BEATS FORTY-FIVE WOMEN AT BAKING.

This man beat forty-five women at a "county fair" in Evanston, Ill., in a contest to see who could bake the best loaf of bread. He is Charles F. Champlin, and he received a prize for his work on an apron with a blue ribbon embroidered on it. Mr. Champlin is a well known business man of Evanston and is a member of the Illinois Athletic Club.

SHRINE MOSQUE OPEN FOR DANCE

Local Order Opens Beautiful
Dancing Hall, Decorations Attract

The Salem Shrine Mosque, 164 North Liberty street, over the Penny store, is now one of the most artistically decorated dancing halls in the city, having been in charge of painters and decorators during the past six weeks.

The arrangement of the interior of the mosque, formerly known as the Cotillion hall, has been completely changed, giving much more room for entertainments. The stand for the band is in the extreme corner to the left upon entering, as it was found that the acoustic properties of the hall were such that this change was a great improvement.

The walls are multi-colored, in soft rose and gray, and the trimmings are of Pierpont gray. The lights of the mosque are shaded from the ceiling in reds, greens and yellow, Shiner colors.

The main drapery of the mosque is in black, with large Shrine emblems electrically lighted. The sides of the hall are decorated with Roseville pottery and with wall pockets at intervals around the hall. These were made especially for the hall. The pottery will hold water in order that during special entertainments walls may be decorated with cut flowers.

A special feature of the artistic decorations of the mosque is the new lighting system, in lights of one suspended from the ceiling, all draped in fancy silk shades of Shrine colors, soft and pleasing in effect.

The committee that has had charge of decorating the interior of the mosque are P. G. Brock, chairman; Gus Schuneman, Glen D. Niles, A. H. Gille and David Wright.

Mr. Brock announces that the mosque will be open at the first dance given by the Salem Shrine club, October 27. El Karaz Grotto will use the hall for all its entertainments, as well as all Masonic bodies, and social clubs who may need the hall for special dances.

The Stock Market and Local and Export Trade

CHICAGO, Oct. 8.—A late rally relieved an otherwise depressing short session of the board of trade today, the change coming after wheat, corn and oats had all recorded new low levels for the season. The close was unchanged to a half cent lower for wheat, 3/4c to 1c lower for corn, and 1c lower for oats. Lard finished unchanged to 1/4c higher, and ribs 2 1/2c lower to 5c higher.

Wheat started weak and made its low mark early. An initial rally was short lived, and the market sagged steadily until December touched \$1.07 1/4, and May \$1.12 1/2. Sentiment was mixed and the news generally bullish, exports demand being reported slow and Canadian northwest offerings liberal with big receipts in prospect at Winnipeg next week.

To the usual week-end evening sales were added reports that India—ordinarily an exporting country—had bought two cargoes of Pacific northwest wheat with further trade in sight.

Corn and oats moved in parallel lines under stop-loss selling, the fact that new No. 4 corn is deliverable under December contracts increasing the pressure on that option. Evening up transactions helped a recovery from the inside figures.

Provisions were dull, Lard

firmed up on the strength of the hog market and ribs were a bit lower.

Evaporated apples, nominal; prunes, dull; peaches firm.

Dallas Grower Enjoys October Strawberries

DALLAS, Or., Oct. 8.—(Special to The Statesman).—A. J. Mott and son William Mott are perhaps the only people in this part of the state who have had the privilege of indulging in several fine dishes of strawberries each week during the late summer months. The Motts have a patch of everbearing strawberries on their place in the western part of Dallas and three or four times each week they have fresh strawberries on their table.

This week they were exhibiting the berries to a number of local people and should they desire to market the same could receive fancy prices from the local markets. Mr. Mott and son have been raising berries for the past several years and intend to extend their acreage next year so they will be able to care for orders received during the summer months from the buying public.

