INDOOR RECORD IS MADE BY RAY

Illinois Athletic Club Man Performs Feat in the Millrose Game

NEW YORK, Feb. 1.—Two American indoor records were broken tonight in the annual winter track and field meet of the Millrose Athletic association.

Jole Ray, fleet-footed Chicagoan, ran a mile and a half in the remarkably fast time of 6:42 2-5, clipping 51-5 seconds from his previous record, made in the same games January 24, 1917. He succeeded in lapping the field of star runners pitted against him, Marvin Rick, Princeton star, and E. D. McLane, University of Pennsylvania, finished in that order only a few inches apart. Harold Eutbill, the "flying parson" of the Boston A. A., who defeated Ray in this event last year, was 10 yards behind McLane.

The other record was made by John L. Murphy, Notre Dame, who cleared the bar in the high jump at six feet, 4 1/2 inches. This was quarter of an inch higher than the previous record made by Sam Lawrence, Boston A. A., on Feb. 19, 1912.

Loren Muchison, Illinois A. C., also equalled the American indoor record of 62-5 seconds in the 60-yard dash. Sixteen sprinters have covered the distance in this time between 1882 and 1920.

40-yard final: H. B. Lever, University of Pennsylvania, first; Jackson Scholz, New York A. C., second; A. G. Desch, Notre Dame, third; G. Perryman, unattached, fourth. Time, 4:45 seconds.

60-yard final: Loren Muchison, Illinois A. C., first; B. J. Wefers, New York A. C., second; Victor Grubb, Columbia, third; J. A. Laoney, La Fayette, fourth. Time 62-5 seconds. (Equals the American indoor record held jointly by 16 sprinters from 1882 to 1920.)

50-yard dash, one heat only: Loren Muchison, first; H. B. Lever, second; B. J. Wefers, Jr., third. Time, 53-5 seconds.

One mile club relay, Meadowbrook club: John Wanamaker's Philadelphia, first; Milrose A. A., John Wanamaker's New York, second. Time, 3:42 2-5.

Boxers Bump Heads and Lightweight Fight Stops

PHILADELPHIA, Feb. 1.—Lew Tendler, Philadelphia lightweight, and Mel Coogan of Brooklyn, bumped heads with such force tonight in the first round of a scheduled eight-round bout that the fight was stopped, the referee declaring Coogan was too badly hurt to continue. It was declared no contest. One minute after the start Tendler led with a left and in trying to sidestep it, Coogan ran into him. The Brooklyn boxer's head was badly cut and Tendler was severely shaken up.

Percy H. Collins is Defeated by Renner

NEW YORK, Feb. 1.—Percy H. Collins, Illinois Athletic club, former 18.2 ballline national billiard champion, was defeated tonight by Emil A. Renner, Youngstown, Ohio, in the national class A championship tournament at the Crescent Athletic club, Brooklyn, and eliminated from the race for the title. The score was 200 to 283. Boy Scouts to Make Fire By Use of Stone and Flint

Howard Zinser, scout executive, spent yesterday at Chemawa talking to the Boy Scout troop of the Indian school, and came home with the impression that the Boy Scouts of Salem will have to hurry if they put on as many stunts at the big conclave February 10 as the Indian boys.

According to Mr. Zinser's way of figuring, the Indian Boy Scout had some real original training in his early days, as many of the Indian boys are from Alaska, where in their boyhood they really lived in the woods and an outdoor life, so Boy Scout work comes naturally to the scouts of the Salem Indian school.

Making fire with flint and steel is one of the things the Boy Scouts will do at the big conclave of scouts to be held at the stadium Friday night, February 10. They will also show how fire may be started by friction, working with a bow and drill. This is an old time Indian practice.

OREGON YOUTH RIFLE WINNERS

Medals for December Awarded in Winchester Junior Rifle Corps

Twelve hundred and four medals, including five to Oregon boys, were awarded the winners in Winchester junior rifle corps matches in December, making a total of 14,550 awarded for the competitions in the 12 months of 1921.

Little by little the Winchester junior rifle corps is growing. It is an organization that develops the work of the Boy Scouts, the Girl Scouts, the boys' clubs, the Y.M.C.A. and similar organizations. Conferences are held in various parts of the country at regular intervals and the work explained to chief instructors and others, and with an excellent knowledge of the subject these men are able to form stronger units.

There were no dues connected with the W.J.R.C. It is a work of love for all. More than 70 matches of various kinds were conducted for boys and girls in different sections during December. One of the matches shot was the national individual championship which had some 128 contestants. This contest will take another month to finish because of ties.

An instructors match, with 40 shooters, was also shot. All old 583 won pro marksmen medals, 268 won markeman medals, 112 sharpshooters, 221 bars, 14 expert and six instructors.

BOYS GO THROUGH ENDURANCE TEST

Three Members of Scout Troop No. 1 Win Trophies for Water Work

Under the personal direction of Scout Master Glenn G. Niles, three members of troop 1 were put through the Boy Scout life-saving test at the Y. M. C. A. tank yesterday, and all passed the rigid ordeal in fine condition.

Those who passed were W. Trystran Edmundson, William H. Wright and Herbert Erickson. These boys were in the tank over two hours. It was a strenuous test and one that called forth all the energy that the boys possessed, but they never faltered and came through in a manner that showed their efficiency in case they will ever be called on to lend aid in case of a drowning person.

This test was as follows: Go down from the surface of the water at least seven feet deep and bring up an object 12 inches or more in diameter and weighing not less than 10 pounds.

Two a person of his own weight for 10 yards by each of the following methods: Head carry, cross chest carry, hand carry, tired swimmer's carry, undress in water and swim 100 yards.

He must be able to demonstrate in the water the methods of releasing himself from persons in peril of drowning, if grasped by the wrist hold, the front strangle hold or the back strangle hold.

He must then demonstrate the Schaefer prone pressure method of resuscitation.

Under national headquarters requirements this test must be passed before the candidates can secure their merit badges. As these boys passed with a high average, they will now be eligible to display this trophy of which they are naturally quite proud.

They have now demonstrated their ability not only to take care of themselves in the water but to aid any other person who may be in danger of drowning.
