism and Sovietism now are a union," he adds, in expounding his theory that Japanese and German expansion, each toward the other, threaten to bridge the old Russian bulwark against Asiatic invasion of Europe and call for prompt action by the white man to save himself from the domination he sees impending in the steadily increasing crystallization of "Asia for Asiatics" sentiment, particularly among the Muslims.

Russia, he says, cannot save herself; she must be helped with a new brand of statesmanship.

May Take Industries.

Detailed studies of Asiatic economic resources are given by Dr. Legendre to support his assertion that the yellow race may become "sellers instead of buyers" unless the white race develops its commerce in every way and seeks to produce cheaply, anticipating Asiatic competition by establishing factories in Asia and by increasing production in all of Europe's colonies.

Among many illustrations of Asiatic resources, the author cites Siberian exports of butter that went from 36,000,000 pounds in 1900 to 100,000,000 pounds in 1913 and much of which was sold as "Danish" butter.

Asia May Face Europe.

Formidable and imminent as the author deems Asiatic competition, he nevertheless concedes to the white race superior working ability and greater leadership. "It must at least be realized, however," he says, "that hereafter, it is Asia face to face with Europe."

"Pan-Asianism is a reality," he concludes, "and the Peace Conference indignantly did all it could to favor it, particularly on the Shantung question." This "error," Dr. Legendre says, the United States, "the only champions of China," saw and from now on "America will raise herself against any show of political immorality or spoilation."

### CONTRACTS ARE AWARDED FOR NEW STATE ELEVATORS

The state board of control, in special session yesterday, awarded the contract for installing a new electric elevator in the capitol building to the Portland Elevator company. Because of certain eliminations the exact cost of the new carrier will not be known until the plans can be revised by the architect.

The contract for installing a freight elevator in the supreme court building has been to the Tuerck-McKenzie company of Portland. This elevator will cost approximately \$4,400.

Money with which to install the carriers was appropriated by the legislature at its last session. The bid for the capitol building elevator exceeded the estimate, but with minor eliminations the cost will be kept within the appropriation.

### STUDENTS COME FROM ALASKA

United States Marshals Arrive From Nome With Contingent of Youth

Two United States Marshals, Erik Johnson and Elmer Reed, and two woman chaperones, come down from Nome, Alaska, Saturday, with 14 Alaska Indian children for the Chemawa school. The officers spent one day at Chemawa and then set out for their far-off northern home, but the children stayed over for a year or for several years with their new paleface friends.

The children are fine specimens of their race. Almost all the Alaska Indians are of superior mentality. Chemawa has had, and still has, a larger proportion of the Alaskans than of any other tribe or tribal group and Chemawa stands at the head of all the Indian schools in the matter of scholastic attainments.

The newcomers are all clad in the United States fashion. Some of them haven't had as much experience in the use of neckties and stays and hair-over-the-ears appointments, but all look well fed and capable of assimilating whatever good the school can offer. If they get too warm in this oppressive southern climate, Superintendent Hall expects to let them sit in the refrigerator, with a cake of ice down each back and the picture of a polar bear asleep on an iceberg to look at.

The two officers who accompanied the children here are part of a police force that would take some wonderful movie stories if they were to tell it all. A district 1400 miles in length, populated by natives, half-breeds of a dozen foreign languages, bad men, hermits, and Kodiak bears as big as the side of a house ought to furnish all the thrills that any frontier could provide!

### SEEKS CHAMPIONSHIP ALL HER OWN

Mrs. Hugh Strickland, wife of the world's champion broncho buster, who will defend his title at the famous Frontier Day cowboy sports at Cheyenne, Wyo., hopes to win the title of woman's champion by defeating Miss Lorena Trickey. Mrs. Strickland is shown above.

### STREET OF THIEVES PASSES IN BERLIN

Section of City here Left-Handed Trade Prevalent Is Banned

BERLIN, Aug. 2.—The street of many fakirs—the section of the Friedrichstrasse between Unter den Linden and Koch streets—may soon lose the right to its exotic title, won by virtue of the varied and questionable commerce which thrives upon its side walks and crossings, for an sanitation has been started to "clean it up."

Every article from jumping-jacks to fine Oriental rugs may be purchased from the vendors who infest the street, eternally crying their wares.

The chief complaint against the character of the street, however, is that thieves use in continually as a clearing place to market their "hauls." Not infrequently

### WATER FROM WHISKEY CREEK WANTED BY CHARLES DREW

Charles E. Drew of Klamath Falls, has filed application with the state engineer for permission to appropriate water from Whiskey creek for the irrigation of approximately 884 acres of land. The estimated cost of the development is \$2,500, including the construction of ditches, canals and other works.

### VETERANS TO MEET STARS OF FILM DOM

LOS ANGELES, Aug. 13.—When members of the 91st division hold their reunion here on September 24 and 25 they will have an opportunity to meet the stars of film and also to see how the movies are made. Hollywood post, American legion, most of the members of which body are connected with the film industry, is arranging for the appearance of numerous motion picture actors and actresses at various social affairs connected with the reunion, and is also planning trips through studio land for the visiting veterans.

A ragged, unkempt man will offer most expensive imported fabrics for suitings in odd bolt lots, at ridiculous figures. Much of this stuff, the police feel certain, has been stolen, but it is difficult to fix the crime on the street vendor.

Victims of the various drug habits find their chief source of supply on this street.