POLK DOCKET WELL CROWDED

Court Will Continue Present
Term for Extra Week,
Bremmer Loses

DALLAS, Or., Oct. 8.—(Special to The Statesman).—The Polk county circuit court, which is in session this week in Dallas, will not be able to wind up the October term of business this week and will have to hold over until next week. The case of Bremmer against Brown for the alleged cutting of auto tires was heard by a jury today and the defendant, Mr. Brown, was acquitted of the alleged tire-cutting. The case of Hughes against members of the Apostolic Faith Mission of Dallas is occupying the attention of the court this afternoon and some little difficulty was experienced in securing a jury. Very little of the case was heard this afternoon, but it will probably be finished up tomorrow, after which the court will adjourn.

Monday the case of Pugh & Sauer against the city of Dallas will be taken up. This suit is for money alleged to be due the plaintiffs on a contract for building sidewalks in the city of Dallas during the year 1920. The contract has not yet been finished but the contractors have sued to collect the balance of their money.

Amity Store Entered And Valuables Taken

AMITY, Or., Oct. 8.—(Special to The Statesman).—Robbers entered the Amity store some time last night. They gained entrance by breaking a window in the rear of the store and then releasing the window catch.

The raiders rumaged through the building and articles were scattered all over the floor. Articles taken were cameras, fountain pens, eversharp pencils, all jewelry and some drugs were also taken.

The loss will amount to several hundred dollars, according to an estimate by Mr. Willett, the owner.

This is the second time in less than three years that this store has been entered by burglars.

Mrs. Youngwife, to real estate agent—I notice that this house has a fine bath room, but there is no medicine closet in it; how does that happen?

Agent—The people who built it were Christian Scientists.

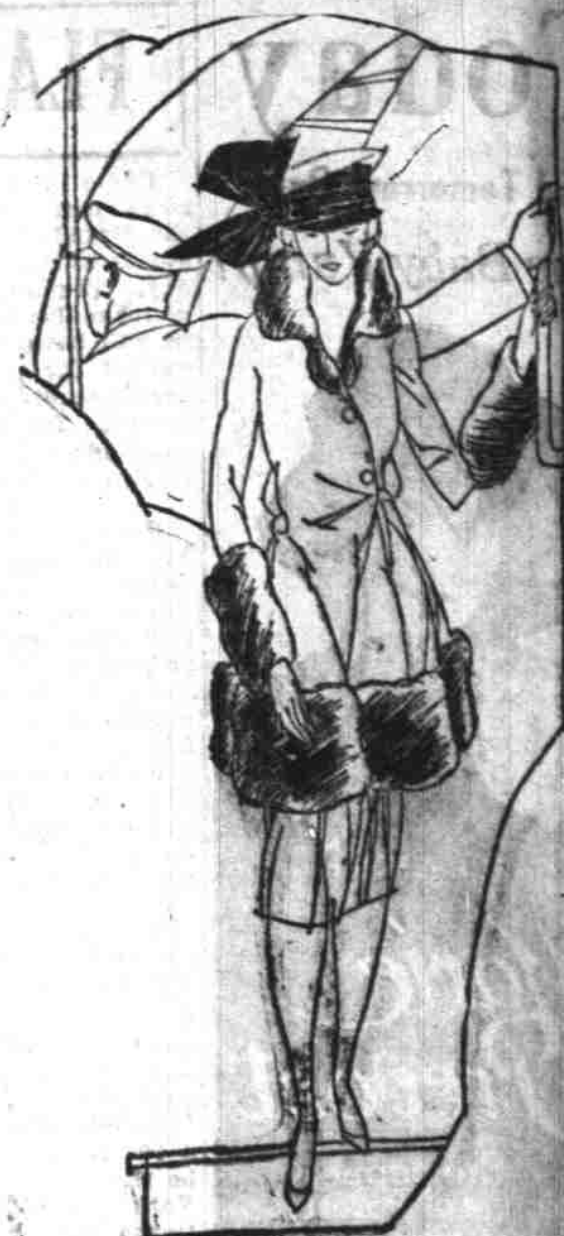

Ladies' Coats and Suits
