RICKARD MAY BE BANKRUPT

Frank D. Armstrong Seeks to Recover Money Loaned 11 Years Ago

NEW YORK, Nov. 4.—In an effort to recover money said to have been loaned to Rickard for promotion of the Johnson-Jeffries bout in 1910 and other big sporting events, Frank D. Armstrong, broker, today sought to have the promoter and two corporations in which he is interested thrown into the hands of a receiver.

Upon Armstrong's application, Supreme Court Justice Hitchcock signed an order requiring Rickard, the Madison Square Garden corporation and the Madison Square Sporting club, Inc., to show cause next Monday why a receiver should not be appointed for their interests.

In his complaint, Armstrong stated he advanced Rickard \$10,000 to aid in promoting the Johnson-Jeffries contest, also that he helped the promoter when he managed the Gans-Nelson bout in Goldfield, Nev., and when he obtained the lease on Madison Square Garden.

Two corporations named in the complaint, Armstrong alleged, owe Rickard \$299,000 but Rickard had told him he had no money to pay his debts. The complaint added that upon his recommendation William A. Armstrong, president of the National Copper bank of Salt Lake City also had loaned money to Rickard.

ANOTHER MAIL THEFT

PHOENIX, Ariz., Nov. 4.—Two pouches of registered mail were stolen from a mail car standing at the Maricopa railroad station, 20 miles south of here today, according to an announcement made here tonight by post office inspectors. The inspectors said practically all of the contents of both pouches had been recovered.

PREMIER OF JAPAN FATALLY STABBED AT TOKIO STATION

LONDON, Nov. 5.—A Tokio dispatch to the London Times says that the post of premier of Japan, made vacant by the assassination of Takashi Hara, will be assumed by the finance minister, K. Takahashi.

TOKIO, Nov. 4.—Viscount Yasuya Uchida, foreign minister, is acting premier.

TOKIO, Nov. 4.—Premier Hara was fatally stabbed in the breast today at the railroad station in Tokio. The assassination of Premier Hara comes at a dramatic moment when the Japanese delegation is assembling for the Washington conference and when Japan is intensely interested in the international issue in which Premier Hara has until now taken such an important part. He had been urged to head the delegation to Washington and for a time had the matter under consideration, but finally decided that his services would be better employed at home during the discussions at Washington.

Premier Hara frequently addressed the Japanese diet concerning the serious work ahead for Japan at Washington, and on October 6 he expressed the view that Japan's chief aim would be to put an end to race barriers.

Has Long Record

He later conferred with the American ambassador at Tokio and the premier soon afterward announced at a meeting of the government party that Japan was willing to compromise the Shantung question with China, which had long been a main subject of controversy.

Premier Hara declared in recent statements that Japan was ready to accept a limitation of her naval establishment along with the rest of the world and always keeping in mind the necessities of her national defense.

Takahashi Hara has been premier of Japan since 1918, when he formed a cabinet after the fall of the Teruchi ministry, the Selyu-Kai party, of which he was a leader, taking control.

The position of the premier and his party was confirmed by the general election in May, 1920, that party obtaining a great majority.

The premier has had a long and distinguished political career.

Born in 1854, he was for some time in the foreign office service both at home and abroad and was vice minister for a time in 1895. He joined the late Prince Ito in organizing the Selyu-Kai party in 1906 and shortly afterward became minister of communication in the cabinet. Later he served again as head of that department of the government in the Selyu-Kai cabinet of 1906-08, resigning with the fall of that ministry and traveling in Europe and America in the latter part of 1908, and in 1909.

On his visit to this country he was received by President Roosevelt in Washington in September, 1908.

M. Hara re-entered the cabinet in 1913 as minister of home affairs and in 1918 formed the cabinet now in office.

The premier was on his way to Kyoto, to attend a political meeting. He died in the station where he was attacked.

COMMITTEE OF 21 WILL MEET COMING WEEK

Advisors Are Termed Reaction Agency and Will Keep Hand on Public Pulse for Delegation.

