Hubbard and White Schools Will Vote on Proposed Consolidation

The school boundary board of Marion county, in session yesterday, granted the petition of the Hubbard and White school districts to hold an election at an early date for the purpose of deciding whether the two districts shall consolidate. The boundary board granted the petition of the Prospect and Croston school districts whereby a small part of these two districts troducing insect pests and plant are made part of the Liberty disdiseases into the state, also be- trict. This is on account of the fact that the Croston school is on ing planting to soil conditions and the River road, which makes it difficult for some children to attend.
