TRY SULPHUR ON AN ECZEMA SKIN

Costs Little and Overcomes Trouble Almost Over Night

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like cold cream.—Adv.

GERMAN MOANS BECAUSE TAXED

New Teuton Ambassador Admits Nation is Making Economic Progress

INDEMNITY IS DISCUSSED
"New Ways Must Be Devised Lang" Declares, Says Sums Too Large

NEW YORK, Dec. 28.—(By The Associated Press)—Germany's diplomatic and consular forces today pressed their preparations for hanging out their flag again in Washington, New York and other cities.

The steamer Nieuw Amsterdam arrived with Karl Lang, charge of the German embassy, and consular agents or western cities. The new German consulate here opens January 3. Most of its staff already has arrived.

Among those who arrived with Herr Lang, who on appointment of a German ambassador will become German consul general at New York, was Armand Valette, vice consul at San Francisco. Herr Lang who has been 24 years in the German diplomatic service summed up the question of indemnities in these words:

"Cannot Pay"
"At present Germany cannot pay. We must devise new ways." Expanding on conditions at home, he continued:

"Economic conditions are much sounnder. The new republican government is doing its best to establish good conditions. If they leave as the means to do things, we will certainly 'come back.' The people are inclined to live in an orderly manner and want better conditions of life.

Conditions Disliked.
"It is very hard for the people to face the future under conditions imposed in the treaty of peace. According to the treaty, we have to furnish coal and dyes and pay 'clearing money' of more than

500,000,000 marks a year, and in addition we have the reparations. We have been hurt a great deal by the cutting off of the eastern provinces. That compels us to go outside of Germany for much of the food."
