

BEARCATS PLAY INDIANS TODAY

Two Teams Well Matched As to Weight, and Game Will Be Good Test

The Bearcats put the finishing touches on their training for today's game, yesterday afternoon by signal running and passing. Tomorrow the Willamette Varsity team will meet the Chemawa Indians on Sweetland field and a game is promised that will make the Bearcats fight.

The Bearcats will be playing a team that has practically their own weight. The handicap that has met them in the past two games will be different for the Indians will have about six or seven pounds less weight than the Bearcats per man. The drubbing that O. A. C. gave to Chemawa was about of the same kind that the Aggies gave to the Willamette team. The Varsity men have an opportunity to take the offensive and use some of the new plays that Coach Bohler has been training them on. Their attacks will be against a strong team and will give the Coach an idea of what his men will do in some of the coming games. In Pacific university, Whitman and the Gonzaga teams. The scoring machine that Bohler has been building up will be thoroughly tested.

Minor accidents resulting from this week's scrimmage have put a few of the Varsity men on the shelf. Rookstool after being on crutches for nearly three weeks has been temporarily out of the game. Stanley Allen is carrying a broken finger while Red Forbes is strapped up with a cast to hold three broken ribs in place.

Twenty-five men will report in suit today at 2:30. They are: Zeller, Bain, Ramsey, White, Lawson, Barnes, Sociolofsky, Caughlin, Richards, Nicol, George, Patton, Dunnette, Michelson, Crumley, Moody, Oliver, Carey, Hill, Hise, Isham, Edwards, Artz and Rares. The tentative line-up is as follows: Ends, Barnes and Carey; tackles, Lawson and Rares; guards, George and Ramsey; center, Bain or White; quarter back, Caughlin; halfback, Dunnette, Zeller or Patton; fullback, Sociolofsky.

Rookefeller Family Tries To Keep Out of Noted Case

WHITE PLAINS, N. Y., Oct. 21. Members of the Rockefeller family interested in the \$37,000,000 trust fund created by the will of the late James Stillman today opposed efforts to draw them and all other potential beneficiaries into the divorce litigation begun by James A. Stillman, banker,

against the former Fifth Potter and baby Guy Stillman. Through counsel they argued against a motion which would have all potential beneficiaries show cause why they should not be made co-defendants with Mrs. Stillman and the 2-year-old Guy, whose paternity Mr. Stillman impugned. This move was made by J. E. Mack, guardian for Guy, who told Supreme Court Justice Morschauser that his purpose was to settle in the one divorce action both the paternity of the child and his right to share in the fortune left by the elder Stillman.

A. J. Jenks, counsel for Mrs. Percy A. Rockefeller and Mrs. William Rockefeller, sisters of James A. Stillman, contended this would bring into the case many persons with no interest in the litigation save that under the will of the elder Stillman they were entitled to share at some time in the trust funds. He declared the court without jurisdiction to grant the motion.

British Admiral Greeted By Thousands in New York

NEW YORK, Oct. 21.—His gold braided cap cocked jauntily over his left ear, Admiral Earl Beatty landed today to receive a hearty welcome from thousands.

By his side was Rear Admiral Hugh Rodman of the American navy who had served in the North sea during the war.

Admiral Rodman, honorary aid to the first sea lord, had journeyed down the harbor to meet his old comrade.

Greeted at the Battery by Lieutenant Governor Wood, Admiral Beatty motored up Broadway to the plaudits of thousands. At the city hall he paused to hear Mayor Hylan welcome him to the city and to the home of Marshall Field, his host while in New York. Sunday he leaves for Washington on his way to the American legion convention in Kansas City.

Mr. and Mrs. Willis Are Home After Long Journey

After an auto trip of thousands of miles extending from Salem to the Atlantic ocean and return, Mr. and Mrs. George N. Willis are home, having reached Salem a few days ago.

They left Salem June 1, driving direct to Pendleton. Then spending a few days at Idaho Falls before traveling to Salt Lake City. Through Nebraska, they traveled over the Lincoln highway to Chicago and on through Indiana to Washington, D. C.

After visiting at the national capital, they drove to Philadelphia, New York and on to Boston. On their return trip they visited Niagara Falls, then through the central states to Salt Lake City and then to San Francisco.

