COLLEGE SCANDAL IS DUE TO RIVALRY IN 2 ILLINOIS TOWNS

CHICAGO, Jan. 28.—(By The Associated Press)—The bitter rivalry between two small towns, which became so acute that approximately \$100,000 was bet on a football game, was the real cause of the athletic scandal which resulted in disqualification last night of nine University of Illinois athletes and which threatens to reach into Notre Dame university.

A group of citizens of Carlinville, Ill., it was learned tonight, decided last fall financially to "clean out" the rival town of Taylorville, by obtaining 10 college stars to play on their football team, and with victory apparently assured, to bet the limit on the annual contest. But Taylorville learned of the plan, obtained nine college stars and not only defeated Carlinville but is said to have won nearly \$50,000 by covering every Carlinville bet made.

Ten Notre Dame players were in the Carlinville lineup, according to statements by citizens, while the nine disqualified Illinois men played on the Taylorville eleven.

In the Carlinville lineup according to persons associated with the team, were Gus Desch, member of the American Olympic team and world champion 40-yard hurdler, Chester Wynn, selected by some as all-western conference full-back and John Mohardt, all-American selection of several football writers. All played on the Notre Dame eleven last fall. In 1920 Carlinville won from Taylorville 10 to 7 at Carlinville. Taylorville then boasted that next year with their team at home there would be a different story.

Several Carlinville people conceived the "safe betting" idea of filling their lineup with college stars. Overtures were made to Notre Dame men, according to backers of the Carlinville team, and it was agreed to pay 10 men \$200 each plus their expenses, the total being \$2700.

The persons who arranged the affair passed the word to their friends to bet the limit. A special train was hired and a band taken to Taylorville. Farmers arranged to join the pilgrimage and in nearly every case a well filled wallet was taken along.

Each person who received the confidential information apparently passed it on to another friend, for gradually the word spread into Taylorville. At the same time Taylorville received word Carlinville was ready to back its team with the family jewelry if necessary.

Conservation spread through

fired them when they played for some one else.

"Dope" Simpson, one of the Illinois men disqualified for playing here, is a resident of this town," he said. "A representative of the University of Illinois came here and saw 'Dope' play. He made overtures to him, offering inducements for him to enter Illinois, although he knew Simpson had played and still was playing professional ball.

"These boys did nothing wrong," he declared. "They came down here to help us out. It is the school system that's wrong and not the boys.

URBANA, Ill., Jan. 28.—(By The Associated Press)—Robert Zuppke, football coach at the University of Illinois, tonight denied that overtures had been made to "Dope" Simpson or to any other football player to enter the university.

SOUTH BEND, Ind., Jan. 28.—Emphatic denial that they had participated in a professional football game at Taylorville, Ill., November 27, as charged by the University of Illinois, was made tonight by three members of last year's Notre Dame football team. The men are John Mohardt, Gus Desch and Chester Wynn.

WILLAMETTE IN GLOOMY MOOD

Defeat of Basketball Team At Forest Grove Just About Last Straw

Gloom and mourning and depression and sadness and sorrow and pessimism pervade Willamette basketball circles. One could not mournfulness off the faces of the athletic Willamettes in rings like Bologna sausages. They don't look as if they would be comforted, or even pacified, let alone being riotously or even measurably happy—after what's happened.

The Bearcat lost their game with Pacific university Friday night by a score of 24 to 20. For years they have walloped the Pacific team; it was a regular set-up, a practice game, a master-and-serve proposition. Willamette walked on and over and through the basketball aggression; and in general held the Forest Groves as good old wagons that had broken down and couldn't be fixed. They let the little boys practice against Pacific.

But this year things changed, and Pacific has done an awful thing. Two awful things, in fact. The first was the winning of a football game against the Bearcats at their best. Then comes this second disaster, the loss of a basketball game to the northerners. Wuss and wuss! They knew that Pacific outweighed them in football, this year, and the secret dope, and hope was that Willamette might be lucky enough to play fairly even. But this lopsided score piled up by the Pacific didn't look like an even break. It looked like an eruption crossed with a ho'caust and a catastrophe. Reports have come trickling down that Pacific was going to be pretty good this season. Some of these reports were copied by the news of losing to other teams not considered in the least dangerous to the Bearcat caliber. And then they actually swamped the Bearcats by a decisive score.

\$50,000 POSTED BY BRADY, DEMANDING DEMPSEY-WILLS GO

NEW YORK, Jan. 20.—William A. Brady, theatrical producer and sports promoter, today placed \$50,000 in a bank here as a forfeit and guarantee or his good faith in seeking to arrange a match between Jack Dempsey and Harry Wills, negro heavyweight.

Mr. Brady said if he could bring Jack Kearns, Dempsey's manager, to believe in the success of such a bout, he would immediately post an additional \$150,000. Dempsey's share would be \$150,000 and Wills \$50,000. Conditions of the bout would be the same as those under which the Carpenter-Dempsey affair was held.

Kearns said he was considering the offer.

Do You Suffer the Agonies of Asthma?

SUNDAY HEALTH TALK NO. 24— BY O. L. SCOTT, D.C.

Usually asthmatic attacks come in the night. There is a feeling of weight around the chest and fear of suffocation. Every breathing muscle is in violent action in the agony of effort to overcome the smothering. The face is suffused with blood and expresses the fear of the sufferer.

Persons who suffer from asthma usually have what the chiropractor calls an "asthmatic hump." It is a marked prominence of the backbone in the region between the shoulders and at the base of the neck. The chiropractor makes his principle adjustment in this region of the spine. The prospect of recovery under chiropractic spinal adjustments is extremely good.

UNCLE BEN SAYS: The healthy man keeps moving. Nervous sick fellows are like stagnant water full of poisons.

HEALTH FOLLOWS CHIROPRACTIC CORRECTS PRESSURE ON SPINAL NERVES IN DISEASES OF THE FOLLOWING ORGANS:

HEAD EYES EARS NOSE THROAT ARMS HEART LUNGS LIVER STOMACH PANCREAS SPLEEN KIDNEYS BOWELS APPENDIX BLADDER

Spinal Column LOWER LIMBS

THE LOWER NERVE UNDER THE MAGNIFYING GLASS IS PINCHED BY A MISALIGNED JOINT. PINCHED NERVES CANNOT TRANSMIT HEALTHFUL IMPULSES. CHIROPRACTIC ADJUSTING REMOVES THE PRESSURE. THE UPPER NERVE IS FREED AS NATURE INTENDS.

In Spite of Disbelief His Asthma Is Gone

"The asthmatic condition is entirely relieved, even the wheeze having left. I am now able to get a night's rest. I had consulted several specialists without relief and I was certainly skeptical of chiropractic being able to do anything for me. I consider it remarkable what this science did in my case and will always be a booster."—R. N. Bullock, Chiropractic Research Bureau statement No. 1243P.
