LOCKLEY OFFERS KIWANIANS ADVICE

Member of Portland Journal Staff is Speaker at Noon Luncheon

Fred Lockley, writer for the Portland Journal, in addressing members of the Kiwanis club yesterday noon at the Marion hotel, said:

"It is your own attitude towards life and your job that makes you successful or not. It is not outside influences. If you cannot be proud of your job, get out and do something else. Dignify your job, whatever it is. You can make a little job a big one. You can make your job what you wish."

"Success must be shared with others. It is giving and not getting that makes for permanent happiness."

"Pulling together is the secret of any community, family or club. In life, every one radiates the gospel of good cheer or of pessimism. Your work may tire you or rest you. If you like it, it will rest you and strengthen and develop you."

A resolution was passed endorsing the action of a committee appointed in drawing up resolutions that the Kiwanis club as a whole do everything possible to urge congressmen from Oregon to support a bill in Congress for a \$150,000 appropriation for buildings at the Salem Indian school.

It is felt by the members of the Kiwanis club that within a few years, the department of the interior may decide to consolidate some of the Indian schools in the west and for this reason, efforts should be made to maintain a school at Chemawa that will permit the attendance of 1000 pupils.
