By MARGUERITE GLEESON

WASHINGTON'S birthday was the inspiration for a number of pretty colonial and anniversary affairs yesterday. The Mothers class of the First Methodist church entertained for the husbands of the members Tuesday evening in the church parlors.

The program was appropriate of the occasion and consisted of a vocal solo by W. R. King, readings by Miss Mina Harding, piano solos by Miss Eugenia Savage. A pantomime, "Washington and the Cherry Tree" was featured by Charles J. Lisle and Joe Sanders. Miss Jennie Vandevort sang several numbers.

Place cards were tiny hatchets and red candles were used on the tables. The committee in charge of the dinner was composed of Mrs. Blaine Kirkpatrick, Mrs. M. Newton, Mrs. E. C. Clutter, Mrs. R. E. Moore, Mrs. D. A. Sanders and Mrs. B. H. Mosher.

The residents of the Y.W.C.A. enjoyed a delightful colonial dinner party last evening in the association dining room. The affair was also in honor of Miss Agnes Nelson, whose birthday falls on February 22. Quaint costumes and powdered hair were in evidence.

Those present included the young women making their home in the house. The evening was spent socially and with colonial games and music.

A colonial card party is being given this afternoon at the home of Mrs. Charles K. Spaulding for the benefit of the Women's Community building.

The Salem Shrine club will give one of their formal dances in the mosque this evening.

A delightful card party was given Tuesday evening at the home of Mrs. T. W. Davies. Joint hostesses with Mrs. Davies were Mrs. G. R. Stafford, Mrs. A. T. Henderson and Mrs. C. H. Shipman. Six tables of "500" were arranged. Mrs. Angus Frazer winning high score and Mrs. C. E. Barber low score.

Those present included Mrs. Ralph Morris, Mrs. D. D. Olmstead, Mrs. E. Keene, Mrs. S. C. Knightlinger, Mrs. J. C. Ferguson, Mrs. Angus Frazer, Mrs. C. E. Barber, Mrs. F. Hall, Mrs. O. Watkins, Mrs. Otis Kennon, Mrs. E. D. Shaw, Mrs. O. L. Darling, Mrs. G. H. Taylor, Mrs. E. M. Bennett, Mrs. E. O. Morrow, Mrs. W. Bennett, Mrs. L. W. Atchinson, Mrs. O. L. Scott, and Miss Emma Mapiethorpe.

CLUBS AND WOMEN'S ACTIVITIES

SALEM members of the D.A.R. including local and state officers are among those attending the ninth annual state conference of the Daughters of the American Revolution, which

opens today in Portland. The sessions will be held in the Multnomah hotel.

In addition to the business sessions many social functions have been planned, including a reception this afternoon at the home of Judge and Mrs. W. R. Gilbert on Portland Heights, a luncheon at the Multnomah hotel, a dinner for parents and a lecture by S. C. Lancaster Friday evening, showing pictures of the highway.

Delegates and members are expected from all sections of the state, but the honor guests will be Mrs. George Maynard Minor, president general of the national organization, with headquarters in Washington, D. C.; Mrs. Livingston L. Hunter, treasurer general and daughter, Mrs. Anthony Wayne Cook, vice president general of Pennsylvania. The Oregon vice president general, Mrs. Isaac Lee Patterson of Salem, and Mrs. John A. Keating, state regent, now of San Francisco.

The delegates from Chemeketa chapter are Mrs. U. G. Shipley, Miss Lillian Applegate, Miss Ruth Rullison, Mrs. C. Clark, Mrs. Sarah Dyer, Mrs. Frances Cornell, Mrs. John Wallace Harbison, Mrs. J. M. Heltzel, Mrs. Homer Smith and Mrs. Harry Styles.

Miss Edith Benedict is a state officer and Mrs. Seymour Jones and Mrs. Homer Goulet are members of state committees and will be among those present.

Alternates for delegates will be Mrs. Charles Wilson, Mrs. William Byrd, Mrs. O. P. Hoff, Miss Frances Richards, Miss Margaret Loney, Mrs. A. A. Underhill, Mrs. Henry Thielsen, Mrs. George Post, Mrs. E. M. Hoffnell and Mrs. C. C. Best.

Never Wants Anything Else "I tried many different kinds of cough medicine," writes Mrs. E. K. Olson, 1917 Ohio Ave., Superior, Wis., "but I never want anything else than Foley's Honey and Tar. I used it for all my children and also for my grandchild. It has always done fine work." Foley's is a pure, whole some and absolutely safe remedy for the relief of colds, croup and whooping cough. Children like it and it checks sneezing and sniffling. Sold everywhere.—Adv.

"Whom does the baby resemble?" "Well, he has my wife's eyes and my nose, but I can't imagine where he got his voice, unless it was from my auto horn."—London Opinion.

HANCHER WILL AID CAMPAIGN

Willamette Trustees Discuss Million Dollar Endowment Plans

OTHER HELPERS COMING

Drive to Increase Support of University Centers in Northwest

To discuss plans for the campaign which will be put on in the northwest for securing a \$1,000,000 endowment fund for Willamette university, trustees of the university met last week in Portland with John W. Hancher of the Methodist board of education.

Mr. Hancher is from New York City and it was through his help and organization that \$7,000,000 was raised last year for colleges.

Arrangements were made by which Mr. Hancher's organization will assist in the campaign for the university, especially in the northwest.

The general education board, generally known as the Rockefeller Foundation, has signed an agreement with Willamette university, that it will provide \$350,000 of the proposed \$1,000,000 endowment, provided the university succeeds in raising throughout the country and especially the northwest, the sum of \$650,000 by October 1, 1923.