Mr. Willis found the east several years behind time in automobile park conveniences and when it comes to hospitality the east has forgotten all about the western brand. And he also learned that the east knows nothing to any extent about the west, and especially Oregon.

Whitney Gill Will Report Grid Game Play by Play

OREGON AGRICULTURAL COLLEGE, Corvallis, Ore., Oct. 21.—Whitney Gill, editor of Salem has been assigned by the Varsity "O" association to report the Stanford game at Palo Alto, October 22. The report will be received at the college play by play. Maurice "Mac" Snook will be in charge of the electric score board in the men's gymnasium.

Last year the board was donated through the courtesy of Sam Elliott, proprietor of the Gem Cigar store. This year the wearers of the "O" must pay 10 per cent of the proceeds for its use. Large numbers of students watched the board last football season but the lettermen want an even larger attendance this season. As an added incentive they are trying to arrange for a dance between halves and after the game is over.

Committees are completing details for the Homecoming week-end. Besides two football games and banquet of lettermen Friday evening, a Varsity "O" dance will be given Saturday evening, November 12. Many former winners of the orange "O" will be present and take part in the affairs of the week-end.

PHEASANT FARM TO BE ENLARGED

C. I. Benson of Silverton Will Add More Pens to Extensive Plant

SILVERTON, Or., Oct. 20.—(Special to The Statesman)—C. I. Benson, of the Benson Pheasant farm, is making preparations to add more pens to his pheasant farm. At present he has over 10 miles of poultry netting. Mr. Benson has the largest privately owned game farm west of the Mississippi river. He has between 800 and 1000 birds for breeding purposes alone. He estimates the production for 1922 to be 50,000 eggs and 5,000 birds.

The Benson farm contains a private water system, with over a mile of pipe. Mr. Benson operates a small box factory for manufacturing crates for shipping purposes. Last year he used one-half a ton of corrugated paper boxes for shipping eggs. At present Mr. Benson is having moss gathered for the shipping of eggs. It takes about 200 ordinary gunny sacks of this moss every year for egg packing. The moss used is gathered from the vine-maps which grows in swampy places, and from the hills.

He also uses from six to eight tons of green lettuce each year, besides the large quantities of cabbage and kale for feed. Birds raised on the Benson farm have been shipped to all parts of America and everywhere they have won recognition for quality. Recently Mr. Benson received a large order from the Hawaiian game commission for eggs and birds for next year's delivery.

MORE BOMBS ARE HURLED IN PARIS

Seven Policemen Injured in Demonstration Against America

PARIS, Oct. 21.—Seven policemen were injured tonight by the explosion of a bomb thrown into a crowd in Wagram avenue during a meeting held by the French Communist party in protest against the conviction for murder in Massachusetts of the Italians, Sacco and Vanzetti. Several persons were arrested, charged with disorderly conduct. The meeting had been widely advertised as a protest against the American government, capitalists and the "execution" of Sacco and Vanzetti. Speakers were bitter in their vituperation of the American government.

Ten thousand persons crowded into Wagram hall, and when the capacity of the hall was reached there were many demonstrators outside. It had been announced that the intention of the leaders was to head the throng on a march to the American embassy. There was no attempt to do this.

Mounted Republican guards and many police patrolled the vicinity while additional forces were held ready to handle the crowd when the meeting ended and prevent any demonstration or a march toward the embassy, around which a guard also was posted.

While the proceedings in the hall were without incident, except for fiery speeches, the crowd outside resented efforts of the police to keep them on the move, during which three shots were fired at the mounted men. One fell and the man who did the firing was immediately cut down by the saber of another mounted man. Police then closed the hall and would not permit anyone to enter or leave. During the speeches the audience called on the leaders to march upon the embassy, but the speakers made no reference to such a move.

The anarchist newspaper Liberte and various communist newspapers, all calling upon the workers to obtain the release of Sacco and Vanzetti, were circulated in the hall.

At the meeting an unexploded bomb was found under a seat on the boulevard near Wagram avenue. It was one of the Mills type and similar to the one sent to Ambassador Herrick and the one thrown among the police.
