"DREAM STREET" IS GRIFFITH'S 500th PICTURE— His Production Record Filled With Inimitable Successes— D. W. Griffith comes to us again with a new production which has been acclaimed a work of art and the most unusual story of symbolic love and romance. This new Griffith work is "Dream Street." It will be seen at the Liberty theater for four days beginning next Sunday. "Dream Street" has been called a dramatic comedy. The characters were suggested by those of Thomas Burke in his Limehouse stories. While they may be from "Gina of Chinatown" and "The Sign of the Lamp" still these characters are found in all the corners of the world where romance, love and beauty hold sway. They gaze through wistful windows out on their Street of Dreams and one cannot help loving them as they pass along life's highway amid their tragedies and comedies of existence.