It is felt by those deeply interested in Willamette university, President Doney said, that when Mr. Hancher and his organization takes the matter in hand, that the amount necessary will be secured without doubt. No active time has been set for the beginning of the campaign, as the work depends upon the time when Mr. Hancher and his helpers can take an active part.

In addition to what will be done by Mr. Hancher, other interests will soon take up the task of aiding in the campaign for funds, Dr. Doney said.

MICKLE TALKS TO P-T ASSOCIATION

Value of Milk as Food for Americans Emphasized by Former Official

South Salem parents and teachers are vitally interested in milk diet, for their children and for themselves, to judge by the interest taken in the address given Tuesday night before their association at their regular monthly meeting at Leslie church.

J. D. Mickle, former state food and dairy commissioner, now secretary of the Oregon State Dairy league, was the speaker of the evening. He presented a most interesting mass of data on the subject of food, a compilation of statistics gathered from all over the world. Highly finished and civilized-to-death products of many

kinds are slowly starving the nation, according to the statistics. Bleached flour, scoured rice, de-vitalized fruits and cereals of many kinds, are playing havoc with the national stomach, and through the stomach with the heights and livers and consciences of the nation, he declared.

Herbert Hoover, the great war authority on foods, was quoted as saying in effect that the nation can not long hold its place if it does not give over its use of highly milled flour and other devitalized foods. Dr. E. V. McCommun of Johns Hopkins university, was quoted as saying that the civilized diet of meats, tubers and highly milled cereals, is a total failure.

Milk, however, the one great first natural food, is proven to contain every element necessary for perfect health. It contains the three vitamins, mysterious substances or elements that have not been entirely isolated for examination, any more than the sense of sight or taste or smell or feeling is identified and weighed, but they are verities, and without them perfect life is impossible. School nurses all over America are finding that there are literally millions of children under nourished, children who cannot do their school work, cannot grow up strong either mentally or physically or morally, on their present insufficient diet. Milk, that provides this necessary vitamins for perfect nourishment and health, is the easiest remedy for the present lamentable impoverishment of the American people, according to the authorities that have made close study.

The use of milk, according to the speaker, has solved the problem of treating beri-beri, the distressing, frightfully destructive semi-tropical disease that has ravaged Japan, the Philippines and many parts of the Orient. For many years it baffled the best medical skill, but it has been found to come mostly from a lack of the vitamins in the milk and of some green vegetables supply. In Japan, the naturally or physically deficient methods that robbed the rice of its vitamins, and the addition of milk to the national diet has worked marvels in health.

Mr. Mickle made a strong plea for the use of more milk as a better investment than doctors or nurses, as a business enterprise that is native to Oregon, that thrives in every community, and the many questions that took up a full half hour to answer showed that the audience had gained a definite impression from his address.

EDITORIALS OF THE PEOPLE

Humane Officer Speaks

Editor Statesman:—Your reporter who digs up cat stories is entitled to credit for giving us the facts about one way to dispose of useless cats and there are plenty of strays and homeless cats that should be disposed of, and I hope some day this city may be able to have a better system of handling such matters. In Portland and other up-to-date cities neglected and suffering animals are taken up by the Humane society and disposed of without suffering. As humane officer for Salem and the surrounding country for the Oregon Humane society I will be glad to have my attention called to neglected and abandoned animals and either find them a suitable home or end their suffering in a humane manner. The cat in question has certainly earned the right to care and protection.

—DR. A. R. ANDREWS, Salem, Or., Humane Officer.

Charge for Park Service Is Favored by Cities

At a meeting held a few days ago in Roseburg by representatives from the city councils of Salem, Portland, Roseburg, Albany, Ashland and Medford, to discuss the matter of charging tourists for accommodations of city auto parks, it was the general opinion that the time had come when such charges should be made.

Edward Schünke and Joseph Baumgartner, both members of the city council, represented Salem at the conference. It was their opinion that cities should charge in accordance with the accommodations provided, and in their report to the city council at the next meeting, they will recommend that for Salem, the charge be 50 cents a night.

Delegates to the conference were of the opinion that the charge should be in accordance with accommodations given, and for first class parks, the charges

USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torturing or embarrassing, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even the fieriest itching eczema is dried right up.

Get a small jar from any good drugist and use it like cold cream.—Adv.

should be 50 cents a night and for others, amounts less, generally 25 cents.

A committee was appointed to draft rules and regulations for auto parks in Oregon, and this report will be available at the next meeting of the council, Mr. Schünke said. Commissioner Pile of Portland, was elected chairman of the Roseburg meeting.

This movement in favor of charging for auto park accommodations was initiated a few weeks ago at a meeting held in Spokane where it was unanimously agreed that all cities in the northwest should charge tourists, in accordance with accommodations provided.

The Irish people have taken possession of Dublin Castle. They have been a long time away.

The Economical Kitchen Range

GUARANTEED to Keep Fire Twice as long as any other range on the market with one-half the wood.

The Lang "ALASKA" Kitchen Range is the most economical cook stove on the market. Occupying small space, it fits in exactly with the smaller kitchen. Constructed of Armco polished Iron, with nickled plated trimmings, large oven and fire-box, the "ALASKA" meets every kitchen requirement.

Although the "ALASKA" is a wood burning stove with an extra large fire box, coal can be burned by raising the grate. Hot water coils can easily and cheaply be installed.

A visit to our store will prove to you that the "ALASKA" will be your next stove. Write or call today.
