

SOLDIER IS ON WAY HOME

Unknown American Doughboy, in Flag-Draped Casket, Accorded Honors

OLD FLAGSHIP, HEARSE

French Marines in Attention at Havre Until Vessel Is Out of Sight

HAVRE, Oct. 25.—(By the Associated Press)—America's unknown soldier is coming home. After resting nearly three years in France, he began his last homeward journey on the United States cruiser Olympia today.

The symbol of the lost American dead will rest on French soil

In the American national cemetery at Arlington, for the Olympia carries a large box of the soil of France, enough to cover the bottom of the grave.

Solemnly Marks Departure

Simple solemnly marked the departure of the unknown warrior, as did his selection yesterday at Chalons-Sur-Marne. Just before placing a medal of the Legion of Honor on the casket, Minister of Pensions Maginot, speaking for the people of France, declared: "American, brother, they are taking you back. We, however, will plausibly preserve your memory and the land of France will never forget you confided to her your last dream."

The parting ceremony was held on the pier. Six army pallbearers carried the body to the gangway and placed it on the pier. Afterward six American sailors and six French "gamins" carried the floral tributes aboard as the American band played "Chopin's Funeral March" and the American national anthem.

French Marines At Attention

As the order to cast off was given the American flag was half-masted and an escort of seven French destroyers accompanied the Olympia to the three-mile line. Airplanes waited to fly over the Olympia as she passed out to sea.

The French marines stood at attention until Admiral Dewey's old flagship became a speck on the horizon.

GAMES AHEAD FOR BEARCATS

Pacific University Hopes for Revenge November 5 for Many Defeats

TRIP EAST IS COMING

Whitman Will Be Played at Walla Walla and Puget Sound at Tacoma

The Bearcats have been thinking of making it Bear-cats, trading their padded suits for flivver bathing garments, and making it a regatta instead of a gridiron finish to the season. They would, but for the schedule that they are already bound to go through with.

First comes Pacific university from Forest Grove. The whole town will come including the doctor and the undertaker, on November 5, to wipe out 14 straight defeats at the hands of the Bearcats. This is the time they're going to do it, they say, sure pop.

And there is every prospect of a battle for the P. U. team has established an exceptional record this year. They scored against the University of Oregon. It was a more lop-sided score than the one between Willamette and Oregon, but still the Pacific made it a genuine touchdown and a goal.

Others Cleaned Up.

They have cleaned up two of the other smaller colleges in straight heats—Albany and Mt.

Angel—and now they are rolling the word "H-r-r-r-he-ven-n-e-n-g-e" around their tongues for the 14 straight walloping that Willamette has handed them. It promises to be the big game of the year. Certainly, it will be the last college game at home this year.

There are two other college games on the regular schedule the one at Walla Walla with Whitman November 19, and the one a week later with Puget Sound university, at Tacoma. The record attendance at the Pacific game, November 5, for they are still deep in the financial hole and they want to crawl out. The Bearcats have spent close to \$1500 this year, for equipment alone, and it takes a lot of support to carry that load.

Freshmen Are Stars.

Some star players are developing from the freshman class that promise to shine brilliantly for years in the western football sky. Isham, backfield man, is developing into a genuine find. He has a real nose for football—not a castiron or rubber handle that merely can't be hurt, but a genius for ferreting out the plays, for following the ball on aerial passes and for doing things generally.

Dunnette, who played the backfield in the Chenawa game, looks like one of the fellows who will make the audience rise up on its hind legs, pull the benches to pieces and do the strangest things in a frenzy of excitement. With three more years ahead of him, he promises to make Bearcat history. Carey at left end, also a green-capper, is showing fine promise.

It is the policy of Coach Bohler to bring in all the men who can be interested, teach them to enjoy and to play the game, and to get ready for years to come, rather than to build up a one-year team; and let the future take care of itself. This policy is bringing out a host of promising new men, and there is joy thereover in the heart of every pigskin enthusiast at Willamette.

