PROGRESS IS SLOW IN ACTOR'S TRIAL

Jury Not Yet Completed For Hearing of Fatty Arbuckle, Comedian

SAN FRANCISCO, Jan. 12.—The jury box was filled for the first time in the case of Roscoe Arbuckle late this afternoon and the prosecution availed itself of its first peremptory challenge, excusing one prospective juror. This leaves the state with four challenges while the defense still has 10. Five jurors were temporarily passed today, one of whom was a woman.

The principal battle of the day was over the passing of Robert L. Ackerman, who admitted being very friendly with Nat Schmulowitz, one of the members of the defense's counsel. The state did its utmost to induce Judge Loughback to allow a challenge for cause, but the juror insisted that he could give the film comedian a fair trial and that his acquaintance with one of the lawyers would not influence him in any way.

When the trial opened today there were few persons present, but during the proceedings the spectators gradually increased and there appeared to be an added interest. When the court adjourned a ventrimean was under examination. Should he be passed tomorrow counsel will again be called upon to use a peremptory challenge.

One minute essay on health by O. L. Scott, D. C.

Are You Trading Health For Money?

Men become so drunk with success and the race for money that they do not see the presence of death at their sides. The body cannot forever be neglected without Nature taking either your efficiency or your life.

Only the willfully blind refuse to see the very definite relation which the spine plays in matters of health and physical well being. The only place inside the body where a nerve can be under pressure is at the spinal nerve opening and when spinal joints are out of alignment enough to cause such pressure, it takes chiropractic spinal adjustments to restore nerve freedom and health.

Chiropractic spinal adjustments remove the cause of disease in the eyes, ears, nose, throat, lungs, stomach, liver, kidneys and lower organs.
