Armed for a Bear

"I'd almost as soon go hunting without a rifle as without my Harley-Davidson. This trip I sure needed the gun, because Mr. Bear and I met at close quarters. "But even if I didn't get any shooting," my Harley-Davidson would give me enough sport to last me till the next trip. Anytime, anywhere, road or no road—she is always "raring to go"—with all the speed I want, and comfortable riding, too. And she's nowhere near such a drain on the pocketbook as other kinds of travel."