Basketball is to begin in the near future. It is only 30 days until the football season is officially closed, and then the indoor sports begin. The university is to have the armory for all its indoor games. The floor is to be laid out for tennis, basketball, volley ball, and perhaps indoor sports. Manager McKittrick expects to have this work done within the next few days, so that he may be ready for everything when the football whistle blows the end of the season.

A series of class games is understood to be one of the first things on the basketball schedule, and this will furnish a definite line for the material for the varsity team. Three of the old team will be here this year, McKittrick, Gillette, and Dimick. Willamette has starred in basketball, even if the football score hasn't always been very good. The management expects to make the game far more general this year than ever before.

conferred at length with the Interstate commerce commission and with others relative to the need of refrigerator cars for use in sending their fruit eastward. Because of the failure of the apple crop in many parts of the country the eastern market will demand western apples and at the present time there is a distressing shortage of cars.

Following a convention of the national association of railroad and utility commissioners at Atlanta, Ga., Mr. Williams went to New Orleans where he investigated the grain inspection methods. This side trip was at the request of Louisiana officials.

Dallas Commercial Club Arranging for Banquet

DALLAS, Or., Oct. 25.—(Special to The Statesman.)—At the next meeting of the Dallas Commercial club, which will occur the first Wednesday in November, plans have been made to hold a banquet and set-together session. It is hoped by this method to get out a large attendance, and if the affair is a success the banquets will be held hereafter once each month on the first meeting night. A committee composed of A. B. Muir, N. L. Gay and Edward Himes was appointed to have the affair in charge.

Anglo-Japanese Treaty May Soon Soon Terminate

VICTORIA, B. C., Oct. 25.—Termination of the Anglo-Japanese treaty and tightening up of the immigration act against Asiatics with the intention of bringing about their total exclusion from British Columbia was made an issue in the British Columbia legislature today.

G. S. Hanes, of North Vancouver, placed two motions of that tenor on the order paper. They will be discussed on the floor of the house Wednesday.

SHIP IN BULK URGES WILLIAMS

Chairman of Service Commission Back from East with Some New Ideas

Fred A. Williams, chairman of the public service commission, has returned from a trip east convinced that Oregon should get into the bulk method of shipping grain by water, and declares that if this method were followed 5 or 6 cents a bushel would be saved the farmers who produce wheat.

Another reform that Mr. Williams believes should be instituted is that in vogue in Chicago and New Orleans of passing on the condition of the ship before grain is loaded. This is done under the pure food act.

While in the east Mr. Williams

You Would Fly Out Of Your Skin

Eczema Makes You Wish You Could

Your disease, which is sometimes called salt rheum, not only itches, but also burns, oozes, dries and scales over and over again. Sometimes it covers the whole body and causes intense suffering.

You have found that local applications have no lasting effect, and you want permanent relief. You must thoroughly purify your blood or the eruption will continue to annoy, perhaps agonize you. Take Hood's Sarsaparilla. This blood-purifying medicine has been successfully used in thousands of cases.

To make and keep the bowels normally active, take Hood's Pills. They are gentle and thorough. — Adv.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache

The American men and women must guard constantly against kidney trouble because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish, the eliminative function of the body is impaired, kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and nobody can make a mistake by having a good kidney flushing any time.—Adv.

The Biggest Hit In Town

LADIES 20% COAT AND SUIT SPECIAL

All this week ending Saturday night—Just listen to this—Choose from our entire stock of Ladies' Coats, Suits and Dresses, also Children's Coats at 20% Off.

Can you imagine it—right now when you are in the mood of buying. Beautiful fur collared coats of Velours, Bolivias, Plushes, etc. Fine warm Coats in the season's most desirable colorings. Original prices are marked in plain figures.

No misrepresentations are permitted in our ads.—in fact our modesty prevents us from telling you half of their good qualities.
