Hallowe'en Parties Lend Merriment at Silverton

SILVERTON, Ore., Nov. 1.—(Special to The Statesman)—Hallowe'en was observed at Silverton Saturday night by a few dances and masquerades. The largest of these was the dance given by the firemen at the armory. This was in the form of a masquerade and many unique and pretty costumes were in evidence. It was attended by the biggest share of the Silverton young folk.

Another merry affair was the masquerade at the home of Mr. and Mrs. Oscar Satern. The first part of the evening was devoted to games in the hophouse. Later the guests retired to the house where refreshments consisting of gingersnaps, apples and coffee were served. The latter part of the evening was spent with music and cards.

Catarh Means Impure Blood

It is a Constitutional Disease
When it affects the nose and throat and becomes chronic it weakens the delicate lung tissues, deranges the digestive organs, and may lead to consumption. It impairs the taste, smell and hearing.

Take Hood's Sarsaparilla, which by purifying the blood, removes the cause of the disease, so troublesome at the time of the year, and gives permanent relief.

"I had catarh of the head and stomach, and dreadful ringing noises in my ears. I decided to try Hood's Sarsaparilla; my health improved wonderfully, and I adopted Hood's Sarsaparilla as my family medicine." Mrs. M. Jenney Shaw, St. Johns, O.—Adv.

GLASS OF SALTS CLEANS KIDNEYS

If Your Back Hurts or Bladder Bothers You, Drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—Adv.
