SALEM IS THE DEHYDRATION CENTER OF THE WORLD

Do you realize what that means? It means that there is a market, and a growing market for every vegetable and fruit that can be raised on the land in this territory. And that means more than is apparent to the stranger at first glance; for a greater variety of fruits and vegetables can be successfully grown here than in any other part of this country or the world. Dehydration is the greatest thing in the world, in food conservation. It takes out the water; the consumer puts it back, at any time in the future, anywhere under the shining sun—and then he has the fruit or the vegetable as good as fresh, in every nutritive quality, and in every other way. The saving will be billions, annually. And all the money comes to Salem excepting what is expended for the nails in the shipping boxes. Better than a gold mine; for it will never "pinch out."

KING'S PRODUCTS COMPANY
SALEM OREGON
(This company is committed to the growth of this community, by a program that will make its output ten times its present output—that will employ 2500 people at its factory; that will pay to the growers \$20,000,000 a year for their products.)

"SILO FILLING"

The Predominating Subject on the Farm

RIGHT NOW

Do YOU realize the time is short for ordering THAT silo? Do YOU realize that orders are coming in daily and must take their turn?

We try to take care of all orders as promptly as possible, but owing to the large number of orders coming in late, we ask that you order now in order to prevent any disappointment later.

The Pep and Progress Pages Are Next
This is the 104th Salem Slogan issue of The Statesman. This feature has run for two full years; in the Thursday issues of the Daily and the Friday issues of Twice-a-Week Statesman. The object was to exploit the fifty-two most important basic industries of Salem and the Salem district—
To inform ourselves and the world concerning the chief things we should grow and the chief things we should do, because we can grow them and do them to better advantage and with more profit than other cities and sections—
To inform ourselves and the world concerning the advantages we have here that amount to franchises. It has been proven that the Salem district is the land of diversity; that this is the country and the city of opportunity.
No city of Salem's size in the entire world can equal the showing—no other city anywhere has such prospects.
Now the matter in these 104 Salem Slogan issues is being gathered together to be put in book form, to be revised from time to time; to become a permanent showing of our wonderful resources and advantages. This book will be printed as soon as the work now under way, can be completed.
Under the same auspices, partly, and in a different way, the campaign will be carried on for the next year under the title, "Pep and Progress Pages," to begin next Thursday.

DID YOU KNOW That the Salem paper mill, one of the most up to date paper mills in the world, has been in full operation a year; that a year ago tomorrow the first car load of paper was shipped to market; that this institution has added greatly to the industrial activity of Salem and the Salem district; that it has grown constantly in capacity, and will continue to so grow, because provision has been made for growth, and this is the greatest pulp wood center in the entire world; that its markets are being constantly extended, and that the operation and enlargement and activities growing out of this mill will attract many other industrial enterprises and developments here?
