**To the Children of Salem and Vicinity**  
Last Sunday we advertised that we would give away four hundred Victor dogs to boys and girls who cut the pieces of a piano out of this paper and pasted them together so that they would form a complete piano.  
Instead of giving away four hundred dogs as advertised, we gave out over 600 the first two days and wired the wholesale houses of Seattle, Portland and San Francisco, for all they could supply us with. These shipments will begin arriving shortly and all children will be notified by mail.  
It was our intention to supply every child who turned in an answer with a doggie but we find we must call a halt as we are unable to obtain any more this side of Chicago.  
We thank the children who participated in this little advertising project and trust they will feel re-paid for their efforts.
