# SHORT IN FUNDS

General Fund of County Must Be Drawn on for District's Benefit

Regarding school districts and their financial affairs, the law requires each district must have a Payment of Reparations minimum of \$620 in its common school fund

If the district does not get this much from the county school fund, and the directors do not make a special levy, the county court is compelled to levy a tax for the district

But the county court cannot legally levy more than 5 mills on the valuation of a school district. If the amount derived from the a mills does not bring the common school fund up to \$620, the monover production and the waning ey must be taken from the gen-