CONFERENCE CALLED FOR NEXT WEDNESDAY

Commissions Ask Members To Advise and Assist in Shaping Policies

WASHINGTON, Nov. 4.—The advisory committee of 21 selected by President Harding to act with the American big four at the armament conference will assemble three days in advance of the conference opening to give its opinion on the initiative steps of policy to be taken by this government.

Hughes Issues Call

A call for a meeting of the committee next Wednesday, November 9, was issued today by Secretary Hughes and at the same time it was revealed that high officials expect the committee members to play an influential part in shaping the government's course from the beginning to the end of the negotiations.

Opinion to be Watched

A "reaction agency" was the way the committee members in high official circles today to illustrate the extent to which it will function in reflecting public opinion on the problems that come before the conference. It was indicated that some questions might be submitted directly to it for study before being considered at all by the big four, while in other cases sub-committees or advisory delegates to render opinion on details.

Commissions Signed

Although the committee members, unlike the four principals, will have no diplomatic standing, a special commission for each was signed today by President Harding authorizing them to "advise and assist" in shaping the American policy. They are, however, given no power of negotiation like that which goes with the rank of ambassador conferred by the president on Secretary Hughes and the other members of the big four.

Lincoln County Stockmen Organize to Hunt Down Animals—Several Killed

TOLEDO, Or., Nov. 4.—A score or more of sheep and goats have been killed by bears in Lincoln county during the past week. As a result, the farmers have begun a series of intensive hunts, with the view of eradicating as many of the bears as possible. A special meeting of the sheep and goat men was held at Eddyville today. Hunting parties succeeded recently in trapping and shooting a number of bears.

Pollock's brothers, on the Big Elk last week caught a pair of young bears in their apple orchard. Two brothers named Grant followed a track near Harlan, where a bear was caught in the act of killing a sheep. After a long chase the bear was killed. Today W. F. Wakefield and his neighbors started a big black bear on the Little Elk and after chasing him north for a number of miles, killed him near Norton.

LOTS ARE SEIZED AS ALIEN HOLDING

Possession Taken Yesterday by Custodian, Heirs Live in Berlin

A seizure of property in Salem by the alien property custodian was filed for record yesterday in the county recorder's office. The property was two lots in Frickey's railroad addition to Salem, at Nebraska avenue and Fourteenth street.

The lots were inherited with some property in Stayton by heirs of a German by the name of Luetlich, who died about 10 years ago. Part of the property had been sold by the heirs before the beginning of the war. But that which remained at Stayton was seized by the alien custodian several years ago, but no action taken regarding the two lots in Salem.

It is probable that with the seizure, the property will be sold and funds turned into the alien property custodian.

The heirs all live in Berlin and their names are as follows: August Dorothea Antonie Luetlich, Emil Thier, Katharina Thier, Clara Thier-Eckelberg, Paul Eckelberg, Albert August Herman Luetlich, Elisabeth Luetlich and Antonie Elfriede Gertrude Luetlich.

Official seizure of the two lots was made by taking physical possession in the name of the government by posting a notice of the fact on a conspicuous place on the lot.

AUTO PARK CAMPERS LEAVE AT LEAST \$250,000 HERE

On a very conservative estimate it is figured that auto tourists who stopped over at the Salem automobile park spent more than \$250,000 in Salem from the day of the opening of the park, April 10, until it was closed Thursday.

This is basing expenditures for food, repairs and purchases of various kinds at only \$3 a day for each person while in the camp. The Northwest Tourist association estimates that a tourist spends an average of \$6 a day, including money spent for gas, oil, food, repairs and other purchases. The estimate of \$250,000 is based on just half the amount the Northwest Tourist association figures.

Cars Number 6320

During the season 6320 cars entered the auto camp. The average estimate is four to a car, and this would bring the number of visitors to 25,280.

But these 25,280 remained on an average of four days in the camp. Many stayed a greater length of time, and but few registered just for one day.

Taking the figures of the association on expenditures of tourists and the length of stay at a camping ground similar to the one in Salem, it would figure half a million dollars spent in the city. However, to be on the safe side, a conservative estimate places \$250,000 as the amount of money left with Salem merchants by tourists this past season.

Advertising Beneficial

In addition to the benefit to the city, it is pointed out that the attractive camp in Salem has been a wonderful advertisement for the city. T. G. Albert, who has been in charge, says all his campers left with favorable impressions of Salem and vicinity.

