

Institutional Heads May Have Benefit Society

Formation of mutual benefit society for superintendents of state institutions was recommended to the board of control yesterday by Sam A. Koser, secretary of state. He said such an organization could meet at intervals and discuss problems of mutual interest relating to operation of the institutions, and that organization could be of much

assistance to the board of control. He explained that several other states have similar organizations. Mr. Koser was instructed to send a letter to each superintendent so that all may have opportunity to express their opinions. A report will be made at the December meeting.

FOR CITY COUSINS ON FARM.

Don't pick the corn stalks and present them to grandpa for a bouquet.

Don't, after climbing down the well rope, call for grandpa. He is probably busy.
Don't fail to inform grandpa if the eggs you brought in were collected from the nest of setting hens.
Don't sick the dog on the chickens unless he is chained up.
Don't try to sharpen the cows' horns on the grindstone.
Don't start the flivver after you have hitched the horse to it.
Don't ask grandpa if he is fond of children.—Brooklyn Eagle.

BOY SCOUTS AT BLIND SCHOOL

Oregon Institution One of First to Admit Uniformed Organization

J. W. Howard, superintendent of the state school for the blind, reported to the state board of control yesterday that a troop of Boy Scouts has been organized at the school. This is only the 12th troop of blind boys to be organized in the entire United States.

The board approved the construction of a proposed machinery shed for the state hospital for the insane at a cost of about \$1800.

The board turned down a request of Dr. Henry Waldo Coe, operators of a private sanitarium in Portland, to transfer to the state hospital a homicidal patient who comes from Alaska. It was held, upon advising with Dr. R. E. L. Steiner, superintendent of the state hospital, that the state does not have the best equipment for taking care of homicidal patients and that it is not warranted in taking care of those that properly belong under government jurisdiction or elsewhere. The patient under consideration, a boy, killed a minister who was a close friend of the lad's family.

Sam A. Koser, secretary of state read to the board an account of expenditures from the fund of \$18,779.50 allowed by the legislature for repairs and betterments at the state capitol, the supreme court building and on the grounds. This showed a total of \$5839.42 expended and an unexpended balance of \$12,940.08. Of this balance \$10,687.34 will be used to install an electric passenger elevator in the capitol and an electric freight elevator in the supreme court building.

DAYTON-SALEM ROAD VIEWED

Highway Commission and Citizens of Three Counties Look at Route

All three members of the state highway commission, members of the Salem Commercial club and prominent men of Polk and Yamhill counties, including Senator I. L. Patterson, composed a party that made a trip yesterday from West Dayton, Yamhill county, to Salem, at the request of citizens of Yamhill and Polk counties.

These citizens have desired a state road from the west approach of the Marion-Polk county bridge at Salem to some point of intersection with the paved Dayton-McMinnville road. The commission informed them that it could not at the present time designate the route as a state highway, but would be willing to survey the route at the expense of the two counties. The Polk and Yamhill citizens want the route approved by the commission so that if a state road is designated in the future it will not be necessary to change the route.

The party took dinner served by the women at a community house en route which Chairman R. A. Booth described as "the best dinner that ever was put on a table."

SCHOOL DEBATORS TRY FOR BERTHS

Large Number of Aspirants Preparing for Tests on November 15

About 20 aspirants have already announced their intentions of trying out for berths on the debate team of the high school and will enter try-outs to be held November 15. The number of contestants for the position this year is the largest in the history of debate in the school and prospects are bright for another successful season.

In the coming season the Salem team will try for a new cup. The Loren de Cou trophy which has been the coveted award for debate teams of the state for some

RED PEPPER FOR RHEUMATIC PAIN

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.—Adv.

INDEPENDENCE AND MONMOUTH BRIEFS

(Special to The Statesman.)

R. Staats and wife and Mrs. Wellington were Dallas visitors Monday.

Dr. Snapp spent Sunday with his family here, leaving Monday for Tillamook.

Sidney Newton and family, who about a year ago moved to California, have returned to Independence to live permanently. Mr. and Mrs. W. H. Millhollen entertained a few friends at their home on Sixth street recently. During the evening the guests were entertained with music, and a dainty luncheon was served. Those present were Mr. and Mrs. D. F. Francher, Mr. and Mrs. Charles Carter and daughter, No. No. Mr. and Mrs. Charles Echright and William Beck.

Mr. and Mrs. George Werline, who live south of the city, rejoice over the arrival of a son recently.

D. F. Francher is having built an addition to his residence on Eighth street.

At the recent meeting of the county W. C. T. U. held in Dallas, Independence was represented at the meeting by Mesdames Whiteaker, Morgan and Kyrie, and Mrs. Mack of Monmouth.

Chub Plessinger was knocked unconscious last Saturday when a plank upon which he was standing gave way in the Masonic hall causing him to fall about eight feet. He was taken to a doctor's office and after some time regained his senses.

The regular meeting of the Parent-Teacher association was held Tuesday afternoon at the training school. The books of the association were open and a number enrolled as members for the ensuing year. A special feature of the meeting was a short talk given by the county librarian, Miss Frank Hout, who told of the best books for children and how they may be conveniently placed at a trifle of expense within the reach of the young. Her talk was quite interesting. After the usual hour taken up with the routine

nine years became the permanent property of the Salem school last year when its team triumphed in the state championship tournament.

Four letter men from the team of last year remained in school and it is certain that at least two will try for the team this year.

For the district championship the Salem team is debating a question of government ownership of the railroads through the Plumb plan. If successful in this district the team will debate a question of state income tax in the state tournament at Eugene next May.

BRITISH LIGHTWEIGHT.

Ernie Rice, lightweight champion of Great Britain, who is now in America, where he is seeking a match with Benny Leonard, world's champion. Rice is a promising youngster, but before Leonard will meet him he will have to show his wares against some of our other boys, many of whom have enviable records. Rice will oppose Sailor Friedman of Chicago in making his American debut.

NEW BUILDING NEAR FINISH

Oregon Pulp & Paper Company Soon in Position to Bleach its Products

E. T. Barnes, manager of the Oregon Pulp & Paper company announces that the company has about completed the foundation for the erection of a building to be used exclusively for a new bleaching system.

The building will be located on the bank of Mill creek, just south of the sulphite mill and will be 40 by 100 feet.

With the completion of the building and the installation of machinery, the paper mill will be in position not only to bleach all its own paper, but to bleach sul-

phite that will be sold to other mills. The building will be entirely of corrugated iron. The machinery for bleaching includes five large vats, each supplied with agitators with which to keep stirred the bleach liquid and the pulp mixture.
