

# ULSTER ISSUE IS UP TODAY

Most Difficult Question in Irish Negotiations Before Conference

SINN FEINERS FINISH

Restlessness in Belfast Is Attributed to Fear of Sacrifice

LONDON, Oct. 20.—The most difficult problem facing the Irish conference—that of Ulster—will, it is understood, come up tomorrow before the full conference. Sinn Fein delegates having finished their work on sub-commit-

tees, with the British representatives, have been busy today with their experts concluding their case. The Sinn Fein has maintained its determination not to agree to enter the British commonwealth unless Ireland is treated as a unit. An effort therefore is to be made from the government's side to induce Ulster to consider some means by which, while preserving its local autonomy, it may form a part of the Irish state.

Ulsterites have resisted all appeals thus far, and the restlessness in Belfast is attributed in high quarters here to apprehension that the rank and file of the British representatives contemplate sacrificing them to the desire for an Irish settlement.

All information obtainable in authoritative quarters, however, points to strict adherence by Premier Lloyd George and his colleagues to their Ulster pledges. The opinion is expressed by many persons that it will be possible to construct some plan which, while apparently leaving Ulster untouched, will give such advantages to the south as to compel Ulster to make terms with the south.

There are other persons to

# DELEGATES TO STUDY AGENDA

American Who Will Sit in on Disarmament Conference Discuss Program

FULL AGREEMENT POLICY

No Attempts at Coercion to Be Made in Great Parley at Washington

WASHINGTON, Oct. 20.—Members of the American delegation to the conference on limitation of armament will meet again with Secretary Hughes today with additional data bearing on questions to be discussed ready for inspection. The work of getting up the studies of various matters included under the agenda has gone ahead and the mass of information accumulated for the American delegates been greatly augmented.

It was learned today that American officials do not expect the question of immigration restriction imposed by this country on Japanese or Chinese nationals to play any part in the conference deliberations. All governments, including Japan, have recognized the immigration problem as a domestic question, outside the realm of the conference, it was pointed out.

No Objections Made As to the agenda, it was again said authoritatively today, no objection had been made by any power to the outline of discussion.

whom the difficulties seem insuperable, and many of them prophesy a speedy break in the negotiations on this issue.

sions proposed. When the conference meets, it was said, it was possible that topics within the scope of the agenda would be proposed and accepted, but it was pointed out no question not embraced in the general outline furnished by the accepted program of discussion could well be added without the specific agreement of the governments participating.

Equality Recognized. It was again emphasized that the conference is to be a meeting of equals and that it involves no voting or majority rule. All parties must reach agreement on any step taken, it was said, and no delegation can be bound against its will on any point. The whole purpose, it was added, was to reach by discussion such a mutual understanding on any points taken up that a mutually agreed agreement would flow naturally from that understanding.

Immigration Unmentionable. The form of such agreements when reached must of necessity be decided on by the conference and before they can become binding or be written into the policy of any of the participating governments, they would have to be approved by such governments. It is understood on any points taken up that a mutually agreed agreement would flow naturally from that understanding.

## Quarterly Report Made By Deputy State Sealer

W. A. Dalziel, deputy state sealer of weights and measures, has prepared a report of his department covering the quarter ending September 30. Statistics in the report follow:

Scales inspected	2,848
Weights inspected	5,022
Linear measures inspected	1,002
Liquid measures inspected	2,171
Gas and oil pumps inspected	777
Flour weighed, sacks	10,832
Feed weighed, sacks	1,565
Stock feed weighed, lbs.	9,000
Berries inspected, boxes	4,692
Butter weighed, lbs.	130
Bread weighed, loaves	308
Package goods inspected, pkgs.	1,194
Peaches inspected, boxes	1,994
Sugar weighed, lbs.	4,000
Apples inspected, boxes	359
Honey weighed, lbs.	246
Lard weighed, lbs.	2,600
Hay inspected, tons	73
Wood measured, cords	180
Coal weighed, tons	75
Milk bottle tested	2,609
Hop baskets inspected	101
Towns visited	412

## SILVERTON NEWS

SILVERTON, Or., Oct. 19.—(Special to The Statesman)—Mr. M. G. Gunderson motored to Portland the first of the week. Mrs. Gunderson returned with him the middle of the week.

The Waldo Hills road which was recently plowed has become almost impassible since the heavy rains of last week. This throws the greater part of the traffic on Paradise road. The road workers have begun to gravel the road but were halted in the work because of the rain.

Mrs. M. J. Madsen is ill at her home on Paradise road.

Miss Elizit Brown who lives on North Main street is preparing to move to Portland where she will make her home with a niece.

L. H. Meyers, manager of the Richardson Implement Store, has been confined to his home for a few days because of a severe cold.

Miss Alma Hansen, who returned from Southern Oregon hunting trip with three large deer.