Twenty-three families located in Salem and vicinity, due to their making a stop of a few days in the park. During the month of October, after camping in the park, the following either rented or bought property:

October 6, J. M. Chappell and family. After traveling up and down the coast, decided to buy in Salem and purchased a lot on Mill and Winter streets. They will build next spring.

October 18, G. R. Mudd and family from Colorado Springs. Camped in the park, liked the surroundings and leased a home at Winter and Bellevue streets.

From Salt Lake

October 18, George Thompson and family, from Salt Lake City.

WASHINGTON, Nov. 4.—(By The Associated Press)—The Japanese delegation to the armament conference was thrown into sorrow and confusion, and official Washington, including the delegates from other lands to the conference, was profoundly shocked today by the announcement from Tokio that Takashi Hara, the Japanese premier, had been assassinated.

Admiral Baron Kato, the ranking member of the Japanese delegation, and Mr. Hara's most intimate friend, was so affected by the announcement that he burst into tears—something most unusual for a Japanese who is trained from childhood to conceal his emotions.

President Harding expressed his horror at the outrage. It was an unhappy discordant note, he said in a formal statement, at a time when all were seeking to come together around the conference table and add to the good understanding and good will throughout the world.

INDIANAPOLIS, Nov. 4.—No statement from officers of the United Mine Workers of America was obtainable here tonight as to the effect of the court suspension of the injunction against the union's check-off, but it was said authoritatively that strike developments would be in abeyance awaiting further action by the federal circuit court of appeals at Chicago, unless operators voluntarily stop the check-off of union dues.

Lewis On Way Home

President John L. Lewis, was on his way home in Springfield, Ill., and Secretary William Green was said to have gone to Ohio. Vice President Philip Murray who joined last Thursday in sending the message that threatened the strike in 16 states by advising local union officials to regard discontinuance of the check-off as breaking the existing wage agreement, was said to be in Pittsburgh.

With these officials absent other persons connected with the miners' union declined to make any formal statement but it was pointed out that the original message of the officers left strike developments as the operators of local officials in the 16 states with their decision awaiting action of operators stopping the check-off.

Miners Claim Victory

CHICAGO, Nov. 4.—Action of the United States court of appeals here today in suspending that part of the injunction issued by Judge Anderson of Indianapolis applying to the check-off system until further order of the court, was acclaimed tonight by officials of the United Mine Workers of America as a decided victory.

The suspending of that part of the writ of the injunction applying to the check-off system allows this system of holding out union dues and assessments from the coal miners pay to be continued by the operators temporarily. An appeal hearing was set for local officials in the 16 states with their decision awaiting action of operators stopping the check-off.

Case May Be Reopened

Union leaders professed to see in the action today a reopening of the entire case and attorneys for the union said tonight that they would present all the testimony presented at the hearing before Judge Anderson to prove that the case had not been handled thoroughly.

The action today, union leaders said, would do much to clear up the labor situation in the mining industry and would help to hold in line miners who had been quitting work without authority.

May Be Only Delay

Operators to the effect of appeals, only a delay of the final issue. The writ of injunction issued by Judge Anderson forbade the operators to withhold from the miners' pay union dues and assessments as the operators had agreed with the unions to do. Union officials asserted that compliance by the operators with the decision of the court would precipitate a strike and in states where the operators have decided to follow the court's decree, there have already been walkouts and miners in other states have had sporadic walkouts.

Fight Begins in Kentucky

The origin of the controversy began in the filing of a bill by the Borderland Coal company, operating in Kentucky, but shipping into other states, against the union, its officers and several coal companies and officials charging that union wages established in the central competitive district were to be spread into West Virginia, tending to create a monopoly of labor by the union and in restraint of trade.

The union wage agreement included the check-off system by which union dues and assessments were to be collected from the miners and paid to the union by the operators.

Mr. Glasgow, in outlining the litigation, told the court that the bill charged that this check-off system was a part of the conspiracy to unionize West Virginia. The union counsel asked sufficient time of Judge Anderson, he said, to prepare a reply to the charges.
