Riverside Drive Completed—The county paving plant completed its work on the Riverside drive road yesterday, according to Roadmaster W. J. Culver, and today it will be helping out the government in putting some paving in the rear of the postoffice. It requires but one day for this to harden, so by Sunday citizens may drive in the rear of the postoffice to their hearts' content. Next week, with his county paving plant, he will do some paving and repair work on the road in front of the big pavilion at the fair grounds, and then he will begin work on the mile of road leading to the feeble minded institute. And then after that is completed, the chances are that winter paving will be here, and no more paving will be done for the season.

PRISON TRUCK IS STOPPED ON ROAD

State Traffic Inspector Compels Driver to Throw Off Part of Load

A truck belonging to the state penitentiary was stopped on the highway Thursday by T. A. Rafferty, chief state traffic inspector, and compelled to unload an excess of about 3000 pounds over the legal weight of load allowed on a state road. On the same day several Marion county trucks hauling lumber for road work from the plant of Front street to Riverside drive south of Salem were stopped and compelled to unload an excess of about one ton. Four wood-hauling trucks operating between Salem and Mill City also were compelled to discharge portions of their loads with mirrors. When trucks are found overloaded they are compelled to stop and throw off enough of their loads to come within the law. Rafferty recently was in conference with the heads of the traffic department of the Portland police and a working agreement was reached relative to enforcing the law in that city. As a result there have been 300 or 400 arrests made recently in Portland. Most of the Portland violations were failure to equip the trucks with mirrors. Some were for failure of the operators to equip themselves with chauffeurs' licenses.

Open Grade Crossing is Denied for Linn County

The public service commission has denied an application of the Linn county court for authority to establish an open grade crossing over the tracks of the Southern Pacific company near Plainview, and allows instead a crossing protected by a gate.

APPLICATIONS FOR LOANS PILING UP

More Than 1000 on File With Secretary of State Aid Commission

Up to September 6, applications were received to the number of 359 at the office of the World War Veterans' aid commission, from soldiers who intend to take the benefits of the bonus law, according to H. C. Brumbaugh, secretary of the commission. To date more than 1,000 applications have been received. Work is now going on in the process of checking the discharge papers of the soldier with statements in his application. Then the service record of the applicant is checked with the records of the adjutant general's office, and then again with records in the office of the secretary of state to learn whether the soldier has received any money from the state in educational aid. If all records are found correct, those who prefer to take the benefits of the act in cash are certified to the secretary of state. Those who prefer to benefit in the way of a loan on real estate, have their papers filed, pending completion of plans and regulations governing the loan. One thing is especially pleasing to those who were influential in putting the bonus act before

Could Hardly Straighten Up

When the kidneys are overworked and fail to throw out waste matter from the system, it causes aches, pains, lame back, swollen ankles, sore joints, dizziness, floating specks, etc. J. W. Seabock, Chester, Pa., writes: "My kidneys and back hurt me so when I got out of bed in the morning, I could hardly straighten up. Had to rub the small of my back before I could walk. I could hardly button my shoes. I haven't felt the soreness since I took Foley Kidney Pills. Sold everywhere.—Adv.

School Transportation Statute is Interpreted

The law providing for the transportation of pupils in school districts is interpreted in an opinion of Attorney General Van Winkle written for the district attorney of Columbia county. The attorney general holds that a union high school district, although not mentioned in the act, may avail itself of the same privileges under another statute providing that all laws governing regular school districts and officers shall apply to union high school districts and officers as far as applicable. It is held, however, that the right to provide transportation under the statute is limited to pupils within the school districts of which the union high school district is composed, and

Heppner Man Appointed State Bank Examiner

Frank C. Bramwell, state superintendent of banks, yesterday announced that O. B. Robertson of Condon has resigned as state bank examiner and C. M. Sims of Heppner has been appointed in his place. Robertson, it is said, resigns to give attention to personal affairs at Condon. He was a member of the state senate in the legislature of 1921 and resigned to become a bank examiner. Sims until recently has been assistant cashier of the Farmers' and Stock Growers' National bank at Heppner. Before accepting that position he was connected with the First National bank at Eugene and prior to that was in the banking business in North Dakota.

Five Fatal Accidents Reported to Commission

Five fatal accidents out of a total of 365 were reported to the state industrial accident commission for the week ending September 8. The fatal cases were: Chris Mueller, Dallas, logger; Phillip Fruft, Astoria, logger; Wert J. Gortmaker, Oregon City, carpenter; Charles Northrup, The Dalles, labor foreman; G. P. Sloan, Portland, painting contractor. Of the total number of accidents reported 341 were subject to the provisions of the workmen's compensation act, 17 were from firms and corporations that have rejected the provisions of the compensation act and seven were from public utility corporations that are not subject to the act.
