William T. Tilden is Again Tennis Champion

PHILADELPHIA, Sept. 19.—William T. Tilden II, of this city, is again national tennis champion. He won the 1921 title by defeating Wallace F. Johnson, also of this city, 6-1, 6-3, 6-1 in the final round of the 40th annual championship singles tournament of the United States Tennis association in 43 minutes, said to be a record.

The speed and accuracy of Tilden's service and return-strokes so dazzled and smothered Johnson that the latter was placed in such a defensive position that he

never appeared to have a fighting chance. Tilden now has two legs on the championship trophy, placing him on a level with Maurice E. Loughlin, who won in 1912 and 1913; H. Norris Williams, winner in 1914 and 1916, and William M. Johnston, holder in 1915 and 1919.

Race Horse Man, Known in Salem, Penalized at Columbus Yesterday

COLUMBUS, O., Sept. 19.—Grand Circuit horses which engaged in plenty of record breaking at Syracuse, last week, were at it again today when one season's trotting mark was made for a 2-year-old and a new mark for all time was produced in the 2:06 p.m. race, the King Stake, purse of \$3000. Savvity, a bay filly by Etawah, won the 2-year-old trot, the Horse Review futurity, trotting both heats in 2:08 1/4. This is the fastest mile of the year by a 2-year-old.

The King stake had but three pacers score for the word, but Johnny Quirk's middle mile in 2:01 1/4 broke the record for this event, established 10 years ago at 2:01 3/4 by Independence Boy. The pacer in this race hippodrome the first heat, each Roy Grattan and Johnny Quirk, hesitating to be out in front before the stretch was started. NAMES ANNOUNCED BY MR. HOOVER

Thirty-Five Men and Three Women to Attend Unemployment Conference

WASHINGTON, Sept. 19.—Announcement of the names of 35 men and three women who have accepted President Harding's invitation to participate in a national unemployment conference here beginning next Monday was made tonight by Secretary Hoover. Other names will be announced later, he said, when all replies are received.

The list includes Secretaries Hoover and Davis, Julius Barnes of Duluth, Minn.; Samuel Gompers, Charles M. Schwab and John L. Lewis of the mine workers. The women are Ida Tarbell of New York, Mary Van Kleeck of New York, connected with the Russell Sage foundation and Elizabeth Christian of Chicago, an officer of the National Woman's Trade Union league.

Mr. Hoover has been appointed chairman of the conference, which it was said, would at once dissolve itself into special committees for the formulation of plans. These committees, he asserted, he would not doubt seek co-operation from other representatives of labor, employers and civic bodies.

It was considered probable that President Harding would open the conference with an address outlining his desire to remedy unemployment.

Surplus Copper Stocks Estimated by Department

LEDoux ORDERED TO MOVE ALONG

Radical Not Allowed to Carry Out His Slave Auction in New York

NEW YORK, Sept. 19.—Urban Ledoux announced abandonment of his plan to hold a "slave auction" of the unemployed tonight after police dispersed a crowd of his followers in Bryant park and prevented him from distributing food to the jobless.

He said his auction would not be necessary because the "high handed interference of the police will cause the wrath of public opinion to make right the present situation in New York."

He appeared first at Cooper square with a wagon of buns for hungry, but the police ordered him to move on. He returned the buns to the bakers, at the police orders, but charged that he could not get his money back.

Walking to Bryant park, he was greeted by scores of men, who accompanied him to a hall, which he had rented. Police barred the way and told him to move along. A crowd of more than 5,000 persons soon gathered. Many were unemployed.

Mounted police and patrolmen dispersed the crowd. There was some resistance, but Ledoux was hustled away and the streets cleared.

charge of this department of law enforcement was to meet state officers in general conference with a view to exchanging ideas and establishing a workable co-operation.

"These laws have been passed because a majority of the citizens of this nation and state believe in intoxicating beverages and it is our duty as sworn representatives of the law to make every effort in bringing about recognition of the new order of things under the Volstead act," asserted Dr. Linnville.

"Anyone familiar with the situation in Oregon must know that the force of nien men assigned to my department is inadequate when the size of the state and the other conditions are reckoned with. Only with the full co-operation of the county officers can the best results be accomplished.

"In return, we are ready to aid you with any local problems and our newly created legal department is at your disposal in brushing out any of the intricate questions of law that arise," assured Dr. Linnville.

Mr. Mitchell told the sheriffs that there were several conflicts of state and federal codes and that these must be guarded against until such questions were adjusted by legal processes.

was a declaration from Mayor Halvorsen that the matter would be taken care of later.

On Utter's motion, Mayor Halvorsen called a committee of three, Aldermen Utter, Pope and Peppon to investigate the feasibility of adopting a new method of administering city affairs.

Fifth Avenue Residents Fight Electric Signs

NEW YORK, Sept. 21.—Broadway can have its electric signs, famous the world around, but Fifth Avenue will have none of them.

Not only do the merchants object to signs in motion, but also to signs at rest. All must go, they assert, if the avenue, turning from home life to business, is to retain its dignity.

So the Fifth Avenue association is preparing to ask the legislative charter revision committee to make changes which will permit the city authorities to banish the signs on the historic avenue.
