

RELIEF PLAN READY FRIDAY

Rapid Progress of Committee Work Advances Unemployment Conference

EMERGENCIES STUDIED

Numerous Economic Questions Are Presented at Series of Hearings

WASHINGTON, Sept. 28.—Due to rapid progress by committees in formulating recommendations, the unemployment conference will begin consideration of a general emergency relief program Friday, five days earlier than had been planned, it was announced tonight.

In addition to the report of the manufacturers' committee, on which agreement has been announced, recommendation on emergency measures will be reported Friday by the committees on unemployment statistics, employment agencies and registration, emergency public works and construction. Other reports will be considered as completed, it was said.

New Committee Named
Announcement of the formation of a new committee on community civic and emergency relief measures, to recommend the best forms of community organizations to carry out recommendations for decreasing unemployment was made today by the conference.

ference. This was said to have developed from indications developing in the deliberation of the conference that the immediate problem of finding work for the idle was for the individual committee to handle.

The suggestion, it is understood, has also been made that local committees should be formed in the cities and different sections to administer recommendations adopted by the conference.

More Hearings Held
Public hearings today were devoted to the question of employment service and the relative merits of public and private agencies. The majority of the witnesses favored use of public agencies, either municipal, state, or federal, in the distribution of work.

Urban Ledoux, who recently conducted labor auctions in Boston, endorsed the establishment of federal employment agencies.

Organized labor, according to W. C. Roberts of the American Federation of Labor, was emphatically in favor of a federal employment service absolutely neutral in labor disputes.

Immigration Discussed
The public works committee was said to have practically completed a report calling on states and municipalities to proceed immediately on their projects whether appropriations were ready or not. Hearings are to be held by this committee tomorrow to develop suggestions for the speeding up of work for the municipalities.

Secretary Davis appeared before the committee on shipping and was said to have discussed the immigration question in the light of the employment problem.

WAY CLEARED FOR TAX ROW

Reading of Measure for Approval of Uncontested Amendments Finished

McNARY LEADS ATTACK

Senator from Oregon Makes Proposed Transportation Levies Target

WASHINGTON, Sept. 28.—The way was cleared today in the senate for the fight over the Republican tax revision bill. Reading of the measure for approval of uncontested committee amendments to the house bill was completed and consideration of the contested features will begin tomorrow.

These include sections dealing with income taxes, profit taxes, transportation levies, excise and soft drink levies and all other levies changed by the committee as well as with estate taxes and levies on admissions and dues not altered by the committee.

McNary Opens Attack
The attack on the transportation taxes was opened by Senator McNary of Oregon, Republican, who offered an amendment to strike out the levies on freight, passenger, Pullman and express.

Senator King, Democrat, Utah, said he would propose an amendment to eliminate also the tax on telegraph and telephone.

Senator Simmons of North Carolina and other Democratic members of the finance committee, completed today amendments which they plan to offer and which, if adopted, would virtually re-write the bill. It is understood their principal feature is the raising of rates on corporations and the wealthy to maximums higher than those proposed by the finance committee.

Smoot Speaks Monday
Senator Smoot of Utah, a Republican committee member, gave notice that he hoped to have his manufacturers' sales tax plan ready to offer tomorrow and that he probably would speak on it Monday.

The third reading today the senate voted to most of the special stamp taxes, and the existing tobacco taxes and also to a number of administrative provisions. Those provisions included those designed to speed up final settlement of tax claims, establishing a tax simplification board and to prevent unnecessary examinations or investigations of taxpayers' books of account.

Other sections agreed on included one authorizing the secretary to issue an additional \$500,000 in short term notes to facilitate the funding of victory notes and certificates of indebtedness.

600,000 in short term notes to facilitate the funding of victory notes and certificates of indebtedness.

Could Hardly Straighten Up
When the kidneys are overworked and fail to throw out waste matter from the system, it causes aches, pains, lame back, swollen ankles, sore joints, dizziness, floating specks, etc. J. W. Seabock, Chester, Pa., writes: "My kidneys and back hurt me so when I got out of bed in the morning I could hardly straighten up. Had to rub the small of my back before I could walk. I could hardly button my shoes. I haven't felt the soreness since I took Foley Kidney Pills. Sold everywhere.—Adv.

KU KLUX KLAN IS HIT BY GOVERNOR

Olcott Gives His Opinion in Reply to Inquiry by New York Editor

The behavior of the people of Oregon in secret organization such as the Ku Klux Klan is needed, and he doesn't believe in it anyway, is in substance the reply of Governor Olcott to Herbert Bayard Swopes, executive editor of the New York World, who seeks the Oregon governor's opinion.

Mr. Swopes has asked a similar question of other governors and so far Governor Harwick of Georgia is the only state executive who has given the organization his approval. One other governor made an evasive answer.

Governor Olcott's reply follows:

"Your telegram September 22. Because of wholesome conditions in Oregon, with little discontent and a satisfied people, Ku Klux Klan, although endeavoring to invade the state, has made little or no progress, and am informed it is now folding its tent like the Arab and as silently stealing away. The Klan has been taken lightly here and because of the fact it has made practically no impression on our people or our institutions. Executive offices of this state has deemed action or any particular comment unnecessary. I feel our government needs no subsidiary, secret, invisible corporation to assist it in enforcement of its laws or to protect the liberties of its people. In Oregon great mass of public not only has distinct hand in making the laws, but feels and shows deep respect for them after they are made. Our citizens ask aid from no organization that must work in dark and secret places and feel that such an organization has no place in their councils or activities."

Prof. Garner reports that the female ape says "Maahaa," and the male ape replies "Wahoo." Evolution doesn't seem to have carried us very far. At a dance last week we heard a chap address a girl, "Whose is oo?" And the girl replied, "It's oo's."—Wasside Tales.
