CHAPTER 185

WHAT LILLIAN UNDERWOOD COMPELLED MADGE TO DO.

I have never known more restrul days than those of the summer months following Junior's birthday fets, which ended so auspiciously for the happiness of Alfred Durkee and Leila Fairfax. Only the closing of the school disturbed the plac d monotony of the days, and that held no unexpected element, was simply a matter of tiresome routine which Alice Holcombe and I maxaged to

dispose of without friction or out-

spoken criticism from the school board. With Lillian and her small daughter dom'ciled at Mrs. Dure kee's, next door, I resolutely put from my mind all fear of any unpleasantness for me which might ensue from the campaign against Kenneth Stockbridge by his dead wife's relatives, a campaign of which I strongly suspected the sinister appearing man who had called upon me to be a part. Lill'an is always like a solid rock of reassurance to me. I felt childishly that nothing could happen while she was my next door neigh-

Only one thing clouded the utter indolent contentment in which I spent the first few weeks of my vacation, and that was my knowledge of the intense suffering which Alice Holcombe was undergoing because of the continued incarcerat'on in the county jail of with Kenneth Stockpridge charged having murdered his wife. But as the days wore on I found myself with an inward protest at my own selfishness, adopting the view of the matter which Lillian

and Dicky kept forcing on me. "Look here, lady," Lillian said one day shortly after school-closed when I was expressing my sympathy for Alice. "if you don't quit trying to carry the weight of the world on your shoulders we're gong to walk slowly behind you little pretty soon with nice wreaths in our hands."

A Lazy Program.

"Why! Why!" I stammered, "I'm perfectly all right!" "Yes, you are." she scoffed. "You're about as near a nervous breakdown as anybody I ever saw I wouldn't tell you this only some body's got to make you take care of yoursif, and I fancy I'm the goat, Remember, child. you've since before Dicky joined the aviation corps. And the melodrama at Bayvew hasn't helped things along any." "Well, at least I'm not going

back there next year!" I protested feebly. "For which small exhibition of your common sense Allah be praised," retorted Lillian. that doesn't alter the fact that you are pretty nearly at the end of your tether. You're thin, hollow-eyed and pale, the mere ghost of yourself. And we've all been talking you over, Dicky, his moher, your father and your humble servant, and we've decided that you need absolute | rest, ly ing around in the sunshine, reading in a hammock, evening motor rides and things like that until you're built up again." "Sounds like a nice, lazy, at-

tractive program," I said appreciatively.

Dicky's Suggestion. In the beginning the wheat "It is," Lillian rejo ned, "but you've got to put Alice Holcombe and her troubles out of your mind first. Worrying about it dictions of a liberal enlargement won't do her or Mr. Stockbridge one bit of good, and you'll only get yourself in such a state that if there came chance to do them any real service you would not tions that the increase expected te in either the mental or physiin the visible supply would be cal condition to render it.

I found it very pleasant to 110 back and be petted and coddled for a while. Dicky was my devoted cavaller, and I knew from his manner that he was really worried about me. I was more fatigued mentally and physicially than I had realized, and it was several weeks before I began to get back my ambition. But at last I grew t'red of inaction, no matter how luxur ously padded. and I expressed my recklessness to Dicky one afternoon when he had come home early and was

"Anything to please," Dicky rejoined promptly, and then with a shrewd glance at me. "What's on