M. E. Brown, one of Silverton's pioneers, is very ill at his home on West Main Street.

Miss Esther Larsen has given up her work as bookkeeper at The Pacific Transfer office.

Arthur Madsen was a business caller at Salem Wednesday.

## AUBURN NEWS

The last few rainy days have put the ground in fine shape for the plow and the farmers are busy getting their fall planting done.

Roy and Herman Hammer finished harvesting their 40 acres of potatoes.

A. Hunt and daughter Mildred, are at Hood River picking apples. The broccoli in this vicinity is looking well.

Herman Hammer is on the sick list.

Joel Springer is building a large modern poultry house on his fruit farm.

Miss Mable Williams had as her guest during the week, Rev. G. W. Grannis D. D. and wife of Portland, Cal.

Mr. and Mrs. William Hardy and baby daughter of Salem were guests one evening at the home of Miss Mable Williams, coming out to visit with Mrs. Hardy's uncle, Rev. G. W. Grannis.

## Woodburn Guard Copany Receives Government Pay

Headquarters company, Third battalion, 162d infantry at Woodburn received from the war department Wednesday its pay for army of drill of the first six months of this year. The amount was \$1058.80.

Sergeant Oliver O. Olson was one of the lucky men who attended drills pretty regular, as his check amounted to \$29. Sergeant Roscoe J. Reese was also regular at drills and his check for the six months amounted to \$25.00.

Private Paul R. Butterfield didn't go quite so strong in attending, and his pay roll amounted to only \$11. But Private Harold W. Bertholdson attended more frequently and received a check for \$20.50; also Marshall M. Hicks, whose pay check amounted to \$23.

The printing of the Congressional Record has been resumed. It seems simply impossible to stop off any of the unnecessary expenses.—Exchange.

# OREGON CARS ARE COUNTED

Up to September 15 Total Registration in State 113,733, Kozer

ALL CLASSES ARE SHOWN

Total at End of Year Will Reach Above 118,000, Is Predicted

A table just prepared by Sam A. Kozer, secretary of state, shows that up to September 15, 1921, there were 113,733 motor vehicles and 2,993 motorcycles, 5,269 chauffeurs, 175,182 motor vehicle operators, and 508 motor vehicle dealers licensed in the state of Oregon.

Of the 113,735 motor vehicles registered, 99,557 are passenger cars, 126 are ambulances and hearses, 99 are busses and stages, 4,961 are commercial cars of less than one-ton capacity, 8,704 are trucks of varying capacity from one to five tons, and 266 are trailers of from one to five-ton carrying capacity. Of the 8,704 trucks, 5,270 are from one to one and one-half tons capacity, 1,451 are from one and one-half to two tons capacity, 533 are from two to two and one-half tons capacity, 341 are from two and one-half to three tons capacity, 769 are from three to three and one-half tons capacity, 104 are from three and one-half to four tons capacity, 49 are from four to four and one-half tons capacity, and 232 are from four and one-half to five tons capacity. Of the 266 trailers, 65 are from one to one and one-half tons capacity, 65 are from one and one-half to two tons capacity, 24 are from two to two and one-half tons capacity, 25 are from two and one-half to three tons capacity, 37 are from three to three and one-half tons capacity, 12 are from three and one-half to four tons capacity, and 38 are from four and one-half to five tons capacity.

Multnomah county is credited with 3,978 trucks and 62 trailers, Marion county with 588 trucks and 17 trailers, Clackamas county with 414 trucks and eight trailers, Lane county with 318 trucks and 18 trailers, Umatilla county with 312 trucks and two trailers, and Washington county with 206 trucks and 13 trailers. Lincoln county, which has the smallest number of motor vehicles in the state, is credited with 32 trucks; and Haney county, which is the largest county in area in the state, has 46 trucks and one trailer, with a total of 550 licensed motor vehicles.

Based on the registration during the latter part of the year,

1920, it is safe to assume that the total motor vehicle registrations in Oregon for the year 1921 will not exceed 118,000. Figures which have been compiled and issued by the department from information secured from the other western states showed that Oregon was maintaining its standing so far as the use of motor vehicle applies, as in a number of the states the registrations at the time the reports were received were less than those during the same period of the previous year.

It looks as if yapping over Yap is about over.

If Your Trouble Is Scrofula As Often Acquired as Inherited

You have eruptions and sores, and perhaps enlarged glands of the neck. This blood disease effects the internal organs, especially the lungs, and if neglected may develop into consumption. It causes many troubles, and is aggravated by impure air, unwholesome food, bad water, too much heat or cold, and want of proper exercise.

Hood's Sarsaparilla, the blood-purifying medicine that has been used with so much satisfaction by three generations, is wonderfully successful in the treatment of scrofula. Give it a trial.

If a cathartic or laxative is needed, take Hood's Pills.—Adv.
