# Triple Vote Schedule this Week

We have made several sensational an nouncements but the feature of this period is still another sensation. Read carefully therefore for what I have to say is exceptional, and is big news in the Statesman Pony Competition.

During the week from Monday, February 13th to Saturday, February 18th the vote schedule will be trebled. That is to say you will be awarded three times the number of votes on the regular vote schedule on all subscriptions handed in or placed in the mail between 8 a. m. Monday, February 13th and 8 p. m. Saturday, February 18th.

There will not be any period of the contest when subscriptions will count more votes. This bonus positively ends Satur day, February 18th and will not be renewed.

Think this over. Think of what this means to you. Think of how rapidly votes will pile up if you hustle hard for this period.

The end of the Great pony race is in sight. Action is your slogan now and the prize of your choice at the finish. Now is the time to turn on all the speed you have got and to secure enough votes to be sure of winning the prize you want.
